JOHN CATTO & SON

King Street, Opposite the Postoffice.

CATAMOUNT ATTACKS CYCLIST.

Both Rolled From the Wheel Into a River—Rider Had a Narrow Escape.

Williamsport, Pa., June 28.—James Weller, a carpenter, of this city, had a fight last night with a catamount and is now near death from a laceration in the chest.

Weller started into the lumber country on a bicycle. The moon was shining brightly, but on account of the rough roads Weller was obliged to ride slowly. The bicycle path is on the river side of the road, and a mountain bled the opposite side.

Just as the rider was passing the famous ice cave a catamount sprang from the mountainside and landed on his back, at the same time knocking wheel, rider and all down over the embankment and into the river. As they rolled down the slope the animal tore pieces of flesh out of Weller's back, bit him in the right cheek and tore his clothes to shreds.

Even after they struck the water the animal clung to him. Weller finally succeeded in fighting it off, and wading out of the river lay on the bank until discovered by a lumberman.

TRIAL OF EARL RUSSELL.

Committee of Peers Appointed By the House of Lords to Deal With Bigamy Charge.

London, June 28.—At a special meeting of the House of Lords to-day a committee was appointed to arrange the procedure to bring Earl Russell, recently committed for trial at the old Bailey, on the charge of bigamy, to a speedy trial by his peers. The committee includes the Lord Chancellor, Lord Halsbury, the Lord Privy Seal, Lord Salisbury, and twelve other peers.

At "Go Home" River.

Ottawa, June 28.—Word has been received by the Marine Department that the main laboratory of the Biological Station established on the "Go Home" River, sixteen miles from Montreal, for the scientific investigation of the waters of Georgian Bay, will be completed within a few days. The house, being built in connection with the station will also be ready about the same time. Investigation work will therefore commence almost immediately. Prof. Price, Dominion Commissioner of Fisheries, expects to have the station ready early in July. The following is prepared as part of the season's work: Food and habits of whitefish, lake herring, black bass, sturgeon and pickerel, young stages of valuable species of fish, parasites and diseases of fish, and habits of fish in connection with fish culture, with special reference to atmospheric electricity.

Ticket of Leave Man.

Ottawa, June 28.—D. J. McGillivray, Secretary of the Montreal Cold Storage Company, who was sentenced to three years imprisonment for fraud upon the Merchants' Bank of Halifax at Montreal, at the beginning of last winter, has been released upon ticket of leave. Numerous petitions for McGillivray's release were received by the government, accompanied by evidence that he was more reformed than sinning.

A MISTAKE AGAINST CHINA

Overcharge of 35,000,000 Taels in the Indemnity Account Has Been Discovered.

AN ERROR MADE IN CALCULATION

And Now the Question Comes Up as to What Will Be Done With Surplus.

Washington, June 28.—A curious discrepancy concerning the amount of the Chinese indemnities has developed, by which it appears that China has agreed to pay about 35,000,000 taels, or \$24,000,000, more than the United States demands of all the powers. Just how this occurred is not clear to officials, but it appears to have been an error of calculation at Peking in the first place by those making up the indemnities, and later by the Chinese in their hasty acceptance of the total. As finally made up, this total was 450,000,000 taels, but the present calculation, after taking in all of the demands that are known, makes the total only 415,000,000 taels. In the meantime, China has agreed to pay the larger amount, so that the question now arises what will become of the excess of 35,000,000 taels.

Another question which has arisen in this connection is as to the amount of bonds which shall be issued to Japan, as that country has drawn attention to the fact that its share of indemnity cannot be negotiated on as favorable terms as some of the powers can make. It is understood that the matter has been considered of sufficient importance to bring to the attention of the President, with a view to learning the general attitude of this government on the matter.

Chinese Exiles in Turkestan.

Peking, June 28.—Word has been received here of the arrival of Liu Kun Yi, the viceroy of Xinjiang, in a Russian coastal station at Ulumsk, Turkestan, in which place of banishment they have been sentenced to reside. A Russian consul is stationed at Ulumsk, and he will notify the Russian government about the banished Chinese leave that place.

