RUGBY HOME TEAMS ARE FAVORITES

TURF YEAR'S CANADIAN RACING STATISTICS

THEHOMETEANS HAVE ADVANTAGE

Varsity and Tigers Are Favorites for Saturday's Games—Rugby Notes.

There is a possibility that the Ontario

istion. It will have to be investigated, on the control of the C.R.F.U. adopted a otion last night that if Bush Gshould be used a professional that the game of ov. 14 between T.R. and A.A. and Otwa be declared no game and that it be played in Ottawa if the field is cleared snow and the marked out properly and

threatened to lay charges against one or more T.R. and A.A. players if the two clubs meet again. It was also charged by Ryan that Vivian, the T.R. and A.A. back is playing under an assumed name. The winners of the Toronto Senior City League (Parkdale or Capitals) will meet Western University in London on Wednesday in a junior semi-final game. The winner of the Dundas-Galt game is to play the winner of the Western University-Parkdale or Capital game on November 28,

Taylor of Kew Beach, will be given a chance to appear before the executive to plead his case.

Varsity were out in full strength last night and Hugh Gall is satisfied that they are ready to down the red and white squad on Saturday. Gardiner has only a bad bruise and will be ready for the game. Crawford is also O.K. The game has created terrible interest, and the way the tickets were snapped up yesterday promises to be the record crowd of the year. All the Varsity wants is a dry field and they promise to live up to their work of two weeks ago.

work of two weeks ago.

Hamilton Herald: The Hamilton Rowing Club is merely marking time these days, awaiting the decision of the O.R.F. U. at tonight's adjourned meeting regarding the T.R. and A.A. protest lodged against the Ottawa St. Patricks. It is the feeling here that nothing will be proved against "Wrestler" Bush, and that the championship will stay here without further argument. So far no game has been arranged for Saturday. The scullers are awaiting the outcome of the Tiger-Argo saw-o'f, anticipating a game next week with the Jungle Kings. If the Tigers trim Argos they will meet the Rowing Club in the Canadian semifinal. This tilt will also decide the city championship and the lodging-place of the Glassco Cup. Should Tigers lose to Argos the scullers would meet the Toronto Big Four club, then still have the game with the Tigers. From a financial standpoint it would be better for the Rowing Club if the Tigers came out second best against the Argos.

Hamilton Spectator: Winning a championship in the O.R.F.U. is even more difficult than winning a battle along the Yser River. A putty-like executive and the Tammany Hall methods of one member of the executive are more than enough to keep the union continually in the limelight as a joke organization. The lure of the gate receipts in the Dominion final is something that one chap simply cannot get away from It is a safe bet that there would not be any T.R. and A. A. rugby team in existence if the Dominion finals were done away with.

Ottawa, out of senior competition, will have three games of their own on Saturday. In the forencon, the Ottawa Seconds meet Westmount for the championship of the Quebec Union and at 1 o'clock New Edinburgs and St. Patricks class for the City League title and the Players' Trophy. Then, at 2.15 St. Patricks and Ottawas will take the field.

Matt Gonter, Frank Knight and Foster were out for Argonauts' signal practice last night at Rosedale and are ready to play on Saturday. The back division is the only part of the team that is not sure yet, and Dutch Huether is having the time of his young life to pick it. Gonter and O'Connor are sure starters, and it is likely that Everett Smith will be the third man.

The Tigers are not halling the coming of the scullers with their usual blare of trumbets and advance notices that the watermen will be easy picking. The Jungle Kings realize that they will have the hardest job of their career to win the Big Four honors. A large crowd of Argo supporters will make the trip to Hamilton, and they are ready to back the double blue to the limit. It looks like one of the greatest gridiron struggles of smodern times.

New Beach will practice at Kew Gar-ens this evening at 6.30.

BASEBALL WAR

C. W. Murphy Back Into Game -Bresnanan Will Manage Cubs.

CHICAGO, Nov. 18.—Developments affecting the Chicago National League ciub—and thru it the state of baseban war existing between the Federal League and the parties to the National agreement—came fast today. First was the revelation that Charles W. Murphy despite his having been ousted last winter, still has a large influence among those directing the ciub's affairs; then came Charles P. Taft's declaration of a break in Charles Weeghman's negotiations for the purchase of the Taft's terests in the club, and the third was the first definite announcement that Roger Bresnahan would be manager of the Cubs on their West Side playing ground, of which he is half owner, with Mr. Taft holding the other half. On returning from Cincinnati, Murphy declared there vas no chance for Weeghman's buying intite National League club, and this was confirmed soon after by Taft's announcement that Roger Cincinnati, Murphy stated positively that Bresnahan would succeed Hank O'Day as West. Side pilot. Partial confirmation of this came later when President Thomas was requested by Taft over the long-distance telephone "to bring Bresnahan to Cincinnati, there to at tend tomorrow a special meeting of the Cub directors and discuss with the Cub directors

AUSTRALIAN TENNIS CHAMPIONS IN WAR

Wilding and Brookes Fighting Along Belgian Trenches -U.S. to Challenge.

Altho Anthony F. Wilding and Norman Everard Brookes, the Australasians who successfully challenged the United States for the Davis Cup last August are today lighting along the trenches in Belgium, it is probable that America will issue a challenge next year for the famous bowl thru the United States National Lawn Tennis Association.

The officials and the executive committee of the association have been giving careful consideration to-the propriety of challenging for the cup for the last two months, and have finally decided to submit the matter to the delegates to the next annual meeting in New York in Feb. ruary. The committee feels that it will constitute no violation of the ethics of sportsmanship to so challenge, and it is believed that the delegates will likewise approve of the challenge when the conditions are understood.

Assuming that the challenge be issued in March, and that it is accepted, the matches would be played about Dec. I, 1915, in Australasia. That is twelve months away, and the European war may be ended by that time.

If not, or if Whiding and Brookes should be killed, or so badly incapacitated as to prevent them from taking the courts, and thus prevent the cupholders from putting a team in the field, then the United States can withdraw its challenge and wait until another, year.

There is an almost universal hope in this country, of course, that Australasia will be able to put forward her best players in defence of the trophy so brilliantly won last summer by Brookes and Wilding, her two greatest men of the courts.
