THE IDEAL COD LIVER OIL PREPARATION

### MALTINE WITH COD LIVER OIL

The *British Medical Journal*, referring to this preparation, reports:  
"Patients who are unable to tolerate the purest and most carefully  
"prepared Cod Liver Oil *can readily digest and assimilate it in com-*  
"*bination with Maltine.* The taste of the oil is almost entirely concealed,  
"and what suspicion there is of it is not at all unpleasant. We  
"recommend this preparation on the ground of the high quality of oil  
"used, its perfect admixture, and the diastasic value of the Maltine."

## Kola=Cardinette

Has been used with marked benefit in Neurosthenia and in all Nervous disorders due to deficient nerve tone. In such cases it is a stimulant (without reaction) and permanent Nerve tonic. In Atonic Dyspepsia and in Diarrhoea, KOLA-CARDINETTE has proven very effective by restoring muscular power to the digestive tube. KOLA-CARDINETTE is also a valuable and powerful general stimulant and tonic in all conditions of Depressed Vitality.