Want Them to Leave Shanghai.

Shanghai, June 28.—The Postal, Sheng, at the request of Liu Kun Yi, the viceroy of Xinjiang, visited all the consuls to-day and urged that as the foreign forces were leaving Peking they ought also to evacuate Shanghai. The consuls are referring the matter to their respective governments.

PUDDLERS TO GET MORE PAY.

Prospect of an Amicable Settlement of the Iron Wage Scale at an Advance.

Pittsburg, June 28.—The conference between the committee of the Amalgamated Association and representatives of the Republic Iron and Steel Company, was resumed here to-day and the indications point to the signing of the iron wage scale before the day closes.

At the morning session it was practically agreed to advance the base of the scale from 44.75, which has been in effect since 1900, to 45.00, an advance of about 0.25 per cent. At the present rate for bar iron under the new scale, the puddlers will receive \$5.50 a ton after July 1, an advance of 25 cents.

The committee subsequently approved the legislation proposed to enable Charles T. Yorke to electify the roads subject to the decision of the arbitrator and the engineers appointed by the respective railroads in regard to the system to be installed.

Pan-American Tourists.

After the band of the Exposition, many tourists will avail themselves of a few days, or longer, in the Highlands of Ontario. Probably the finest view in all this Muskoka region is from the point of view of the Muskoka Lakes. The Muskoka Lakes are situated in a narrow, winding valley, and are surrounded by high, rugged mountains. The water is clear and deep, and the scenery is beautiful. The Muskoka Lakes are a popular resort for tourists, and are well worth a visit.

YERKES COMES OUT ON TOP.

After a Good Deal of Controversy He Gets the Job of Electrifying London Underground.

London, June 28.—The Parliamentary Committee, having the matter in charge, was again occupied to-day with the question of electrification of the underground railways, as the companies are unable to settle their difference as to whether the Yerkes or the Siemens system shall be installed. The committee eventually decided that the Board of Trade should appoint an arbitrator to decide the matter.

Many Women Fainted.

It was, however, a very crowded and very noisy affair. At times it was impossible to move. The crowd altogether ruined the splendid decorations which cost thousands of pounds, and many of the decorations were damaged. The Yerkes system was chosen by the Board of Trade, and the Siemens system was rejected.

ALONG THE WATERFRONT.

There was an unprecedented rush on the boats yesterday, the intense heat driving the people to the waterfront in thousands. The crowd altogether ruined the splendid decorations which cost thousands of pounds, and many of the decorations were damaged. The Yerkes system was chosen by the Board of Trade, and the Siemens system was rejected.

They Spoiled the Targets.

Artillery Competition at Deseronto Developed Good Shooting.

Deseronto, June 28.—The competition at the artillery camp, which was to have taken place on all to-day, the 2nd, 4th and 8th Field Batteries, ended at noon, on account of the firing being so accurate. The targets were sent for further use. The result of the competition cannot be given for the above account. Montreal 3rd Field Battery will fire to-morrow morning.

MUST KEEP CLEAR OF POLITICS.

Catholic Religious Processions in Spain Will Be Protected if They Are Non-Political.

Madrid, June 28.—The discussion of the religious conflicts in Spain led to such a tumult in the Chamber of Deputies last night that the sitting had been adjourned. Senor Silveira led the attack upon the government, but his remarks were drowned in a storm of Republican hisses and protests. The Minister of the Interior, Senor Portu, promised to protect Catholic religious demonstrations so long as they were not of a political character.

YOU CAN CURE IT.

A New Cure for Catarrh in the Bladder.

The old time treatment for catarrh was in the form of douches or injections, but internal remedies were given with greater success, but being in liquid or powder form were inconvenient and were open to the same objection as all liquid remedies, that if they were to be of any medicinal power they must have had exposure to the air.

The table is the ideal form in which to administer medication, and in which the most successful catarrh tablet had ever been attempted.

