COUGHS AND COLDS

Sudden changes of climate are sources of Pulmonary, Bronchial, and Asthmatic affections Experience having proved that simple remedies often act speedily and certainly when taken in the early stages of the disease, recourse should be at once had to 'Brown's Bronchial Troches,' or Lozenges. Few are aware of the importance of checking a cough, or 'common cold,' in its first stage. That which in the beginning would yield to a mild remedy, if neglected, soon attacks the Lungs. 'Brown's Bronchial Troches, or Cough Lozenges, allay irritation which induces coughing, having a DIRECT influence on the affected parts. As there are imitations, be sure To OBTAIN the genuine. Sold by all dealers in Medicine, at 25 cents a box.

PROOFS OF THE SUPERIOR QUALITY

AMERICAN WATCH

WALTHAM, MASS.

Referring to their advertisement in a previous issue of this paper, the American Watch Co., of Waltham, Mass., respectfully submit that their Watches are cheaper, more accurate, less complex, more durable, better adapted for general use, and more easily kept in order and repaired than any other watches in the They are simpler in structure, and therefore strong-

er, and less likely to be injured than the majority of foreign watches. They are composed of from 125 to 300 pieces, while in an old English watch there are more than 700 parts How they run under the hardest trial watches can

have, is shown by the following letters:

PENN. RAILROAD COMPANY. OFFICE OF THE GENERAL SUPERINTENDEST, ? ALTOONA, PA., 15 Dec., 866.

Gent'emen: The watches manufactured by you have been in use on this railroad for several years by our enginemen, to whom we furnish watches as part of our equidment. There are now some three handred of them carried on our line, and we consider them good and reliable time-keepers. Indeed, 1 have great satisfaction in saying your watches give us less trouble, and have worn and do wear much longer without repairs than any watches we have ever had it use on the road. As you are aware, we formerly trusted to those of English manufacture, of acknowledged good reputation; but as a class they never kept time as correctly, nor have they done as good service, as yours. In these statements I am sustained by my prede-

cessor, Mr. Lewis, whose experience extended over a series of years. Respectfully

EDWARD H. WILLIAMS,

General Superintendent. American Watch Co., Waltham.

> NEW YORK CENTRAL RAILROAD. LOCOMOTIVE DEPARTMENT, WEST DIVISION, ? ROCHESTER, Dec. 24, 1866.

Gentlemen: I have no hesitation in saying that I believe the great majority of Locomotive Engineers have found by experience that Waltham Watches are the most satisfactory of any for their uses. They run with the greatest accuracy and steadiness, notwithstanding the rough riding of an engine, and as I have never known one to wear out, they must be durable. I hope to see the time when Railway Companies will generally adopt your watches, and furnish them to all engineers and conductors. In my opinion it would greatly tend to promote regularity

Yours respectfully,
CHARLES WILSON, G Chief Engineer, Brotherhood of Locomotive Engineers. American Watch Co , Waltham, Mass.

We make now five different grades of watches, named respectively as follows :

Appleton, Tracy & Co., Waltham Watch Company, P. S. Bartlett, Wm. Ellery,

Home Watch Company,

Waltham, Mass. Waltham, Mass. Waltham, Mass. Boston, Mass. Boston, Mass.

All of these, with the exception of the Home Watch Company, are warranted by the American Watch Company to be of the best material, on the most approved principle, and to possess every requi-site for a reliable time keeper. Every dealer selling these Watches is provided with the Company's printed card of guarantee, which should accompany each Watch sold, so that buyers may feel sure that they are purchasing the genuine article. There are numerous counterfeits and imitations of our Watches sold throughout the country, and we would caution purchasers to be on their guard against imposition.

Any grades of Waltham Watches may be purchas-

ed of Watit Dealers throughout the country. Testimonials can be obtained on application from many persons in Canada wh have wern the watches

Ayer's Sarsaparilla, FOR PURIFYING THE BLOOD.

The reputation this excellent medicine cajoys, is derived from its cures, many of which are of a truly marvellous character. Inveterate cases of Scrofula, where the system seemed utterly given up to corruption, have yielded to this compound of anti-strumous virtues. Disorders of a scrofulous matter, have been radically cured in such numerous instances, in every settlement in the country, that the public do not need to be informed here that it is in most cases a specific and absolute remedy.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt temant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercless may be suddenly deposited in the lungs or heart, or tumors formed in the liver. These facts make the occasional use of the Saraparilla as a preventive, advisable.

