AIM IS TO FOSTER SOUND GOVERNMENT

Russian Affairs Are to Have Priority at the Peace Conference.

London, Jan. 2.—Russian affairs are causing the British Foreign Office considerable anxiety, says The Mail. The necessity of formulating a definite policy as to Russia is extremely urgent, and it has been decided that the Russian question will be the first to be discussed at the peace conference, it is said.

“It is presumed that all the allied nations are overwhelmingly against armed intervention by an expeditionary force,” says the newspaper. The British Government has also decided that an expedition is impossible, preferring to encourage the creation of a stable government in Russia, altho the origin of such a government is at present quite obscure. In the meantime munitions and instructors are being sent to the true Russian armies in the south, in Siberia, and the forces on the borders of Poland and Finland.

“Large cargoes of food were recently sent to northern Russia for the purpose of feeding the people living in the districts under allied control. There was considerable allied force on the Russian coast being withdrawn.”

PULLED DOWN THE BUST OF FORMER EMPEROR

American Army of Occupation, Jan. 2.—In Mayen, west of Coblenz, where the American 3rd army had its headquarters before moving to Coblenz, a life-sized bronze bust of former Emperor William for years stood in a little park near the centre of the town. During the war, when German newspapers reported victories, the bust was decorated with wreaths and the pedestal was swathed with the German flag. Always during the four years of the war the little park was carefully tended.

With the abdication of the emperor the civilians of Mayen rather lost interest in the village park and the emperor's bust. For three weeks, with Americans billeted in nearly every house in Mayen, the bust occupied its usual place.

With the coming of New Year's morning the bust and pedestal had disappeared. Down the road leading to the creek was a trail in the mud as if something had been dragged along at the end of a rope.

SELECTIVE BASIS FOR DEMOBILIZATION

Of Ten Million People in Britain in War Work, Nearly Million Released.

London, Jan. 2.—Reuters has received the following statement in regard to demobilization in Great Britain, affecting at least ten million men and women who were engaged in Britain's war effort and of whom 775,000 have already been released, including 270,000 soldiers and sailors, 115,000 returned prisoners and 390,000 munition workers:

The three factors governing demobilization are the size of the British army, which must for the present be maintained at a level of 1,000,000 men; the need to settle by Marshal Foch in conference with the allies holding the machinery of discharge, and thirdly the economic situation at home.

At the present time demobilization is proceeding on a selective basis as distinct from discharge by units. The men being selected as far as possible among those who are most essential to industry. Obviously to demobilize the seven million men of the army and navy on a selective basis is a colossal task.

Moreover the army has been moving forward with many services working at a higher standard than during the fighting. Should the existing strain on the armies be relieved there will be a change from the selective basis of demobilization to the industrial basis, while later it may be possible to work on a formation basis, bringing the formation home and then demobilizing collectively.

One Great Problem.

One of the great problems is transportation, especially over the devastated areas of France. Marshal Foch declared that on a selective basis the maximum he can discharge from the army in France is ten thousand daily, while on a non-selective basis he can release twenty-two thousand daily with the same transportation facilities. By opening a passage thru Antwerp it would be possible considerably to increase these numbers, but the step would take time. At the present time 272,000 people are drawing out of work benefit, while the out of work population is advancing to 17 per thousand of the total population weekly.

Consequently, in demobilizing the unemployment factor must steadily be borne in mind. The authorities are, however, not alarmed at the present situation. There exists a good deal of optimism regarding the revival of industry, and it is believed that a boom will come later.

TROOP TRAIN IN ON SCHEDULE TIME

First Batch From Carmania Arrive in City Well Satisfied.

The first train with soldiers who came over on the S. S. Carmania arrived at North Toronto yesterday afternoon at 2.45 sharp on schedule time, and was met by a large crowd that had assembled to greet them. Among those who were noticed on the platform were Brig.-Gen. Gunn, Mayor T. L. Church, Major Gibson, Col. Dodge, Lieut.-Col. Bennett, Major (Rev.) Canon Dixon, Major Larter, Controller McBride, and Johnson and Ramsden. Owing to the fact that this was the first train coming from Halifax since time things might have been a little cleaner, fresher and abundant.

