LONDON WILL BATTLE FOR TWO TITLES IN SARNIA ON SATURDAY

The Local O. R. F. U. Team Will Play Sarnia in Scheduled Game, While London and Sarnia Collegiates Will Contest the Western Ontario Collegiate Championship—A Rugby Double-header.

London will fight for two football championships in Sarnia on Saturday. The local junior O. R. F. U. team will play its scheduled game with the Tunnel town squad, but in addition, the local collegiate team will do battle with the Sarnia Collegiate for the collegiate championship of Western Ontario. Both games will be played Saturday afternoon in Bayview Park, the first rugby double-header that has ever been staged in Sarnia.

By winning from the Sarnia team the local O. R. F. U. team will have a chance for the district honors. Sarnia and Petrolia are still the each having won two and lost one game. If London can win from Sarnia Saturday and can beat Petrolia here the following Saturday the group will be tied all round.

Sarnia and Petrolia May Play Off. The Sarnia team needs Saturday's game in order to keep in the running with Petrolia. If they beat London, and London loses to Petrolia here, the Tunnel town and Oil Town will be tied. This will likely mean a play-off in London. On the form shown so far this season, Petrolia looks like the one best bet for the district title, but the Oil Town must play all its remaining games away from home.

CANTILEVER WON ENGLISH HANDICAP

33 to 1 Shot Colt That Was Indisposed Day Before Won Unexpectedly.

QUEEN MARY PRESENT

King George Accompanied Her, and Both Took a Keen Interest in the Race.

New York, Oct. 30.—A London cable says: Cambridgeshire Day at Newmarket will be memorable in the history of the turf as being the first occasion on which Queen Mary has attended its headquarters. The Queen accompanied the King, and the royal couple took a keen interest in the sport.

The big handicap was won by Lord Harewood's Cantilever, at 33 to 1, from Cheertail, at the same price, with Salfair, at 100 to 9, third.

Had any other horse than Cantilever won, nobody would have been much surprised, as the event was so open that 9 to 1 was offered against the field. But the victory of Cantilever was totally unexpected, as the colt was indisposed only yesterday and reported to be coughing. However, he came out yesterday with practically an unknown jockey named Southey on his back to make all the running and win the race.

FULTZ DOES NOT WANT TO GO BEFORE COMMISSH

President of Players' Fraternity Hopes National Commission Will Grant Demands Without That Necessity.

New York, Oct. 30.—David T. Fultz, president of the Baseball Players' Fraternity, hopes that the national commission will grant the demands of the players for revision of the terms of the baseball players' contracts without the necessity of a hearing, and, therefore, that there will be no reason that they should have to go before the commission in person to urge the cause of the players. He said so last night in replying to a statement made yesterday by August Hermann, chairman of the national commission, who declared that the commission would not deal with Fultz because he was an outsider.

"It would be particularly gratifying to me if the commission granted the players' requests without making a hearing necessary," said Fultz. "I have no desire to go before the commission unless I am compelled to take that stand."

English Paper Thinks World Series Was Polo Instead of Baseball

[Canadian Press.] New York, N. Y., Oct. 30.—Some amusement is caused here by one of the illustrated London papers showing a picture of the crowds besieging the gates of the Polo Grounds in New York on the day of the first game of the world's baseball championship, under the caption, "Polo is popular in New York." Beneath the photograph there is further explanation which reads as follows:

The Polo Grounds in New York was rushed by an excited crowd when the gates opened for the first game of the world's series.

The police were bowled over like ninepins and many people did not pay for admission.

GUELPH IS AFTER A GOOD MANAGER

President Mahoney Laughs at Article That Guelph and Berlin Will Be Replaced.

COMPANY BEING FORMED

Franchise Will Stay in Guelph Just as Long as Residents of That Place Want It.

Guelph, Oct. 29.—Relative to the story to the effect that at the Canadian League meeting on Friday, Guelph and Berlin would be voted out, President Mahoney, of the Guelph Maple Leafs, laughed at it. He stated most emphatically today that the Guelph franchise would remain here just as long as Guelph people wanted it, and that no vote of the league could take it away. He expressed the opinion that some soreheads at Ottawa and London, where the clubs want many hundreds of dollars over the salary limit in an endeavor to put a winning team in the field, are the ones who are trying to cause all the trouble, but that their efforts would fail. A strong company of local fans here can rest assured that they will be given better baseball than ever next year.

The fact that J. J. McCaffery, of Toronto, has become a part owner of the Hamilton franchise meets with much approval in this city, as, with three strong teams at Hamilton, London and Ottawa, the league will be better than ever. There is not the slightest chance of Niagara Falls, N. Y., or Erie, Pa., being included in the Canadian League in 1914, and Guelph and Berlin will have a much better chance of staying in the league.

[Canadian Press.] Cleveland, Oct. 30.—The famous gray pacer, Earl Jun., 2:01½, was sold yesterday to R. C. Lasbury, Broadbrook, Conn., by P. W. Murphy, of Edmonston, Alta. Earl Jun. has been raced on the grand circuit and on Canadian tracks all summer, finishing up his season at the Rockport track here in a Lake Erie circuit race Tuesday. He is eight years old, and for three years was one of the stars in Walter Cox's stable. The price was not made public.

CAPTAIN MUNNS, of Cornell

Fromme Was Hit Hard by White, Who Scored Five Runs in Third Inning.