It is a mistake to suppose that so long as no eruptions or humors appear, there must be no scrofulous taint. These forms of dorangement may never occur, and yet the vital forces of the body be so reduced by its subtle agency, as materially to impair the health and shorten the duration of life. It is a common error, also, that scrofula is strictly hereditary. It does, indeed, descend from parent to child, but is also engendered in porsons born of pure blood. Low living, indigestion, foul air, licentious habits, uncleanliness, and the depressing vices generally, produce it. Weakly constitutions, where not fortified by the most constant and judicious care, are peculiarly liable to it. Yet the robust, also, whose turbid blood swells the veins with an apparently exuberant vitality, are often contaminated, and on the road to its consequences. Indeed, no class or condition can depend on immunity from it, n

and on the road to its consequences. Indeed, no class or condition can depend on immunity from it, nor feel insensible to the importance of an effectual remedy.

In St. Anthony's Fire, Rose or Erysipelas, for Tetter, Salt Rheum, Scald Head, Ringworm, Sore Ears and Eyes, and other cruptive or visible forms of the diseases caused primarily by the scrofulous infection, the Sarsaparilla is so elificient as to be indispensable. And in the more concealed forms, as in Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia, and other affections of the muscular and nervous systems, the Sarsaparilla, through its purifying power, removes the cause of the disorder and produces astonishing cures.

The sarsaparilla root of the tropics does not by itself achieve these results. It is aided by the extracts combined with it, of still greater power. So potent is this union of healing virtues, Syphilis or Veneraal and Mercurial Diseases are cured by it, though a long time is required for subduing these obstinate maladies by any medicine. Leucorrhæa or Whites, Uterine Ulcerations, and Fenale Diseases in general, are commonly soon relieved and ultimately cured by the invigorating and purifying effect of our Sarsaparilla. Rheumatism and Gout, often dependent on the accumulations of extaneous matters in the blood, have their remedy also in this medicine. For Liver Complaints, torpidity, inflammation, abcess, etc., caused by rankling poisons in the blood, we unhesitatingly recommend the Sarsaparilla.

This medicine restores health and vigor where no specific disease can be distinguished. Its restorative power is soon felt by those who are Languid, Listless, Despondent, Sleepless, and filled with Nervous Apprehensions or Fears, or who are troubled with any other of those affections symptomatic of weakness. Many, after taking it for General Debility, have written us of the youthful vigor imparted to their nervous system, which seemed buoyant with that prolific life they thought had departed on the advance of age. Others, whose fount

marsh, or miasmatic poisons.

As its name implies, it does Cure, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zinc, nor any other mineral or poisonous substance whatever, it in nowise injures any patient. The number and importance of its cures in the agua districts, are literally beyond account, and we believe without a parallel in the history of medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed. Unacclimated persons, either resident in, or travelling through miasmatic localities, will be protected by taking the AGUE CURE daily.

For Liver Complaints, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.

VEGETABLE PAIN KILLER.

MANHATTAN, Kansas, April 17, 1866. Gentlemen- * * I want to say a little more

about the Pain Killer. I consider it a very valuable Medicine, and always keep it on hand. I have traveiled a good deal since I have been in Kaneas, and never without taking it with me. In my practice I used it freely for the Asiatic Ubolera in 1849, and with better success than any other medicine. I also used it here for cholera in 1355, with the same good

Yours truly,
A. HUNTING, M.D. I regret to say to say that the Cholera has prevailed here of late to a fearful extent. For the last three weeks, from ten to fifty or sixty fatal cases each day have been reported. I should add that the Pain Killer sent recently from the Mission House has been used with considerable success during this epidemic. If taken in season, it is generally effective in checking the disease. REV. CHARLES HARDING,

Sholapore, India. This certifies that I have used Perry Davis' Vegetable Pain Killer, with great success, in cases o cholera infantum common bowel complant, bronchitis, coughs, colds, &c, and would cheerfully recommend it as a valuable family medicine REV. JAS. C. BOOMER.

Messrs, Perry Davis & Son :- Dear Sirs - Having witnessed the beneficial effects of your Pain Killer in several cases of Dysentery and Cholera Morbus within a few weeks past, and deeming it an act of benevolence to the suffering, I would most cheerfully re-commend its use to such as may be suffering from the aforementioned or similar diseases, as a sale and effectual remedy.

REV. EDWARD K. FULLER.

Those using the Pain Killer should strictly observe the following directions: -

At the commencement of the disease take a tea-spoonful of Pain Killer in sugar and water, and then bathe freely across the stomach and bowels, with the Pain Killer clear.

Should the diarrhoes and cramps continue, repeat the dose every fifteen minutes. In this way the dreadful scourge may be checked and the patient relieved in the course of a few hours