In this writing, however, a most excellent and palatable remedy for catarrh has been put before the public and sold by druggists, called Stuart's Catarrh Tablets, composed of the most refined and purest ingredients for the cure of catarrh, and results from their use have been highly gratifying.

Stuart's Catarrh Tablets contain principally highly concentrated antiseptics which kill the catarrh germs in the blood and membranes, and are modern, safe, and are actually scientific and modern. As it has been known for some years past by the medical profession that the most successful catarrh treatment was by inhaling, however, it is a nuisance and inconvenient, and moreover can in no wise compare with the same remedies given in tablet form, either in efficacy or convenience.

Good Roads Campaign Reports.

Mr. Campbell, good roads director, reported personally to Premier Ross yesterday on his trip recently to various parts of the province, and in relation to his visit next week to the Tomlinson district to lay out colonization roads there.

Route of the Black Diamond Express.

The Lehigh Valley Railroad is the route of this, the "black diamond" train in the world. It was put aboard the Dominion line steamship Caribean, prior to the sailing of that vessel yesterday from Liverpool, for Portland. Young Eastman ran away from home and enlisted in the British army. He informed his parents of the step he had taken, and they, thru Mr. Choate, the United States Ambassador, secured the young man's discharge. Mr. Choate packed him off to Liverpool, in care of an embassy clerk.

Men of Fallage.

Men of Fallage are the result of early marriage, and are the cause of many of the diseases of the male sex. They are the result of early marriage, and are the cause of many of the diseases of the male sex. They are the result of early marriage, and are the cause of many of the diseases of the male sex.

Old Hickory Furniture.

Whether for verandah or lawn or summer cottage—Old Hickory Furniture is all right. It is strong, rustic and tasty looking, and on account of the give and yield to hickory, it is decidedly comfortable. Remember that for quick selling we are giving a clean 20 per cent. off the marked price of all Old Hickory Furniture. Shoppers out of town may ask for catalogue—which will help them in a choice.

JOHN KAY, SON & CO., Limited

36-38 King Street West, Toronto.

CURES WEAK MEN FREE.

Send Name and Address To-day—You Can Have It Free and Be Strong and Vigorous For Life.

INSURES LOVE AND A HAPPY HOME.

How any man may quickly cure himself, completely brace me up. I am just as vigorous as when a boy and you cannot realize how happy I am.

"Dear Sir—Your method worked beautifully. Results were exactly what I needed. Strength and vigor have completely returned and enlargement is entirely satisfactory."

"Dear Sir—Tours was received and I had no trouble in making use of the receipt as directed and can truthfully say it is a boon to weak men. I am greatly improved in size, strength and vigor."

All correspondence is strictly confidential, mailed in plain, sealed envelope. The receipt is free for the asking and he saves every man to have it.

"Dear Sir—Please accept my sincere thanks for yours of recent date. I have given your treatment a thorough test and the benefit has been extraordinary. It has

Kay's "The Best in Furniture." Kay's

Probably no furniture made is more durable than real Austrian bent wood furniture made in Vienna. A large shipment of this furniture has been opened by us within the week. Not only is it exceptionally durable, but it is also light in weight, well finished, artistic and comfortable.

It is a splendid furniture for hotels, bedrooms, and sitting rooms where there is lots of wear, whilst some of it is fine enough looking to answer for the parlor.

Our assortment includes chairs, rocking chairs, clothes stands, umbrella stands, tables and other lines. We have quantities enough to fill the largest order, and are ready to give special quotations for quantities. Four or five lines to illustrate:

No. 54 Austrian Bent Wood Clothes Stand, finish, \$2.00, Mahogany, \$2.50.

No. 55 Austrian Bent Wood Chair, finish, \$1.50, Mahogany, \$2.00.

No. 56 Austrian Bent Wood Chair, finish, \$1.50, Mahogany, \$2.00.

No. 57 Austrian Bent Wood Chair, finish, \$1.50, Mahogany, \$
