"Ah, is that you, Mr. McAndrew? Come in," responded the governor."You to have been played in the Jubilee Rink have just come from court I suppose? You have got a more interesting case of the fact that the Paris seven were than country ones usually are, eh?"

REASON Nº 19 WHY YOU SHOULD USE

Red Rose Tea

Because of its Flavor.

Why do you buy certain varieties of fruit and vegetables? Is it not because you like the flavor of some better than others?

Flavor is the special quality which stamps one brand of food product as superior to another, and is the quality that always commands the highest price.

The delicate, fragrant flavor of Red Rose Tea is the result of scientific study and methods on the tea plantations, and in the tea testing and blending rooms.

It has what might be called a fruity taste—a rich, ripe flavor that is very pleasing to the palate-a taste you won't forget.

The Blue Label is recommended.