Muskogee, Okla., Oct. 29.—Scott, pitching for the Chicago White Sox, held the New York Giants to six scattered hits and struck out twelve batters today, Chicago winning 7 to 1. Five of Chicago's runs, came in the third inning. Hearne then relieved Fromme. Robert's home run in the first inning was the Giants' only tally.

The score: R. H. E. Chicago . . . 015000010-7 9 0 New York . . . 100000000-1 6 2

Scott and Daley, Fromme, Hearne and Myers and Wingo.

The standing of the teams after twelve of the thirty-five games scheduled to be played before embarking at Vancouver, is as follows:

DENEAU SHOULD PRODUCE PROOFS

"Rube" Has Hurt His Case by Writing Letters, Is Fans' Opinion.

His Failure To Produce Copy of Letter, He Says He Has in His Possession Has Turned Opinion Against Him.

[BY JINX.] Although local baseball fans at first had a tendency to lean toward the Deneau side of the controversy between the Deneau and the London directors, the consensus of opinion now is that the London manager, to use a diamond expression, pulled a "bonehead play." Despite Deneau's declarations that he had ample proof to back his claims, he has up to the present time not produced it. He has written a bunch of letters in an effort to show the fans just how badly he has been treated, but his communications have only served to hurt his cause. It is now up to Rube to produce the proof which he so positively states he has, or forever after hold his peace.

The directors have certainly not tended to help him any, and the fact that Matty Matteson, a supposedly close friend of his, has applied for the management position has been another thorn in the side of his claims.

Sides of It. The Advertiser has taken an impartial stand in the matter so far. It published every letter sent to the Sporting Editor concerning the matter, and has tried to give the fans both sides of the question. The London directors laid certain charges against Deneau in their reply to his first letter. Deneau has made two replies to these charges, but has produced no actual proof that they are not true. The London directors have published the letters they received from Rube previous to his signing up as manager of the team. Deneau claims the letter he refers to is not among them. He says he has a copy of this missing letter, but has so far failed to produce it. It is about time that Rube took his claims to the National Commission, the high tribunal of baseball. If it is certain he will be dealt fairly there if he has the proofs to offer. As far as The Advertiser is concerned, the matter will be dropped from its columns. London fans are well acquainted with both sides of the argument now, and there is nothing to be gained by either side publishing a lot of senseless letters.

Rube Treated Pretty Good. "I think Deneau should have taken his case to the National Commission in the first place," said one local fan who was a Deneau sympathizer until recently. "All the letter-writing in the world will not get him anything if he has no proof and will only hurt him in the long run. I do not think Rube has much to complain of in the way the directors treated him. He admits they gave him \$150 advance money to secure players with in the spring. Besides that, he was given a gold watch and a locket. As far as I know, the directors were perfectly satisfied with him until he demanded this percentage and brought them into this controversy, and I am sure he could have come back here next spring and handled the team at an increased salary had this not occurred."

The directors of the London club appear to me to be acting fairly in the matter, and the failure of Deneau to produce the copy of the letter which he says he has, has helped to put London on the map, and the directors, I am sure, have catered to the fans in every respect.

Winnipeg Curlers Invited To London

Thistle Curling Club Will Send Special Invitation To Skips Braden and Rochon To Pay Visit To This City When They Come in January.

President R. D. McDonald, of the Thistle Curling Club, will extend an invitation to London to the two rinks of Winnipeg curlers who will make a brief tour of the east in January. The members of the Thistle Curling Club are anxious to have the Winnipeg fellows come here, and when the visitors arrive, they will be royally entertained. The visiting rinks will be in charge of Skip Braden, champion of last year's Winnipeg bonspiel, and Skip E. J. Rochon, president of the Manitoba Curling Association. Both these men are known all over the Dominion as two of the best skips in the game, and their trip east will be watched with interest.

A Tribute to J. D. Flaville. Their original purpose in making the tour is to attend the big bonspiel Lindsay is planning. It is a tribute to J. D. Flaville, the western Lindsay skip, who has not missed a Winnipeg bonspiel for eighteen years. Dr. Coghlan, a former Lindsay boy, now residing in Winnipeg, is the prime mover in the plan, and he will likely accompany the western curlers. Games will be played in several towns and cities that have sent representatives to the Winnipeg bonspiel, while a couple of games will be played with curlers in other places along the route. Although London has not been represented at the big

bonspiel in Winnipeg for some years, it is believed that the tourists can be persuaded to pay a visit to the Thistle rink. A game will be played in St. Thomas, where Skip Cameron will give the strangers a welcome, and it is also probable a game will be arranged in Seaford, where Skip Ament holds out.

Winnipeg bowlers have not toured the east for some years. Dr. Jamieson and Walter Payne were in charge of the rink that made a brief tour in this part some years ago, but since then the westerners have made no further attempt to invade the east.

London Rink May Go to Winnipeg. The coming of the Winnipeg curlers to London may do much toward this city providing a rink to go to Winnipeg bonspiel.

It is a good many years since a London rink attended the Winnipeg bonspiel, but it is believed that one will be sent along this year. Mr. W. Fulton organized a rink for the trip two or three years ago, but it was called off. Since then no effort has been made toward forming a rink to go to Winnipeg, but the invasion of the Braden and Rochon combination should set the ball rolling, and it is likely that London will produce a bunch of curlers who, in a couple of years, will make them all step some.
