

3. Where discrete stocks occur in an area beyond and adjacent to the area referred to in Article II, and nationals and vessels of Cuba and Canada participate or wish to participate in fisheries for such stocks, the two Governments shall seek either directly or through appropriate international organizations to agree upon measures for the conservation and management of these stocks, taking into account the principles set out in paragraph I, as well as Cuban interests with regard to these stocks.

ARTICLE IV

1. Subject to the availability of facilities and the needs of Canadian vessels, the Government of Canada undertakes to authorize Cuban vessels to enter Canadian ports, in accordance with Canadian laws, regulations and administrative requirements, for the purpose of purchasing bait, supplies or outfits or effecting repairs, or for such other purposes as may be determined by the Government of Canada, where such vessels are:

- (a) licensed to fish or to support fishing operations pursuant to Article II,
- (b) fishing in the area referred to in Article III, or
- (c) in transit between areas outside Canadian fisheries waters.

2. Such authorization shall become null and void in respect of any vessel licensed to fish pursuant to Article II upon the cancellation or termination of its licence to fish or to support fishing operations, except for the purpose of entering port to purchase supplies or effect repairs necessary for its outward voyage.

3. The provisions of this Article shall not affect the question of access to Canadian ports in cases of distress, medical emergency or force majeure.

ARTICLE V

1. The Government of Canada and the Government of the Republic of Cuba recognize that states in whose rivers anadromous stocks originate have the primary interest in and responsibility for such stocks, and agree that fishing for anadromous species should not be conducted in areas beyond the limits of national fisheries jurisdiction. They will continue to work together for the establishment of permanent multilateral arrangements reflecting this position.

2. Pursuant to paragraph I, the Government of the Republic of Cuba shall take measures to avoid the taking by its vessels and by persons under its jurisdiction of anadromous stocks spawned in Canadian waters.

ARTICLE VI

1. The Government of the Republic of Cuba shall take measures to ensure that its vessels operate in compliance with the provisions of this Agreement and with any measures agreed upon from time to time by the two Governments pursuant to the provisions of this Agreement.

2. The Government of Canada shall take the necessary measures to give effect to the provisions of this Agreement, including the issuance of licences.