Many volunteers motors were on hand to take the men to their homes with their families. One hundred and seventy men for out of town points were taken to the Red Triangle Club, where they were accommodated until their trains left for their home towns. Fifty of these were Americans who had enlisted with the Canadian forces.

As soon as the men began leaving the coaches a motion picture operator filmed them, and they were quite in good spirits for the purpose. One man immediately on catching sight of T. L. Church shouted, “Three cheers for the mayor.”

On the ground floor the people were so closely packed that the C.G.R. detachment had considerable difficulty in keeping the lane clear. Before the train arrived the Salvation Army Band contributed enlivening airs. There were many happy scenes as mothers and wives welcomed their men back.

Capt. Clarke Wallace, the conducting officer, expressed himself as satisfied with the treatment given to all on board the ship. The men generally had no complaints, altho it being around Christmas time things might have been a little cleaner, fresher and abundant.

The second train ought to arrive this afternoon. All information may be secured from the military bureau at North Toronto.

SNUB FOR LIEBKNECHT AT SESSION OF “REDS”

Copenhagen, Jan. 2.—Dr. Karl Liebknecht was given a sharp defeat in the Spartacist congress at Berlin on Tuesday, according to advices received here.

Dr. Liebknecht advocated participation by the Spartacist element in the election of members of the National Assembly on the ground that the party might be able to influence the composition of the assembly.

Rosa Luxemburg, one of the Spartacist leaders, replied in a violent speech declaring, amid thunders of applause that “the meeting of the national assembly must be prevented at all costs.” Dr. Liebknecht's proposal was defeated by a vote of 88 to 23.

SERVES THIRD-CENTURY.

Kingston, Jan. 2.—Archibald Hanley, deputy collector of the inland revenue department, is retiring shortly, following his leave of absence which began on January 1. Mr. Hanley's connection with the local inland revenue office began in July, 1880, a stretch of over 38 years in the local office.

VETERANS RETURN.

Chatham, Jan. 2.—Four veterans arrived in Chatham yesterday, having given a royal welcome by hundreds of citizens. The returned soldiers are Pte. Robert Emans, Pte. W. Turner, Pte. Bryce Dunlop and Pte. Brown.

JUBILEE OPENING OF T. EATON STORE

Mrs. Timothy Eaton Honored by Staff of Big Firm.

INSPIRING SCENES

Thousands Crowd Aisles and Join in Singing of Doxology.

It was a well-staged pageant, but all so natural, that of the jubilee year opening of the T. Eaton Company stores yesterday morning by Mrs. Timothy Eaton. Mrs. Eaton, accompanied by Sir John Eaton, was driven up to the front door on Yonge street at exactly 8.30, where a large crowd had assembled. Mrs. Eaton was conducted to the door by Sir John, followed by Lady Eaton, Timothy Eaton, Jr., her son, and several other members and relatives of the family.

Mrs. Eaton was dressed in a fur mantle and Jark hat, and Sir John in morning dress, overcoat and tall hat. Sir John handed a golden key to a lady to the right of a main battery of elevators in which the procession was distributed and taken up one floor, where they got out and immediately turned south to another battery of elevators, which carried up to the next floor, and then northward across the store, amid thousands of cheering and applauding employees and public. On passing along the first floor Mrs. Timothy Eaton saw the mother of Lady Eaton in the line of admiring friends. There another heartfelt tribute was given to her by Sir John and her sisterly kiss. It was the real dramatic event of the glad procession.

Cheering Thousands.

The same procession movement was continued up to the top. Thence the party descended by elevators to the basement and by the tunnel to the big furniture department, where thousands of cheering members of the service greeted them. The floral decorations continued in this building. In another heart-felt tribute was paid to Sir John Eaton and the lady who was the wife of the founder of the business. After the singing of “O Canada,” the National Anthem by the choir, which had assembled in this building also, a more personal note of gratitude was struck by the crowd of employees and the public, who had pushed their way in to this building also, by the singing of “For He's a Jolly Good Fellow” in honor of Sir John himself.

The work people of the big store and factories were evidently returning thanks for the holidays that had been promised them in commemoration of the occasion.

Mrs. Eaton was given a further pleasure here by being presented with a model of the original store in which she and her husband began their business fifty years ago. This model was made of gold and contained the golden key with which she had opened the store.

