Mednesday Evening, Dec. 21.

After the hesitation of the past few days the stock market resumed the strong forward movement. Securities fairly boomed on Wall-street to-day and Canadian stocks also sought higher levels.

Om Wall-street the leaders were Union Pacifics and B.O.'s, which moved upwards on a reported movement towards a transcontinental deal. Federal Steel stocks advanced. Atthisons were easier and Sugar was erratic.

On the Canadian stock exchanges quotations were steady to higher. War Eagle and Cariboo moved upwards and Toronto Rallway advanced. Yesterday's tip of an advance in the last named issue seems to be well-founded.

Chicago Gossip.

Henry A. King & Co., 12 King-street east, received the following despatch to-day from Chicago:

Wheat—During the first half of the session wheat relied very dull, and influenced by weak cables and large Northwest receipts. The weakness did not prevail long, for around 57c orders seemed to come in to buy, which gradually advanced the price a full cent from low point. The flour situation in the Northwest reported very satisfactory, with mills behind in their orders. Prices are firm and 10c higher than last week with foreigns showing more disposition to buy. Soothern mills are disposition to buy. Northwest had 819 cars, against 472 last year, and primary receipts were about 300,000 bushels over a year ago. Argentina weather was reported more favorable, while Californah had rains in the wheat section. The price of wheat was helped considerably by the great strength in corn. Paris closed firm, 10c to 20c high-in corn. Paris closed firm

12 Phones 592 and 2075. New York Gossip.

Henry A. King & Co., 12 King street east, received the following despatch to-day from New York?

The market was dominated by Federal Steel, while other Flower stocks shared in the boom. U.P. and B. & O. were strong, on the syndicate purchase of the Alton road. There were some weak features. Atchison issues, after an opening above yesterday's close, became weak. C. & O. and N.Y.C. made declines. Sugar was erratic, on the bad trade conditions. The market closed at the top for the most of the specialties, and was generally strong.
