WOMAN SUFFERED TEN YEARS

From Female Ills—Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Belleville, N.S., Canada.—"I doctored for ten years for female troubles and did not get well. I read in the paper about Lydia E. Pinkham's Vegetable Compound and decided to try it. I write now to tell you that I am cured. You can publish my letter as a testimonial."

—Mrs. SUKINE BABINE, Belleville, Nova Scotia, Canada.

Another Woman Recovers. Auburn, N. Y.—"I suffered from nervousness for ten years, and had such organic pains that sometimes I would lie in bed four days at a time, could not eat or sleep and did not want anyone to talk to me or bother me at all. Sometimes I would suffer for seven hours at a time. Different doctors did the best they could for me until four months ago I began giving Lydia E. Pinkham's Vegetable Compound a trial and now I am in good health."

—Mrs. WILLIAM H. GILL, No. 15 Pleasant Street, Auburn, New York.

The above are only two of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which show clearly what great things Lydia E. Pinkham's Vegetable Compound does for those who suffer from woman's ills.

If you want special advice write to Lydia E. Pinkham Medicine Co. (consultant) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

WAR BUDGET PASSED IN HOUSE OF COMMONS

The passage of a war budget of \$500,000,000 in the House of Commons today without a dissenting voice and the granting of an army increase of 500,000 men, in accordance with the plans of Lord Kitchener, the new War Minister, shows that Great Britain has put her hand to the plow. A call to arms issued by the War Office tonight says an addition of 100,000 men to the regular army is needed immediately and that "Lord Kitchener is confident this appeal will at once be responded to by all who have the safety of our empire at heart."

The term of service for the new men is to be three years, or until the war is concluded. The age of enlistment will be between 19 and 30. The naval estimates provide for 67,000 additional officers and men, which will make the navy's strength 218,000 men.

FRANCE MASSING HER TROOPS ON FRONTIER

London, Aug. 7.—France has 400,000 troops along the frontier and men and officers show a cheerful and determined spirit. A defeat of a Bavarian corps by a French raiding party is also reported.

One of the most common ailments that hard working people are afflicted with is lame back. Apply Chamberlain's Liniment twice a day and massage the parts thoroughly at each application, and you will get quick relief. For sale by all dealers.

London, Aug. 6.—When Earl Kitchener drove to today's meeting of the cabinet he was greeted with enthusiastic applause everywhere. The appointment of the Earl to be Minister of War was a great popular stroke by Premier Asquith. Conservatives and Liberals alike endorse the move as making for an intelligent administration of the army during the war.

London, Aug. 6.—The real battle of Liege began at day break today and still continues. The German forces are now said to number nearly 100,000 men under the command of the Crown Prince in person, aided by several of the highest of the general staff.

Up to the present the Belgian advantage has been maintained and the loss to the enemy is enormous. The German attacking forces are displaying desperate courage but their efforts are useless in the face of the withering fire that the Belgian garrisons are able to maintain from their almost impregnable fortifications.

For siege purposes the new Krupp guns of heavy calibre, are being used and an enormous number of them are already in action. The advice received by the war offices fail to estimate the German dead and wounded, but it is known to be in the neighborhood of 10,000.

Rome, Aug. 6.—It is reported that the Italian government has notified Germany that Italy will remain neutral because Germany started the war.

Calais, France, Aug. 6.—The big German tank steamer, Czar Nicholas II, was brought into port here today by a French destroyer.

Brussels, Aug. 6.—Two thousand Boy Scouts have been mobilized in Brussels and have been assigned for employment in the different government ministries, taking the places of the employees who have been called to the front.

Brussels, Aug. 6.—The second spectacular battle of the air in the great world war was fought there today.

Paris, Aug. 6.—The Admiralty has advised that German warships which attempted a hostile movement against the French seacoast on the Mediterranean has been engaged by the French. A German aviator scouting as part of the advance of the 50,000 invading Germans, who were attacking Liege, was engaged, by a Belgian airman in an exchange of shots in which each tried to hit the rival aviator, his engine or his propeller. Suddenly while at a height of 500 meters, the Belgian abandoned his course and dashed straight for the German flying machine. The German tried to evade the attack by lowering his planes, but with a swoop the Belgian was upon him and struck the enemy's aeroplane in the centre, cutting it in two. Both machines were hurled to the ground together in a tangled mass of steel rods, wire and canvas. Both aviators were reported killed.

Antwerp, Belgium, Aug. 6.—During an anti-German demonstration today several Germans fired into the crowd. Four German steamers in the port were seized today by the Belgium authorities.