The store throut was decorated with flowers, electric transparencies, banners and rich furnishings.

Those Present.

Among the distinguished guests who were present to join in the celebration and who were afterwards entertained at luncheon were: Mrs. Eaton, Mrs. Marshall, Sir John and Lady Eaton, Master Timothy Eaton, Master John David Eaton, Mr. and Mrs. Chas. Bishop, Mr. and Mrs. Chas. Burden, Major and Mrs. W. F. Eaton, Miss Josephine Eaton, Mr. C. G. Beatty, Mrs. E. V. Eaton, Mr. and Mrs. Coulson, Colonel Billie Bishop and Mrs. Bishop, Capt. Harry Burden and Miss Bishop, Mrs. J. H. Houser, Mrs. Irving Walker, Mrs. Colonel Nasmith, Mrs. Roberts, Rev. C. A. Williams, Rev. Dr. Joseph

LADY EATON.

Odery, Mrs. McCrea, Mrs. Mulligan, Miss McCrea, Mr. John McCrea, Mayor Church, Brig.-Gen. Gunn.

AUTOMATIC SPRINKLERS ADD TO LOSS.

More loss was sustained by the Cowan Chocolate Company at their factory at 72 Sterling road thru damage caused by water than by the fire, which was the cause of the water being used, last evening. The total loss to the building caused by the flames amounts to only \$75, while it is estimated that \$4000 damage was done to the contents by the excess amount of water freed by the automatic sprinklers which the company had installed thruout the plant. The cause of the fire was unknown by the fire department.

FELL FROM WINDOW.

Matthew Milburn of 206 Campbell avenue while putting a pane of glass into a second story window in a building on Ontario street fell and fractured his right wrist and sprained his back. He was removed to St. Michael's Hospital.

FIRE AT FORT WILLIAM DESTROYS BIG ELEVATOR

Fort William, Jan. 2.—Fire destroyed the 100,000-bushel clearing elevator of Parrish and Heimbecker, on the industrial spur, Mary street, at noon today. The alarm was turned in at 11.45 o'clock, and before 2 o'clock the frame building was level with the ground, the whole structure collapsing with a crash. From the time the fire was discovered all possibility of saving the elevator was out of the question, and the efforts of the fire-fighters were turned to saving the houses in the vicinity from catching fire from blazing brands which were blown on to the adjoining roofs. Several houses were set on fire, but the brigade managed to hold them all in control.

The loss is estimated at \$250,000 on buildings and 80,000 bushels of wheat contained therein, and will be fairly well covered by insurance, the no complete statement has been given out. The building was of wood, with galvanized iron outer sheathing, and built in 1912.

PLUNGES INTO CANAL.

St. Catharines, Jan. 2.—Plunging into the old Welland Canal, Charles Morris was prevented from ending his life by drowning by two youths who heard the splash. Firemen revived him by the use of a pulmotor and took him to the General and Marine Hospital, where tonight pneumonia had developed. Morris is said to have been suffering from alcoholism.

GALT FIRE STILL BURNS.

Galt, Jan. 2.—The fire at Glennie & Moore, Ltd., cold storage plant, which was discovered Tuesday night, and which has resulted in loss of \$40,000, is still burning tonight. Firemen have been continuously on the job since the alarm was rung in.

“FLU” AT WOODSTOCK.

Woodstock, Jan. 2.—Considerable pressure is being brought to bear on the board of health to take some action in combating the second epidemic of “flu” now prevalent here. The M.H.O. will recommend to the provincial board that permission be granted to placard and quarantine all houses where the “flu” exists.

BOLSHEVİK LITERATURE.

Brantford, Jan. 2.—This city has been flooded with little books and pamphlets of the Red Terror of Russia. The police have received copies, and are following the matter up. The literature was Bolshevik in tendency.

ROWDYISM AT CHATHAM.
Chatham, Jan. 2.—Residents of Wheat-
ley have appealed to the county police
for protection against acts of hooliganism
on the part of a gang of young men.
Ten will appear in the county police
court on charges of throwing stones and
bricks at houses, general rowdiness, ris-
ing horses on the streets, using insulting
language. Residents charge that this
hooliganism has been prevalent for two
weeks, and has been at its worst on
