NATIONAL REVENUE—TAX PAYABLE THROUGH
PERSONAL INCOME TAX

Question No. 832—**Mr. Simpson:**

What was the total amount of revenue received through personal income tax from each of the ten provinces for each year 1960 to 1969 inclusive?

Hon. Herb Gray (Minister of National Revenue): Tax collection figures by provinces are not available for 1969. The attached table, derived from the annual statistical analysis of the tax returns filed by individuals, indicates the total tax payable by individuals in each province for the years 1960 to 1968, as shown on federal tax returns. The tax payable includes federal income and old age security tax throughout, and for 1962 and subsequent years includes provincial income tax which is collected on behalf of all provinces except Quebec. The tax levied by Quebec province is excluded.

FISH SANCTUARIES

Question No. 870—**Mr. Robinson:**

How many fish sanctuaries are there in Canada (a) where is each located (b) what is the size of each (c) what species of fish are protected in each (d) how much is the cost to the federal government to maintain each sanctuary?

Mr. Eymard Corbin (Parliamentary Secretary to Minister of Fisheries and Forestry): None, but there are hundreds of areas throughout Canada where various species of fish are protected at one or all stages of their life history, usually to ensure adequate propagation to maintain the species. These areas are located on rivers, lakes and in the sea, and can be found listed in the Manual of Fisheries Acts and Regulations under the various Provinces' fishery regulations. Some areas protect fish only from commercial fishing, while others allow no fishing of any type. Species protected in these sanctuaries, or "closed areas" range from marine to anadromous to freshwater species and include halibut, herring, Atlantic salmon, Pacific salmon, whitefish, lake trout, etc. The size
