TUMBLE IN CORN WAS CONTINUED

Huge Stock Available in Chicago Shows No Sign of Diminishing.

CHICAGO, April 17. — Dashing of hopes that a way has been found to get rid of the unwieldy stock of corn in Chicago today sent prices tumbling again. Bottom was not reached until there had been a fall of 3c under the high point of Wednesday. The market closed 1/2c lower to a rise of 5c. Corn, which had been heavy at the start, but which had recovered, took a violent downward plunge in the last hour. The reason for the smash was a flat denial from the principal Chicago owner of cash corn, that he had disposed of half a million bushels for a period of such a transaction formed the chief basis for a decided rally in the market after a rush of sales at the opening. Improved support and moderately higher prices were the features of the wheat pit. Free covering by shorts made the oats market relatively firm. The late weakness in corn, however, led to much selling. Support from packers rallied provisions, but not until after many discouraged holders had let go.
