

DESCRIPTION OF SELECTED PAPER MACHINERY

Schedule A: Machines, nspf¹, for making and processing cellulosic pulp, paper and paperboard articles

CITC Concordance:

5253920	Roll shell, section, drilled/machined paper machinery
5253925	Roll body, press section, machined paper machinery
5255922	Pulp stock inlet/meter/proportion system
5255923	Fourdrinier section, pulp/paper/paperboard machinery
5255924	Suction box, pulp/paper/paperboard machinery
5255925	Press section, pulp/paper/paperboard machinery
5255927	Coating section, pulp/paper/paperboard machinery
5255933	Winders, pulp/paper/paperboard machinery
5255935	Unwinder, pulp/paper/paperboard machinery
5255936	Shredders, broke, pulp/paper/paperboard machinery
5255937	Breakers, rag, pulp/paper/paperboard machinery
5255939	Reel section, pulp/paper/paperboard machinery, nes ²
5255941	Paper/paperboard machinery, fourdrinier type
5255950	Paper/paperboard machinery, cylinder type
5255965	Paperboard machinery, wet end type
5255971	Pulp machinery, fourdrinier type
5255989	Pulp/paper/paperboard machinery/equipment, nes
5256025	Roofing paper making machinery, paper converting
5256041	Coating machinery/equipment, paper/paperboard converting
5256044	Laminating machinery, paper/paperboard converting
5256045	Saturating machinery, paper/paperboard converting

Schedule A: Parts, nspf, of machines for making cellulosic pulp, paper and paperboard

CITC Concordance:

5255948	Paper/paperboard machinery, fourdrinier, parts of
5255958	Paper/paperboard machinery, cylinder type, parts nes
5255968	Paperboard machinery, wet end type, parts of, nes
5255978	Pulp machinery, fourdrinier type, parts of, nes
5255988	Pulp/paper/paperboard machinery/equipment, nes, parts

¹ not specifically provided for

² not elsewhere specified
