TORONTO'S INDUSTRIAL SCHOOLS.

Another Complaint That Magistrates Do Not Sufficiently Patronize the Institutions.

The regular monthly meeting of the Industrial Schools Board was held yesterday, there being present: Stapleton Caldecott, chairman; Warring Kennedy, R. U. McPherson, J. Douglas, Principal Ferrier, R. S. Baird, H. S. V. Jones, Mrs. Matthews, Inspector Chapman and Mrs. Kilbourn.

The Superintendent's report showed that during the month six boys have gone out from the Home, and one received and one returned, making a total enrolled of 110. Of the six gone out five were sent to the Northwest, and one returned to his home in the city, his time having expired.

The superintendent recommended that $125 be set apart from the two thousand dollars bequeathed by the late Mr. Goulding to be used for digging a well.

The report also recommended that the heating of the school and No. 2 cottage be placed at an approximate cost of $300.

Messrs. Crane, Douglas and Jones were appointed a committee to look into the question of the heating of the school and No. 2 cottage.

In reference to the bequest of Mr. Goulding, Mrs. Matthews inquired how the money is to be divided. "Isn't some of the money meant for the Alexandra School?" asked Mrs. Matthews. "You know you boys claim everything; you want the earth."

No one could give the desired information, and Mr. Jones promised to look into the matter.

The finance report for May showed that the maintenance account was $507, salaries $512.

It was announced that during the past year only one committal had been made to the Alexandra School for Girls, and much dissatisfaction was expressed with Ald. Graham's attitude toward the Industrial Schools. At present there are only 16 inmates in the school, which has accommodation for 40.

The schools have at present a debt of $35,000 and are very much in need of assistance.

Recently two bequests have been made the board, viz., one from the estate of the late Neil Curry and one from the late Harry Goulding, each of $2000.

The board then adjourned until the second Friday in September.

THE POLICE BOARD.

Representatives of the Bicycle Clubs Get After the Scorchers

A deputation representing the bicycle clubs of the city waited upon the Board of Police Commissioners yesterday and stated that, as the police were bringing so many scorchers into court, they had nothing to add, but expressed the hope that the police would continue their activity in this direction. The commissioners suggested that the bicycle clubs might assist the police a great deal by giving the names of scorchers. The deputation took this suggestion into their very serious consideration.

There was also some discussion as to the use of bells. The Chief Constable is a strong supporter of this means of alarm.

Tenders for the supply of clothing will be advertised for.

With a view of getting vehicular traffic to run in right channels, the Chief Constable was instructed to issue a circular, containing rules of the road.

Ambulance B will be fitted with solid rubber tires if a satisfactory guarantee is forthcoming.

The Board will meet on Friday to select constables to fill vacancies.

Insectivorous Scourge

The San Jose scale, an insect native to California, but in past years spreading throughout the Eastern States, has already begun to make its presence felt in the Niagara Peninsula. This scourge acts upon fruit trees much in the same manner as the ordinary plant louse acts upon plants. The female attaches itself to the bark in such a manner as to be almost invisible, and in a short time is surrounded by offspring by the millions.

The result in a very brief space of time is the total destruction of the tree. The insect has so far been located in only two orchards in the Peninsula. The Department of Agriculture have despatched Prof. Panton of the Guelph Agricultural College and Mr. W. M. Orr, Superintendent of Spraying, to the locality, and every possible precaution is being taken to annihilate the pest. A bulletin on the subject is now in print and will be issued shortly, explaining methods of prevention.

Niagara Line Rates for Jubilee Day.

For Jubilee Day the Niagara Navigation Company is offering the following special rates:

Going on Monday or Tuesday, good for return on Wednesday, to Niagara, Lewiston or Queenston, $1.25.

To Niagara Falls, $2; to Buffalo, $3.

Going on Tuesday, returning the same day, to Niagara, Lewiston or Queenston, $1; Niagara Falls, $1.25; Buffalo, $2. Choice of railway lines is given from the boat landing to the Falls.

Tickets may be procured in advance or on Tuesday morning at A. P. Webster's ticket office, northeast corner King and Yonge-streets.

S. Ackerman, Commercial Traveler, Belleville, writes: "Some years ago I used Dr. Thomas' Eclectric Oil for Inflammatory Rheumatism, and three bottles effected a complete cure. I was the whole of one summer unable to move without crutches, and every movement caused excruciating pains. I am now out on the road and exposed to all kinds of weather, but have never been troubled with rheumatism since. I, however, keep a bottle of Dr. Thomas' Oil on hand, and I always recommend it to others as it did so much for me." ed

TORONTO LIVE STOCK MARKET.

There were 52 car loads of live stock on the market yesterday, made up as follows: 1014 cattle, 2186 hogs, 575 sheep and lambs, 120 calves and 30 cows. Our quotations of yesterday would cover the market as regards prices, excepting that hogs were tending downwards. The market for cattle was strong and nearly everything was sold.

There was quite a demand for butchers' cattle for Montreal market, and a large number were bought and shipped there. The best butchers' cattle, stall-fed, are being taken for export purposes; as they are preferable to grass-fed cattle.

About 30 cows were on the market and all were sold at $20 to $35 each and extra good ones would bring more money.

The hog market is not so firm and has a downward tendency.

There are a large number of stockers being bought for the Buffalo and Chicago markets.

Shipments per G.T.R.: William Levack 5 cars, Janies Eakins 7 cars, Brown & Snell 6 cars (two of them double-deckers, with sheep), J. & C. Cochran 5 cars, Gilchrist & Munro 1 car, A. Carey 1, all export for Montreal, and J. N. Rothchilds 1 for Sudbury of butchers' cattle, and J. T. McPhee 7 of stockers for Chicago, and Cowan & Cresiock 5 for Buffalo, stockers also.

Per C.P.R.: J. & J. W. Dunn 9 cars of cattle and 1 of sheep. W. H. Dean 3 cars, A. McKintosh 2 cars, R. Ironsides 2 cars, W. Levack 5 cars, A. Montreuil 2 cars, butchers' cattle, Lang Packing Company 2 cars, S. Halligan 6 cars, 3 butchers' and 3 export, M. Vincent 2 butchers.
