

there. Since then we have received from him three letters containing much interesting information, also asking for reading matter, a box of which has been gathered and sent on to Nelson.

In the spring the working meeting of the society sent a large box of clothing to a missionary in the North West. Some of the garments were made by the ladies from material granted by the "Ladies' Aid," others, both new and cast off, were received from members of the congregation. All the things were very much appreciated by the family to whom they were sent. Since beginning our work for this season it was felt that less confusion would be caused if the sewing meetings were held altogether in connection with the "Ladies' Aid Society" and consequently this has been done.

At the sewing class held every Wednesday afternoon in Nazareth Street, the attendance has been very large, so much so, that the teachers have had much difficulty in overtaking the work, and earnestly desire more helpers. The average attendance has been 54 children and 6 teachers.

Respectfully submitted,

C. DAVIDSON, *Sec'y.*
