

THE GEM PAPER CUTTER.

The most simple and perfect hand machine made at its price. It is stronger and weighs more than any other low priced hand cutter. The strain in Cutting is outside of the frames, and is directly up and down, instead of crossways, therefore, no braces between side frames are required.

Price 30 inch, (weight boxed, 1,200,) - - - - \$150.

" 32 " " " 1,500, - - - - 175.

Freight and Duty Extra.
