Announces: We are now offering at moderate prices, and on liberal terms, an extra good lot of young bulls and heifers by our famous stock bull, Indian Chief. Our young things are an evener and better lot than usual. They are in just moderate condition. Among them are several of both sex well qualified to sustain the well-known reputation of Indian Chief as a sire of prize-winners, which now stands second to no living bull. We also have a number of young cows of very superior breeding and quality. They are full of vigor and health, and in calf to Indian Chief, all of which we are offering at reduced prices to suit the times. We are also breeding Berkshires of the purest and best of pedigree, as well as quality. We have a capital stock of young registered pigs, ready to breed, for sale. Orders by letter filled promptly and with care. Write for prices and particulars. "No business, no harm," is our motto.
