ABOUT BUYING. Buy only what you require and when you require it, is perhaps the safest rule that can be adopted in buying for private use.

But this rule will not always hold good with the merchant, and this is one of the years when to look ahead is both safe and profitable. All kinds of goods have been steadily advancing, and the man who bought early is the only one who can sell at old prices.

Seeing the upward tendencies of Wool Goods, I ordered my stock early, and will now give my customers the privilege of buying for the present at old prices.
