# THE BERLIN NEWS RECORD

**News of submarine Ra Leaking Out**

**TIGHTENING OF CENSORSHIP OF SAYRE AND TUCKERTON WIRELESS STATIONS IS RESULT**

WASHINGTON, June 30th.—An expected new submarine campaign caused recent tightening of the American wireless censorship. It was learned from an unquestioned source to-day.

The objects of the undersea boats attack, it was definitely known, will be British and French cargo steamships which are at present carrying munitions from the coast of New York, the Delaware and other Atlantic ports, to St. Petersburg and Bordeaux, France.

Information from Scandinavian sources was to effect that Germany has been massing their most formidable submarines at Wilhelmshaven with a view to demoralize this traffic.

Advices from this country to the German admiralty concerning the sailing of these ra's, it was recognized, would be in violation of American neutrality, and consequently, Sayville and Tuckerton wireless stations are being watched.

**Russia Will Fight Until Enemy is Entirely Crushed**

**PREMIER DREMYKIN SAYS UNTIL THE TIME, PEACE IS IMPOSSIBLE**

PETROGRAD, June 30th.—"With the help of the Russians will continue the fight until their enemies are completely crushed. Until that time peace is impossible."

Premier Dremykin made this statement in a manifesto which was issued today. The document was made public immediately following a remarkable conference participated in by Chard and his Minister behind the great battle front in Gall.

The manifesto was generally construed here as an answer to statements appearing in the British press that Russia was weary of war and ready to sue for peace.

"On all sides find assurance, that cannot be shaken, in a brilliant future for Russia," he declared. "Let us strengthen our hearts and our resolutions to try on this struggle with Divine help until our triumph is completed."

"With firm faith in the inexhaustible strength of Russia, I anticipate that Government institutions, Russian industries and the faithful sons of the Fatherland will class distinctions will work in harmony to meet the needs of the day."

"Henceforth this is our only national problem to die all our thoughts to united Russia invincible in her unity."

**German Attack Was Replied To-day**

**VIOLENT CANNONADING IN ARRAS REGION**

PARIS, June 30th.—This afternoon's official statement says: "In the region north of Arras a night saw a violent cannonading together with some infantry engagements."

"To the north of the Chateau de Curleu, we note slight progress."

"To the south Cabarete Rouge, a German attack was repulsed."

"In the Voies, German troops endeavored at about two o'clock to deliver a fresh attack against our position to the east of Metzeral. This movement was easily checked."

**Thirteen Members of Crew Landed**

**ANOTHER NORWEGIAN SHIP SUNK BY GERMAN SUBMARINE**

LONDON, June 30th.—The Norwegian ship Camillekenneth, from Portland, Ore., for Liverpool, was sunk to-day by the German submarine 39. Thirteen other crew were landed. Eight other afloat, being German ships, were taken aboard the submarine.

**Order Issued That Affects the Capital**

**MANUFACTURE OF COTTON INTO CLOTHING IS PROHIBITED**

LONDON, June 30th.—A despatch from Berlin says in order has been issued, effective August 1st, affecting the province of Brandenburg in which Berlin is situated, prohibiting the manufacture of cotton into clothing, shoes, linens, etc. The prohibition is that Germany needs all available cotton for explosives.

**Order Issued That Affects the Capital**

**MANUFACTURE OF COTTON INTO CLOTHING IS PROHIBITED**

LONDON, June 30th.—A despatch from Berlin says in order has been issued, effective August 1st, affecting the province of Brandenburg in which Berlin is situated, prohibiting the manufacture of cotton into clothing, shoes, linens, etc. The prohibition is that Germany needs all available cotton for explosives.

**Outlook Is Not Very Promising**

**NEWSPAPERS LACK BOASTFUL TONE OF FEW MONTHS AGO**

NEW YORK, June 30th.—A cable from London says: "For the first time since the war began, German newspapers arriving in this country, lack the boastful tone and display a general realization that the naval and military outlook for the fatherland is not so promising as it appeared a few months ago."

