TRAFFIC IN HUMAN LIVES.

Justice Clute's Comment in Sentencing Mrs. Miller to Two Years.

Mrs. Lillian Miller was yesterday sentenced to two years' imprisonment for supplying noxious drugs. Justice Clute refused the reserve case asked for by J. M. Godfrey, who pleaded for leniency for his client, in that she had already spent seven weeks in jail, that she had never appeared before in any court, and had been engaged in a business which had a legal construction. It was the deviation from that that caused the harm.

Justice Clute said she was charged with administering various drugs to procure an abortion, and again with selling the same. On the first charge the evidence leaves no doubt of the abominable traffic in which you were engaged; the letters from married women show that they were in a desperate straits. This has been disclosed in my experience on the bench—a wide traffic in human life. Each one of these women laid herself open to imprisonment for life," was his condemnation of her trade.

Are You Dying With Heart Disease

Sometimes you wake up, heart throbbing like a steam engine. Your breathing is short and irregular; pains shoot thru the chest and abdomen and cause horrible anxiety. Your trouble isn't with the heart at all.

These sensations are the outcome of indigestion, which has caused gas to form on the stomach and press against the heart.

But how long can your heart stand this?

You know well enough it will soon play out.

Then remove the cause.

It can be done with Dr. Hamilton's Pills: they correct digestion, tone up the liver and kidneys, guarantee you freedom from further attacks.

Is it not your plain duty to get this grand remedy to-day?

Better you are sure to feel at once. Just read what happened to Isaac Maloux, of Belle River, Ont. He used Dr. Hamilton's Pills—they made a new man of him.

"Three months ago I was a weak, sickly man. My appetite was poor, food fermented in my stomach, and I had sour risings and indigestion. At night I would often waken with gas in the stomach and heart palpitation. I consulted my doctor, and used remedies that my friends advised. Nothing helped.

"One day I received a sample of Dr. Hamilton's Pills, and my cure commenced. To-day I have a vigorous appetite, strong heart action and no sign of indigestion. I feel younger and healthier than ever before."

Your dealer sells Dr. Hamilton's Pills, 25c per box, or five boxes for \$1.

WON'T REOPEN QUESTION OF JAMES ST. EXTENSION

Works Committee So Express Themselves—Estimates Inspected and Some Slashing Done.

Decided opposition to the entertaining of the appeal of property owners against the extension of James-street was expressed by members of the civic works committee when the petition against the improvement was submitted at the meeting yesterday afternoon.

Controller Hubbard and Ald. McGhie, the former chairman of the committee, marshaled the facts of the case in very effective style, pointing out very clearly the persistence previously shown by the most prominent of the present petitioners, in urging the extension of the street to Richmond-street, and the emphasis with which the property owners had declared that they would be benefited by the undertaking. The sentiment expressed was that no further time should be taken up in considering a matter that had been worn threadbare in discussion for two years, and had been finally settled by the city council. Ald. Keele and Ald. Lytle alone opposed the former on the ground of the altered basis of assessment, and the latter holding the personal view that the extension was not required.

The deputations of legal counsel for the petitioning property owners did not wish to present their arguments without further consultation among themselves, the committee was anxious to have the whole matter summarily disposed of. The deputation withdrew on the understanding that they would be heard in two or three weeks' time.

Controller Hubbard made a strong speech in opposition to the opening anew of discussion on the subject. "The extension has passed all stages and the petition is outside the pale of the law altogether," he asserted. "Everybody must admit that it is in the public interest to have the street opened, and of great advantage to the people, whose property is adjoining." He understood that one of the largest property owners proposed to open up a lane for the firm's own use. A lane in front of the city hall would be most objectionable, and very detrimental to the value of surrounding property.

Street Railway Prosecution. Controller Hubbard gave indication that he is not in sympathy with Controller Hocken's policy of widdling a club in street railway controversies. "I will go as far as the law allows, not one step further," he declared in discussion upon the city solicitor's report on Ald. James Hales' motion for an opinion from Mr. Chisholm on whether the railway could be criminally indicted for maintaining a nuisance in its "disgraceful and indecent overcrowding."

Mr. Chisholm reported that section 181 of the criminal code defined a common nuisance as an unlawful act or omission which endangers the lives, safety or health of the public, while, by section 192, a person could be imprisoned for one year or fined for such offence. Section 183 provided that indictment under any other common nuisance charge should not be considered a criminal offence. The report added:

"Whether the nuisance complained of in connection with the overcrowding of cars is one which endangers the lives, safety, health, property or comfort of the public, etc., is entirely a matter of evidence. If it is merely the comfort of the public which is interfered with, then, although it is by the code declared not to be a criminal offence, the remedy by indictment and all necessary judgments and orders may be made to abate or remedy the nuisance."

