GOLDWIN SMITH.

The Toronto St. George's Society Protests Against "the Oxford Professor's" Attitude.

It Further Regrets That the Association Should Contain Such a Member.

Toronto, March 3.—(Special)—As a largely attended meeting to-night of St. George's Society, the subject of debate was the following resolution presented by Castel Hopkins, of the Toronto Empire:—

That in view of his advocacy of the annexation of the Dominion of Canada to the United States, his position as President of the Continental Union Association of Toronto and treason to his Sovereign, to England and Canada, and his involvement in these conditions, this body of loyal Englishmen request Goldwin Smith to tender his resignation as a life member of St. George's Society, and hereby Mr. Smith the fee previously paid for the privilege.

After considerable discussion the following compromise was carried unanimously: "Whereas, it has been brought to the attention of the society that Goldwin Smith, one of its life members, has openly proclaimed himself in favor of severing Canada from the rest of the British Empire, and has also accepted the position of honorary president of an association having for its object the active promotion of an agitation for the union of this country with the United States, this society emphatically disapproves of any such movement, and hereby expresses its extreme regret that the society should contain in its ranks a member who is striving for an object which would cause irreparable injury to the Dominion and would entail a loss to the mother land, and would deprive Canadians of their birthright as British subjects."

CLEVELAND'S JOURNEY.

LAKELAND, N. J., March 2.—All Cleveland turned out to-day to see President Grover Cleveland and party off for Washington, D.C. There was bright sunshine and the big crowd that came down to the station to wave a farewell to the man who has been among them two seasons, was with bright sunlight. Fully 2,000 people were on the station, half the number of the first day. The party left at 10:30 a.m. and the train was seen to start on its way to the west.
