

THE CANADA LANCET.

A Monthly Journal of Medical and Surgical Science,
Criticism and News.

(Index next page.)

Vol. XIV
No. 5.

TORONTO, JANUARY, 1882.

Price 30 Cents.
\$3 per Annum.

* * This JOURNAL has the largest circulation of any Medical Journal in Canada.

BILLINGS, CLAPP & CO., (Successors to and late of Jas. R. Nichols & Co.) Manufacturing Chemists, Boston, Mass.

Manufacture Chemically Pure
Sulpho-Carbolate of Soda.

*A Specific in Diphtheria, Scarlet Fever and
Similar Complaints.*

See article by Dr. Bebee, of Chicago, in the "Boston Journal of
Chemistry," for April, 1877.

Be careful to get a pure article.

It has been used with success by the first physicians in the country.

Manufacture Chemically Pure
PROPYLAMINE.

*A Specific in Rheumatism, Gout and
Similar Complaints.*

We are now making the chloride, and our display of this rare salt
attracted much attention at Philadelphia, and was honoured with a
special medal. It is of the utmost importance that Propylamine and
its chloride should be chemically pure.

NICHOLS' BARK & IRON.

An Old and Valuable Remedy.

Nichols' Elixir of Peruvian Bark with Protoxide of Iron.

A prominent peculiarity and advantage consists in associating iron not in a sesquioxide condition, but in the more easily assimilable form of a protosalt, with all the valuable alkaloids of Peruvian Bark, in an elegant and permanent compound, where the chemical equilibrium of each principal is undisturbed. We unhesitatingly express the opinion that no more pleasant or desirable chalybeate and tonic has ever been offered to the profession, and so far as our knowledge extends, this result (the combination of the protosalts of iron with the active principles of Peruvian Bark), is not attained in any of the numerous preparations crowded upon the public as a substitute and imitation of our compound.

In order that physicians may know the presence of protoxide of iron in this Elixir, we give the usual test:—

Pour a small quantity of the Elixir into a wineglass, and add a few drops of ferrocyanide of potassium. The instant change of color to a deep blue, shows the presence of iron in the form of a protosalt.

Our Elixir of Peruvian Bark with Protoxide of Iron, is sold in bottles holding one pint, also in two quart and gallon packages. If physicians desiring to prescribe this preparation will direct their druggists to procure the larger bottles, they can order it by prescription in such quantities as they may desire for their patients.

MADE ONLY BY BILLINGS, CLAPP & Co., BOSTON.

CINCHO-QUININE.

A Safe and Reliable Substitute for

SULPHATE OF QUININE.

In the same dose, it is equally as efficacious, and at less than half cost.

Cincho-Quinine does not produce headache, or other cerebral disturbances, and as a tonic and anti-periodic, it supersedes all other bark preparations.

Manufacture Chemically Pure

Salts of Arsenic, Ammonium, Antimony, Barium, Bromine, Bismuth, Cerium, Calcium, Copper, Gold, Iodine, Iron, Lead, Manganese, Mercury, Nickel, Phosphorus, Potassium, Silver, Sodium, Tin, Zinc, etc.

Price List and Descriptive Catalogue furnished on application.