Ald. Hales showed some hesitancy about pressing that the motion be sent to the board of control, and Ald. Keele declared he was quite ready to take the responsibility.

"I don't want to embarrass the board of control," said Ald. Hales indignantly, and there was laughter.

The motion passed on to the board.

Engineer's Estimates. The committee then turned its attention to the city engineer's estimates. These amounted to \$86,535.92, including \$250,000 for a new 15,000-gallon pumping engine, for which expenditure a special by-law must be submitted to the voters. When the committee rose, \$107,000 had been pared, leaving \$75,535.92 as the estimates to go forward to the board of control.

The first item, \$50,000 for local improvements, etc., on roadways, went thru without comment, as also did \$40,000 for asphalt repairs. Ald. Foster suggested that the European patrol system of repairing macadam should be tried, and Mr. Rust said that the experiment would be made. Controller Hubbard wanted \$8000 struck off, out his wish wasn't gratified.

"It's not too much for 450 miles of sidewalks," said Mr. Rust in defence of the \$16,000 asked for the purpose. In the debate that followed, Ald. J. J. Graham advocated the use of granolithic and the elimination in entirety of board sidewalks. Mr. Rust assured them that these were being replaced as rapidly as possible.

Having trimmed \$4000 from this item the committee proceeded to reduce by \$1000 the \$8000 estimate for street tables and house numbering. Incidentally Controller Hubbard took a fall out of the block numbering system, which he declared had caused friction, amounting even to local feuds.

Rate of the Viaduct. Mr. Rust explained as to the appropriation of \$2500 for eastern railway entrances that \$12,000 would be needed because of the extra surveying for the viaduct scheme. This appropriation the board of control would be asked for.

"The viaduct will all end in smoke," prophesied Controller Hubbard, with strong emphasis.

For the keep of the tug National \$1000 was provided out of the estimate of \$2000. As it fell low, so once again was the Shaw-street bridge ruled out, a thing of \$45,000. The Crawford-street bridge fared better, the estimate, also of \$45,000, going thru. From the estimate of \$15,000 for these new public conveniences, \$5000 was deducted and \$1000 struck from the \$5000 estimate for their maintenance.

Unexpectedly the big item of \$200,000 for a storm overflow sewer from the Wilton-avenue, Agnes-street and University-crescent, went thru without a dissenting word.

Ald. Whytock couldn't see the need for a new 15,000-gallon engine for the main pumping station, a cost \$250,000. Mr. Rust said that some of the present engines had been in use for 30 years and that there was danger of breakdown.

"This matter will have to go to a vote of the people," remarked Ald. Geary.

Objects to Meters. Ald. Foster was roused to warmth by the \$100,000 appropriation requested for water meters. He proposed to the whole principle of meters, as tending to discourage the use of the garden and the lawns.

Ald. Lytle agreed. It was not intended to expel meters into every house, but he held that water should be measured as were electricity and gas. The cost of meters per capita per day to 60 cents. However, the \$100,000 estimate was halved.

Toronto Electric Light Co. The city will, thru the city solicitor, oppose the Toronto Electric Light Co.'s application to be allowed to increase its capital stock.

The city engineer reported that he had seen Manager Fleming at the city hall, and that Mr. Fleming had verbally promised that the practice would be discontinued.

Union Station Plans. The city engineer stated that, in his recent visit to New York, he conferred on the new Union Station plans with G. B. Francis, the author. Mr. Francis told him that it would not be possible to have a "dead end," or terminal station, facing on Front-street, but would have to face either east or west, while the main building would not be on Front-street at all. If the station were located on King-street, both Front and Wellington-streets would have to be closed.

Controller Hubbard objected to an interim appropriation of \$6000 being given Commissioner Thompson to be spent in advertising Toronto as a summer resort. Four thousand dollars was approved.

The city has power to lay down a spur line into Ashbridge's Marsh, so the city solicitor advised, pending definite proceedings being taken by the railways for the expropriation of a right of way.

The Ontario Railway Board yesterday received the city's application, asking that the interim order be varied so that the cars will turn to the city engineer's routes. Another application received asks that the railway be restrained from depositing "snow, ice or other material" on the streets without Mr. Rust's sanction. It is asked that these applications be considered within ten days, or earlier.

The deaths from contagious diseases during January were: Diphtheria 4, whooping cough 2, typhoid 3, tuberculosis 18, pneumonia 37.

Dr. Sheard was granted an interim appropriation of \$2000 for the purchase of horses for the municipal cartage system.

The parks commissioner and the assessment commissioner will inspect lakefront property east of the Don, including Munro and Victoria parks, with a view to recommending the purchase of park land.

