THE RESCUE OF A C. P. R. OFFICIAL'S WIFE.

HELPLESS AND BED RIDDEN FOR MONTHS-\$275 SPENT IN MEDICAL TREATMENT AND STRENGTH HAVE BEEN RESTORED. From the Owen Sound Times.

The case referred to is that of Mrs. John C. Monnell. whose cure has been effected by these marvellous little messengers of health. The Times' reporter was met at the door by Mrs. Monnell, who though showing a few traces of the suffering she had undergone, moved about very sprightly. With apparently all the gratitude of a man who had been saved out of the deepest affliction, Mr. Monnell gave the following account of his wife's miraculous cure. I have been in the employ of while the Lawrence can be had towards the care of the strength of the streng the C. P. R. at Toronto Junction for some time. Is the unequalified approval of every customer. Our fence has won at every Fair or Exposition there ontered. But whit does a practical farmer care for that! The fighting qualities of a soldier are proven on the field of battle, not on dress parade.

Don't fail to keep it before the people that ours is the only perfectly self-regulating fence offered. Don't loose sight of the great saving in posts, as with some other fences the posts alone costs as much as our fence complete.

I believe we have the best fence for the money on earth. I base my belief on the fact that one string of fence sells lots more. Page fence has proved itself by far the best for farmers' use, and we know from the orders already received that our business will boom with that of the farmers.
