

- Pancreas, catarrhal inflammations of, 391  
 —, fat necrosis, 394  
 —, parenchymatous inflammations of, 391  
 —, rupture of, 532  
 —, tumours of, 52  
 Pancreatic disease, diagnosis of, 397-402  
 — disease, diagnosis of: abnormal metabolism, 400  
 — disease, diagnosis of: digestive symptoms, 398  
 — disease, symptoms discoverable by artificial tests, 402  
 Pancreatitis, acute parenchymatous, 409-421  
 —, catarrhal, 402-408  
 —, suppurative, 408  
 Paralysis causing intestinal obstruction, 229-239  
 Pelvic abscess, 128-131  
 — organs, female, 21  
 — peritoneum, 28, 29  
 Peptic ulcer, 254-275  
 Percussion in abdominal diseases, 54-59  
 Pericarditis, simulating acute abdominal lesions, 558  
 Peri-colitis, acute, 132-134  
 Perigastric abscess, 135  
 Peri-renal abscess, 131-132  
 Peri-splenic abscess, 127  
 Peristalsis in abdominal diseases, types of visible, 42-45  
 Peritoneal cavity, drainage of, 75, 104  
 — fossæ, 25-27  
 Peritoneum, anatomy of, 22-29  
 —, functions of, 81-84  
 —, pelvic, 28, 29  
 Peritonitis, appendicular, 310, 318, 341, 347  
 — at the extremes of life, 96, 97  
 —, auscultation in, 95  
 —, bacteriology of, 85-88  
 —, blood changes in, 95  
 —, classification of, 84  
 —, complicated tuberculous, 137-141  
 —, differential diagnosis of, 97-99  
 —, drainage in, 75, 104  
 —, examination of urine in, 96  
 —, gonococcal, 113-117  
 —, local, 120  
 —, morbid anatomy of, 80  
 —, physical signs of, 92-96  
 —, pneumococcal, 108-113  
 Peritonitis, post-operative treatment of, 105  
 —, pre-operative treatment of, 100-102  
 —, puerperal, 117-120  
 —, serum therapy in, 106  
 —, symptoms of, 90-92  
 —, technique of operation, 102-105  
 —, treatment of, 99-108  
 —, vaccines in, 106  
 Peri-typhlitis, appendicular, 315  
 —, operative treatment of local appendicular, 341  
 Physical signs in abdominal diseases, 37-41  
 — signs of peritonitis, 92-96  
 Plane, infra costal, 1  
 — inter-tubercular, 1, 3  
 —, lateral vertical, 1, 3  
 —, trans-pyloric, 3  
 Pleurisy simulating acute abdominal lesions, 558  
 Pneumococcal peritonitis, 108-113  
 Pneumonia, complicated by acute dilatation of the stomach, 557  
 —, simulating acute abdominal lesions, 555-558  
 Pneumothorax simulating acute abdominal lesions, 558  
 Poisoning, phosphorus, 388  
 Portal thrombosis, 455-459  
 — vein, 19  
 Posterior nerve root lesions, simulating abdominal lesions, 560  
 Post-operative treatment of peritonitis, 105  
 Pouch of Douglas, 21, 29  
 Pregnancy, ectopic, 437-442  
 —, pernicious vomiting of, simulating acute abdominal lesions, 562  
 Proctoclysis, saline, 77, 344  
 Puerperal peritonitis, 117-120  
 Pulse, in abdominal diseases, 39  
 Purpura, Henoch's, 459-463  
 Pyelophlebitis, 455-459  
 RECTUM, anatomy of, 9  
 —, intestinal obstruction caused by carcinoma of, 201-203  
 Renal colic, 427-429  
 Residual abscess, 136  
 Rupture of bladder, 545-551  
 — of colon, 542  
 — of duodenum, 530