A new exhibition attraction, an electric scenic railway, is to be installed at a cost of \$22,000.

STOCKTAKING Fur Sale

This means that as a last chance to reduce our winter stock, we are placing greater reductions on our furs and other lines than anyone ever expected to see. When stocktaking time comes we want the very smallest possible stock on hand. If you will help us by buying, we will help you by price saving. We are continually announcing fresh lines and odd pieces at prices far below the real worth. Read the ads.

- 5 Persian Lamb Jackets, double-breasted military front, black braid trimmings, high storm collar, large glossy curl, length 24 in. sizes 34 to 40, regular price \$125, for... **85.00**

The February Furniture Sale

Monday we start—Here's the looked-for programme of February reductions.

JUST AS JANUARY is a white goods month, so February is a furniture month, and has been in this store for many years. We take pride to-day in printing a summary of the representative goods to be offered at discounts during this February sale. We start Monday with

- \$12,000.00 Worth of Underbought Furniture**
- and more will be added from time to time during the month. The saving our February customers will effect ranges from 15% to 50%. The goods we speak of are all freshly arrived in the store, and bought particularly for this sale from manufacturers who had clearing lots to sell below the market price.
- If you have houses to furnish or furniture to buy, no matter for what purpose, we know you'll be keenly alive to the savings on the goods outlined in these paragraphs. We have made them very brief and tried to suggest the full range of the goods offered. We know that figures mean more than words sometimes. Come Monday and look for yellow tickets.
- Sideboards, beautifully finished... \$11 to \$125
 - Extension Tables, elm, oak and mahogany... \$6.95 to \$63.50
 - Dinner Wagons, oak and mahogany... \$7.50 to \$33
 - China Cabinets, oak and mahogany... \$12.50 to \$152.50
 - Parlor Suites, 3 pieces, birch mahogany, solid mahogany and stuff-over designs... \$21.50 to \$145
 - Parlor Chairs, silk upholstered... \$6.85 to \$35
 - Parlor Cabinets, mahogany... \$8 to \$75
 - Divans, richly upholstered... \$15.50 to \$80
 - Parlor Tables, plain or fancy... \$9c to \$37.50
 - Bedroom Suites, magnificent designs, elm, ash, oak, mahogany and walnut... \$21 to \$235
 - Dressers... \$9 to \$120
 - Chiffoniers... \$14 to \$80
 - Brass Bedsteads... \$19.90 to \$175
 - Iron Bedsteads... \$2.90 to \$29.50
 - Leather Easy Chairs... \$38.50 to \$67
 - Morris Chairs... \$5.75 to \$35
 - Den Tables, early English... \$4 to \$25
 - Den Chairs, early English... \$4.50 to \$47.50
 - Library Tables, oak or mahogany... \$6.75 to \$25
 - Rockers... \$1 to \$42.50

OBITUARY.

Alexander Drake. A well-known wholesale man of this city, died at the General Hospital early yesterday morning. He was in the 57th year of his age, and until a few weeks ago had been the senior partner of the firm of Drake, Hamby & Co., Wellington-street. His demise was sudden and early in life he carried on business at Florence, Ont., and later in Winnipeg, B.C. He was born in Toronto, Ontario, and later in Winnipeg, B.C. He was born in Toronto, Ontario, and later in Winnipeg, B.C.

Are You Weak Instead of Strong?

You are discouraged. You feel old and worn. You are sick, but not aware of the fact. You can drag yourself around—but work is impossible. With your stomach crying out for assistance and the nerves all on edge, why not try Ferrozzone—it will surely do you good. Ferrozzone is a wonderful combination of vegetable extracts, fortified by excellent tonics for the nerves and stomach. When you feel despondent, Ferrozzone cheers you up. When languor and oppression weigh you down, Ferrozzone braces you up. When sleep is impossible, Ferrozzone calms the nerves and gives you rest. For bounding health, good looks, good spirits, nothing equals Ferrozzone; makes the weak strong and the sick well. Good for men, women and children; try Ferrozzone, 50c per box at all dealers.

DIVIDEND NOTICES.

The Sovereign Bank of Canada
—QUARTERLY DIVIDEND.—
Notice is hereby given that a dividend of one and one-half per cent. (1 1/2 per cent.) for the quarter ending 31st January, being at the rate of 6 per cent. per annum, on the capital stock of this Bank, has been declared, and that the same will be payable at the head office and at the branches on and after Saturday, the 16th day of February next. The transfer books will be closed from 1st to 15th February, both days inclusive. By order of the Board, D. M. Stewart, General Manager, Toronto, 20th December, 1906.