A lecture on the sea power of Germany's enemies delivered by Herr Plamm at Berlin a few days ago, says the strength of the British fleet in battleships and cruisers is hardly less, compared with Germany's, than it was a year ago, because Britain has retained all the ships she was building for foreign states.

This of course is only half the truth, for Britain's navy is actually larger, than it was at the outbreak of the war, she having launched new ships. It is becoming clear to German critics that submarines are not likely to conquer the sea for their country.

**Socialists' Call For Peace Terms**

**EXPECT FRIENDS IN OTHER COUNTRIES TO TAKE SAME STEPS**

BERLIN, June 30th.—(Via Wireless) The governing board of the German Socialist party in a manifesto passed by the congress today called upon the German Government. "In the name of humanity and culture to begin peace negotiations."

"The German socialists expect that their friends in other belligerent countries will take same steps," the statement declared.

The manifesto made public today amplified the statement recently published in the newspaper Vorwaerts. It places the blame for the failure for earliest peace efforts on the French and Belgian socialists.

The German socialists, in their peace efforts, had encouragement from British socialists, the socialist statement said, but none from the French and Belgian socialists.

**Six Thousand Dead Found in Trenches**

**EXHAUSTION OF TURKS ON GALLIOLI PENINSULA IS EVIDENT**

PARIS, June 30th.—The Havas agency despatch from Athens says the exhaustion of the Gallipoli Peninsula is evident and leads to the belief that the Turkish position at Kriska is soon to be taken by assault in arecent advance made by French. Six thousand Turks were found dead in the trenches on the front there.

This despatch adds that the recent fighting in the Dardanelles has resulted in an appreciable advance by the allies.

The Turkish front has growing difficulties in bringing up reinforcements and supplies, while the allies have every facility for supplying their needs.

**No Peace Terms Can Be Given Out**

**PREMIER ASQUITH STATES IT WOULD NOT BE TO PUBLIC INTEREST**

LONDON, June 30th.—Premier Asquith today replied to a question asked yesterday as to whether Government would state terms upon which peace would be possible. The Premier said: "It would not be in the public interest to add anything to what I have already publicly stated on this subject."

**My Own Canadian Home**

BY E. G. NELSON

THO' other skies may be as bright,  
And other lands as fair;  
Tho' charms of other climes invite  
My wandering footsteps there;  
Yet there is one, the peer of all,  
Beneath bright heaven's dome;  
Of thee I sing, O happy land,  
My own Canadian home.

Thy lakes and rivers, as "the voice  
Of many waters" raise  
To Him, who plan'd thy vast extent,  
A symphony of praise.  
They mountain peaks o'erlook the clouds—  
They pierce the azure skies;  
They bid thy sons be strong and true—  
To great achievements rise.

Did kindly heaven afford to me  
The choice where I would dwell;  
Fair Canada that choice should be,  
The land I love so well.  
I love thy hills and valleys wide,  
Thy waters' flash and foam;  
May God in love o'er thee preside,  
My own Canadian home.

**How Dominion Day Was Celebrated 48 Years Ago**

Reminiscences of July 1st, 1867, by Mr. George M. DeBus. Only One Man Remains of First Village Council, Mr. Ward H. Bowiby, K. C., now Crown Attorney of Waterloo County.

Berlin has still a number of citizens who remember the celebration held 48 years ago, July 1st, 1867. Berlin at that time was still in village clothes and had a population of about 1500. It was not until 1870 that it was incorporated as a town.

The village Council was then composed of the following citizens, all of whom have passed on (excepting W. H. Bowiby, K.C. and Crown Attorney for Waterloo County): W. H. Bowiby, Reeve; Louis Breithaupt, Deputy Reeve; Councillors Valentine Gilder, William Jaffray and Fred. Snyder. Mr. Hugo Kranz was village clerk. He resigned that year and H. M. Andrews, a lawyer succeeded Mr. Kranz as clerk.

Where Plans Were Laid. It was at the "War Office" that the first celebration was undertaken, (the place known by that name, was in the barber shop owned by the late G. M. DeBus, and received its name during the American Civil War, where the citizens used to gather and discuss war news.)

