Save Us!

THAT is really the cry of the
over-worked eyes. There are
two ways to save the eyes; one
is by not using them, the other is to
have the proper glasses when you do
use them.

Use the eyes all you like but take
care of them. Our business is to cure
people's eyes. We will help you
save your eyes. We have often said,
and we repeat—

Come here first and be satisfied.

ISSUER OF MARRIAGE LICENSES

The Late William Duncan

The death of William Duncan, occurred at the residence of his sister, Mrs. Francis Kent, 4th line, Warwick, on Thursday, February 7th, in his 73rd year. Deceased had been ill for about two weeks, the immediate cause of death being hardening of the arteries. He was the only son of the late Mr. and Mrs. Adam Duncan and was unmarried. Mrs. Kent is the only surviving member of the family. The funeral which was private at the residence, (owing to Mrs. Kent's illness) took place on Saturday afternoon at Bethel church, where a service was conducted by the Rev. Mr. Murray, of Forest, before burial. The pallbearers were Ed. Maidment, D. D. Brodie, R. Ellerker, Jas. Brandon, Ernest Karr and Arthur Tomlinson.

Among those who attended the funeral from a distance were Mrs. J. Blackburn, of Chatham, and Mr. Bamlet Kent, of Detroit.

W. W. and A. Townline.

Miss Edith McLeish, who has been ill with quinsy, is on the road to recovery. Mr. Arthur Davidson, teacher near Ailsa Craig, spent the week end at the home of his parents, Mr. and Mrs. Hugh Davidson.

Miss Luella Butler has returned home after spending a few weeks at Mr. Chas. Eastman's, Arkona.

Mr. Ivan McLeish is under the doctor's care at his home here.

Miss Evelyn Butler, youngest daughter of Mr. and Mrs. W. A. Butler, is confined to her bed with an attack of rheumatism.

Mr. John Jackson, who underwent an operation in the London Hospital, is at home again seemingly quite improved in health. We hope to see him completely restored to his usual health.

The trustees of our section, No. 1 and 2, have at last been rewarded for their diligence and have secured the services of Miss Donna Tanner as teacher for 1918. Miss Tanner comes very highly recommended and we hope for a continuance of the results that have been attained at our school. She began her duties February 1st.

WANSTEAD

Miss Mary McPhedran spent the week end with her brothers at Copleston.

Miss Olive Ramsay returned last Thursday from a two weeks' visit with friends in Sarnia.

Quite a number from this vicinity are attending the evangelistic services now being held in the Calvary Baptist Church.

The young people of Wanstead are preparing a play entitled "The Great

Plummer Breach-of-Promise Case," to be given at a later date, in aid of the Red Cross.

Last week's thaw caused the usual flood in the village, although it was not so serious as it has been on several former occasions. A few families were obliged to remain indoors for a day or two.

ALMOST HELPLESS FROM RHEUMATISM

Only Able to Move About on
Crutches—Dr. Williams' Pink
Pills Restored Activity

Inflammatory rheumatism, acute rheumatism and rheumatic fever are different names for practically the same thing. It comes on with hardly any warning. The pain is excruciating, and there is a tendency of the disease to attack the heart when it may have fatal results.

Any one who has suffered from an attack of inflammatory rheumatism knows that the usual treatment is highly unsatisfactory. External applications of hot cloths and liniments and internal doses of salicylates to relieve the pain are not enough, for they do not drive the poison from the blood, and the sufferer is liable to renewed attacks whenever exposed to cold or dampness.

To cure rheumatism so that it will stay cured the rheumatic poison in the blood must be driven out, and the blood made rich and red. When the blood is pure there can be no rheumatism. Dr. Williams' Pink Pills build up the blood, make it rich, red and pure and in this way cure the most obstinate cases of rheumatism. Mr. George Harbottle, R. R. No. 1, Fever-sham, Ont., is one whose cure through the use of Dr. Williams' Pink Pills is most striking. His mother gives the particulars of his attack and cure as follows:—Some years ago while my son was working as a blacksmith in a Michigan lumber camp, he was attacked with rheumatic fever. He was at once taken to a hospital at Marsden, and was there under medical treatment for four months with but little or no relief. He then decided to go to Mount Clemens, where he took the baths for three weeks, but did not find any benefit from them. By this time he felt that his case was hopeless and decided to return home. When he reached home he could only move around by the use of a crutch and a cane. One knee was so stiff that he could not bend it, and most of his joints were swollen out of shape. He could neither dress nor undress himself and had to be helped like a child. I urged him to try Dr. Williams' Pink Pills and finally he consented to do so. He had only been taking the pills for a few weeks when he could lump about, without the crutch, and his appetite greatly improved. This gave him new courage and as he continued the use of the pills he showed constant improvement, and was able to walk about outside. He continued the use of the pills for some four months, by which time every symptom of the trouble had disappeared, and he went to his work in Michigan a cured man. His case was well known to the neighbors around here and his cure was looked on as marvellous, for everyone thought that at the best he was doomed to be a rheumatic cripple.

