General Realizing Movement Induces Reactionary Tendency Under Leadership of Kerr Lake-Little Nipissing Shares Firmer. PRICE OF SILVER.

World Office,

World Office, Friday Evening, Jan. 7. Kerr Lake continued on the down and again to-day, retreating 35 points of \$10 and closing two noints lower. Realizing by those who had bought at lower levels previous to the recent sensational advance and who preferred to take sure profits rather than chance further appreciation was held respon-sible for the easy tone and the profit-taking movement was continued to the close.

lity of Cobalt obalt Lake Mining Co

taking movement, was continued to the close. The weakness displayed by Kerr Lake was reflected by the lower priced issues in general. Beaver was off 3545 at one period, but firmed slightly to-ward the close: Nancy Helen and Sil-ver Leaf were fractionally shaded, while Otisse. Peterson Lake and Ro-chester sold at lower figures than dur-ing the previous session. Little Nipls-sing made a move toward higher levels in the face of the lack of buoyaney in other sections of the market, and sold up nearly two points to 25, closing fractionally lower. No reason was as-signed for the better demand for these shares and the movement is one of the market queries. The market closed dull and in the Foster Cobalt Min. & Smelt Great North, Silver Mines ... 11 Green-Meehan Mining Co 138 Kerr Lake Mining Co 10.25 Little Nipissing

Silver Leaf Min. Co the market queries. The market closed dull and in the, main disposed to case off. While to-day's losses were not of any appreci-able size in the majority of cases, they show a complete change of tone and should the realizing movement be ex-tended the realizing movement be ex-Watts Mines 17½ —Morning Sales— Little Nipissing—1000 at 22¾, 1200 should the realizing movement be ex-tended the rest of the week, a general reactionary tendency is looked for, tho on the other hand prices show good resiliency and might easily be put higher.

KERR LAKE THE FEATURE.

Bradstreet's Trade Review. Marine a reports say general business, has at present a quiet ione. Stock-taking very general feeling of satisfaction with is safe to say that the volume of trade in all lines has been much ahead of interview and jobbers who say it has compared with the business is, at the present time very fing business is, at the present time statisfies of the country in a good position and, given fairly seasonable weather from shew swell cleared up. Collections have shew sratifying improvement. Travester orders. Actual prices of commodities are senterally steady, althe the tendescreated is now offering freely and prices back. Toronto reports say a good valume of Unlisted

of textiles and metals. Country produce is now offering freely and prices hold firm. Toronto reports say a good valume of general trade is moving for this time of the year. Retail trade is seasonably quiet and wholesalers are now busy with pre-parations for spring business. The out look in this connection is bright. Travel-ers out continue to place good orders and they report that trade in winter lines so far has been good. Collections are better then they have been for many months as far has been expected, in view of the excellent holiday trade done in all parts of the country. Some excellent sorting orders are coming in from outside points, and country trade generally is brisk ow-ing to the excellent condition of country roads. The result of the annual stock-taking which is now about completed is reported to be gratifying to all concern-ed. Country produce is now coming for ward freely, deliveries in nearly all lines being fairly large. Values, however, hold about steady.

t 19,38, 100 at 10.31. —Afternoon Safes— Beaver—1000 at 36, 100 at 36. Peterson—500 at 24, 500 at 24. Kerr Lake—100 at 10.04.

being fairly large. Values, however, hold about steady. Winnipeg reports say retail trade there and in the surrounding country has as-sured a quieter tone during the past oweek or so, but retailers are taking the opportunity to assort helr stocks and to make preparations for spring business. As a result wholesalers are receiving good sorting orders as well as those for spring lines. Travelers out report a splendid outlook for later trade. The country is generally prosperous and money is cir-culating freely. The retailers also have profited heavily by the big holiday trade and are looking forward to continued good business. Jobbers have finished stock taking, and results show that while the eraller part of the year was only fair later months brought the total trade well abead of the previous twelve months. Vancouver and Victoria reports as a B. H. Scheftels & Co., 42-44 Broad-street, New York, report the following fluctuations on the New York curb: later months brought the total trade well abead of the previous twelve months. Vancouver and Victoria reports say a fair trade is moving in all parts of the province. The holiday trade was par-ticularly heavy. Considerable activity is reported in all lines of provincial industry and the outlook for the coming year is much brighter than was the case a year ago. Collections are good. Retail trade is now quiet

2 per_cent, per annum in the near futhe management, which we have done repeatedly during the past few months. The stock closed yesterday at \$10.37, experiencing a healthy reaction after Kerr Lake the rapid advance of the previous few We look for higher prices for Kerr Lake, and will be glad to furnish more detailed information on request. The rest of the Cobalt stocks have en quiet and firm, and a much better feeling prevails in regard to the camp. An important incident during the week was the first shipment of ore from Gowganda. The shipment consisted of thirty-six tons of ore, carried by nineteams from the Blackburn mines to Charlton, the nearest point on the Timiskaming & Northern Ontario Railway. We trust that this is the precur- Watts many more shipments from

One of the best known firms in New Ontario and the Canadian west is that of Revillon Bros., who have stores all thru the Timiskaming mining country. In an advertisement on our mining. n an advertisement out out atten-page, Revillon Bros. draw the atten-tion of prospectors and miners to the large supply of all outfitting needs they have at Matheson, Cochrane and Abitbi, and that they are arranging to put trores in other, places. They have very kind of supples required by rospectors at Matheson, where they an fit out more readily than they can urther south. The Revil'on Bros also mounce in their advertisement that a lephong wire will be strung from fatheson to Porcupine Lake in two or hree days. Attention Drawn to South Lorrain. Greville & Co.'s market letter says: The district of South Lorrain is be-implus to come in the a second deal of the ibi, and that they are arranging to put stores in other places. They have every kind of supplies required by prospectors at Matheson, where they can fit out more readily than they can further south. The Revitton Bros. also Matheson to Porcupine Lake in two or three days.

The district of South Lorrain is beginning to come in for a good deal of attention lately, influenced largely by the shipments made from the Keely and the Wettlaufer. A total of four cars of ore has been shipped by the and the latter property for this year, and it is probable that more or less regular shipments will now be maintained as developments on the 100-ft. level have the veins to continue fully as good as on the upper levels.