It was on June 17th that a committee met to devise ways and means for running the celebration and as all citizens were enthusiastic over the confederation of the provinces, responses were liberal, one citizen subscribing as much as 3 pounds, so that quite a sum was raised for the celebration.

Berlin suffered quite a loss on June 27th when the Tannery of the late Louis Breithaupt was destroyed by fire. This was at that time the largest tannery in Western Ontario. The first of July fell upon Monday, a bright clear day, and very warm, but there were many places of refreshments in the village in those days, Berlin having as many as 18 licensed places where beer, wine and other appetizing liquors were sold.

Held on Court House Square. The opening ceremonies of the celebration were held on the Court House square, where the Local Militia was formed, under Captains H. S. Huber, Geo. Davidson, and John A. Mackie. A cannon made by Ahrens & Huber (who at that time ran a foundry at the corner of King and Foundry streets, where the Economical Fire Insurance Co.'s building now stands) was placed on the corner of Frederick and Weber streets on the Court House grounds, pointing towards Galt.

Galt at that time was Berlin's bone of contention—any other place but Galt for Berlin. Galt at that time had about 1500 more population than Berlin, but the village was still the County town, very much to the disgust of the Scotch town. The cannon was operated, by Bombadier DeBus, a veteran of the Mexican-American war, under General Bragg of the U.S.A. The powder monkey was ex-Mayor Allan Huber, and 21 rounds were fired in honor of Confederation Day.

Speeches were delivered from the Court House steps, after which the Local Militia, headed by the Bridgeport Band, marched down to King Street and disbanded.

In the afternoon, the program which consisted of horse-racing, foot races, jumping, ducking for oranges, out of a tub full of water, oranges having to be taken out of the water with the mouth, at which Jim Jaffray,

**Lecture on Union Jack and Germany**

**Illustrated Lecture at Trinity Methodist Church by the Pastor, Rev. C. L. McIrvine, in Aid of Red Cross Fund. Mr. S. J. Williams Presides**

An illustrated lecture on the Union Jack and Germany, which was given by Rev. C. L. McIrvine, pastor of Trinity Methodist Church last evening, was interesting and instructive. It was given in aid of the Red Cross Fund, a silver and bill collection being taken at the door for that purpose. Mr. S. J. Williams presided over the meeting.

After a brief introductory address the pastor introduced the chairman, Mr. S. J. Williams.

Mr. Williams said that every man, woman and child should consider it a privilege to have the opportunity of contributing to such a worthy fund. He said he was pleased to be present, and although it was warm, he hoped that before the campaign in aid of the fund was over, that everybody in the city would be filled with enthusiasm for the cause.

A solo by Mrs. Jones, "My Bonnie Love is He," was sung with good voice and greatly appreciated.

Mr. Williams then addressed the audience on the magnitude and importance of the Red Cross work. He said that while he was not very well acquainted with the work, he hoped that before the campaign had gone very far, he would be better posted.

"As long as the war continued," said the speaker, "there will be need for the Red Cross work. The war has been so foreign to us that we have not been able to realize what the terrible devastation and loss of life has been. Canada has been very free; Berlin has been more free from it, but this is all the more reason why we should be interested in the Red Cross Society. The work deserves your greatest consideration."

Mr. Williams described his acquaintance with Mrs. Harry Payne Whitney, whom he met upon his return from England. He spoke of her sacrifice she has made in the interest of the

**City's Custom Receipts Shows Decided Gain**

**Comparative Statement of Amount Collected Since January 1st.**

The statement of custom receipts at the local office for the month of June was \$56,834.17, showing an increase over the month of May of \$21,052.27.

The comparative figures for the six months ending June 30th are as follows:—

	1914.	1915.
January	\$28,564.60	\$30,749.44
February	41,144.55	35,824.41
March	48,518.92	30,170.89
April	34,309.04	55,267.35

June	25,881.90	56,934.17
	\$224,560.11	\$289,750.91

This shows an increase in the six months of 1915, over 1914 of \$65,190.80, the most of which is due to increased duties since the war rates have gone into effect.