It is because they have made such wonderful cures as Mr. Harbottle's that Dr. Williams' Pink Pills have a world wide reputation, and are the only medicine used in thousands and thousands of homes. You can get these pills through any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

L. O. L. County Officers

At the county meeting the following officers were elected by Foster W. Smith, P.C.M.:—

W.C.M.—Thos. H. Freer.
Dep. C.M.—Albert Hawkins.
Chap.—Foster W. Smith.
Rec.-Sec.—Wm. J. Clarke.
Fin.-Sec.—Chas. Hawkins.
Treas.—Henry O. Lane.
D. of C.—James Gilliard.
Lecturers—J. E. Wallace and Thomas Stevens.

The 12th of July will be celebrated this year at Sarnia.

Lambton County Medical Society

A meeting of the Lambton County Medical Society was held in the Board of Trade Chamber, Sarnia, Tuesday of last week, at which the following program was given:

A report of the Ontario Medical Society Meeting in Toronto by Dr. Hubbard of Forest.

A paper on "Tumors of the Breast" by Dr. R. G. R. McDonald of Sarnia, followed by a discussion.

The next meeting of the Society will be held in Watford the second Tuesday in May.

The following doctors from out of town were present: Drs. Rees and Kidd of Wyoming, Brown of Camlachie, Newell, Sawyers and Siddell of Watford.

At the conclusion of the meeting luncheon was served at the Tea Kettle Inn.

School Reports

Report of S. S. No. 4, Warwick, for January.

Class V.—Florence I. Edwards, honors. Class IV. Sr.—Hazel Reycraft*, La Vera Edwards, Mary Tanner*, Winnifred Fuller. Jr.—Gladys Parker*, Meryle Fuller*.

Class III. Sr.—Fred Tanner. Jr.—Thelma Ward, Eya Tanner, Carrie Jarriott absent.

Part II.—Stanley Edwards, Margaret McKenzie*, Clara Parker*, Primer—Donald Edwards, Albert Kerr, Gordon Reycraft, Cecil Reycraft.

Those marked * had perfect conduct all month.

F. E. EDWARDS, Teacher.

NOTE AND COMMENT

Ten months of war has cost the United States about \$7,100,000,000.

A "carnival of fraud" in foodstuffs is said to have been discovered in Germany. Any kind of a carnival should be pleasing to the war-worn teutons by this time.

Life is like a savings bank. Put something in and you can draw something out. But the boy or girl who puts nothing into life will find it empty after a while just when a bank account is needed most.

Fastidious people who are inclined to give an uplift tilt to the nose when the word "pig" is mentioned will be surprised to learn that a prize porker was sold in Illinois the other day for \$10,000. The owner of the drove of aristocratic grunTERS can afford to bestow a patronizing smile on the proprietor of a limousine de luxe.

Where wood is to be burned in a furnace intended for coal, it will be found desirable to partly cover the grate with iron or firebrick, in order to reduce the draft. If this is not done the wood is wasted by being consumed too fast and makes a very hot fire which in a furnace, may damage the firebox.—Engineering and Mining Journal.

We may be eating alfalfa before long if the price of food continues to mount. But let it be said in haste that we may also enjoy the experience, although most of us probably have thought of alfalfa as grown exclusively for animals. Alfalfa flour long since passed the experimental stage. Alfalfa honey has been produced of good quality and delightful taste, and alfalfa syrup deserves the same description.

A proposal is being considered at Ottawa to have a change made in the sales and inspection act in regard to the sale of eggs. It is proposed that a dozen eggs should weigh a pound and a half. If a dozen eggs does not weigh this amount purchaser could demand additional eggs, even fourteen, fifteen or sixteen. Another change proposed is in regard to the sale of wood. A clause may be put in the act fixing a cord at 128 cubic feet, and making it an offense to sell less than this amount as a cord.

In order to encourage the cultivation of the back-yard gardens and vacant lots during the coming spring and summer and in order to provide a market for fresh vegetables, the sale or use of canned vegetables may again be prohibited in the fall of this year as in 1917. The embargo on the sale or use of the canned vegetables last year was successful in accomplishing its main purposes, which were not only to prevent waste of perishable foods but also to save tin-plate, of which there is considerable shortage. The Food Controller's office is prepared to do all in its power to encourage city cultivation this year. It is hoped and expected that market gardeners will sow part of their lands in broad grains.

The word "Bolsheviki," in Russian, means "majority." The particular Bolsheviki the world is now talking about are the majority of the Russian Social Democratic party and has its main strength among the industrial classes in the cities. The Social Revolutionist party of Russia, the other great Socialist party counts the vast majority of its members among the peasantry. Distinct from the Bolsheviki at present also are the Mensheviki, or majority of the Social Democrats. It must be understood, however, that the Bolsheviki, though their very names mean "majority," are not quite an actual majority of the Socialist and Socialistic urban population.

Two hundred dollars and costs was allowed the plaintiff in the damage action brought by C. Quelch, of Thamesville, against the East Kent Agricultural Society as a result of injuries received by the son of the plaintiff, caused by a gate falling on the youth at the fair grounds in Thamesville.
