Hurrah for the winner! It takes nerve and red blood to win! Success to the athle to men in every walk of life depends upon Vim and Vigor as much as good generalship. The "staying quality," the tenacity of purpose, that carry off the honors in the field of athletics are born of a vigorous nervous system, powerful muscles and a bounding pulse, and it's the same qualities that constitute the foundation of success in every occupation. Rightly the world heaps honors upon the men of "push" and frown upon failure. "Victory to the brave, the battle to the strong."

Many a successful man of to-day-you can find him in the workshop, the mill, on the farm or holding high official position—remembers the time he sought my aid, and dates his success, his happiness in life, from the time he discovered and applied my grand remedy, ELECTRICITY. This wonderful force, when applied with the Dr. McLaughlin Electric Belt, is Nature's true Invigorator. It has made thousands of weak men strong and vigorous; has enabled them to turn defeat into victory; to achieve the success in this world that comes only to him who is able to put up a strong fight, a long fight, to conquer the obstacles that are ever in the path to fame and fortune.

The most powerful factor that has made my business a success is the warm recommendation given to my appliance by the men who have used it, and I continually place this evidence before you, day after day, week after week, month after month. You know that you are not the man you ought to be. You don't want to be a "misfit" forever. In this day of vast opportunities you can't afford to be merely a spectator all your life. Get some "live "ires" in your system! Build up your "Nerve Power" by a constant, steady infusion of the Electric Current, night after night, for a few weeks. Use the Dr. McLaughlin Electric Belt! It has transformed thousands of physical wrecks into successful men and women in the past, and is doing the same work to-day. Get on the "firing line!" Strike ful men and women in the past, and is doing the same work to-day. Get on the "firing line!" Strike out to the right, to the left, and the world will make room for you! Just read what people say who take my advice and use this Belt.

VARICOCELE-WEAK BACK - NERVES.

Dr. McLaughlin:

Dear Sir.—A short time ago I purchased one of your Belts. I am very pleased to say that I have received great benefit from it in every way. My Varicocele is almost gone and my back is much better. Before using your Belt, my nerves were in pretty bad shape—so bad that it interfered with my work. Any man can easily know what this means to me, as my health is greatly improved also, and I feel better than I have for the last five years, and work. Any man can easily know what this means to me, as my health is greatly improved also, and I feel better than I have for the last five years, and only wish I had had one of your Belts before. I have spent a considerable sum of money one way or another for different drugs, and to tell you the truth only wish I had had one of your Belts before. I have spent a operation, as that is what a doctor told me in a London, England, hospital. I I never thought there was a cure in the world for varicocele except an operation, as that is what a doctor told me in a London, England, hospital. I have for your kindness and all you have fone for me. You are at liberty to make any use of this you like in any of the papers, as I know it is thank you for your kindness and all you have fone for me. You are at liberty to make any use of this you like in any of the papers, as I know it is thank you for myself. I intend to recommend your Belt whenever I get a chance, as I think it is a God-send to any person to be in all true, as I have proved it for myself. I intend to recommend your sespectfully,

ALBERT RALPH.

YOU NEED NOT PAY UNTIL CURED

So pronounced are my cures, so strong is my faith in my belt ask is that you give me security for the Belt while you wear it. Mr. George J. Johnson, of Lis-
