Have You Seen

THE AMERICAN CREAM SEPARATOR

The most simple, durable, and easiest cleaned machine on the market. It is the latest and most improved Separator, being patented in Canada on February 26th, 1896.

It has but one piece to the bowl, and for capacity and quality of work is the best and cheapest machine on the market. Any prospective purchaser may try one.

Agents Wanted in all Unoccupied Territory.

We still have in the manufacture of all kinds of Cheese Factory and Creamery goods.

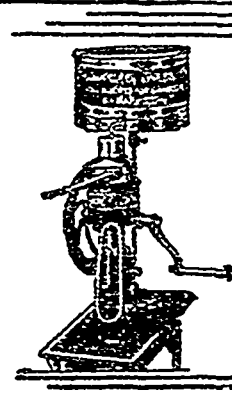

Our Patented Steel Gang Cheese Press

Continues to be the best, and every user gives it his best recommendation.

If you require anything in our line we solicit your correspondence, and know that we can satisfy you in anything and everything, both in price and quality of goods.

Make all your enquiries and send for Catalogue to

Richardson & Webster,
ST. HAVR. ONT.

Whisper - There is only one Farmers' Binder
Twine Co. in Canada, headquarters, Brantford.
They make

"RED STAR" and "BLUE STAR"

twine. Don't make any mistake in the brands. Their business is all done through farmer agents and their own stockholders. Do your duty by this the Farmers' Company, order out early, pay them promptly and you will not only get the best twine for many years to come at fair prices but you will have agricultural implements of all classes from American patterns, supplied you in the near future at about half what you are paying to-day.

Hon. Thomas Ballantyne,

Joseph Stratford.

PRESIDENT.

GENERAL MANAGER.
