MAYORALTY HONORS

Acting-Mayor Morris and Alderman Plunkett Are Probable Candidates.

HAMILTON, Ont., Aug. 21,-J. B. Nicholson, an engineer in the employ

bases. The signal for the allied advance in the Balkans was probably

given by the recent Russian victories over the Turks in Armenia. Latest

advices from Petrograd say that the Russians are engaged in a heavy

fight in the direction of Diarbekr and that they are overcoming the diffi-

culties presented by the high and almost inaccessible ridge west of the

Bingledan Mountains. They have captured a mountain pass near Kadvykh

Village, west of Lake Nozykgelt. Fighting also continues in the Uchnu

region, southwest of Urmi Lake. It is expected that in order to preserve

the communication between Berlin and Constantinople, now under

attack from Saloniki, the Germans will make almost any sacrifices.

The battle, however, is merely beginning in the Balkans. After three

months or more of fighting in an engagement which, perhapss, may follow

the method of the Somme battle, the Bulgarians will not be so chipper as

on the Saloniki front, it is announced that our troops have occupied the line west and north of Bekerli and Cidemli and south of Dolozzeli. This

hews shows that the Bulgarians have been pushed back. Counter-attacks

were repulsed on this front with loss to the enemy, and a heavy artillery

bombardment is going on, with firing heavy by both sides. On the Struma

front British cavalry got in touch with the enemy in the Kjupri-Barakli

Bzu area on Sunday. Jenikoi, Gavalanci and Gugunci were bombarded

by enemy pircraft with small success, says the British communication.

In a British communication issued last night concerning operations

shooting with intent, broke jail at Thoroid last night. Rosso was taken to Thoroid, where he committed the offence, on Saturday by Chief Taylor, and only spent one day in jail there before he succeeded in making his escape. The police are confident that he will be rounded up in the course of a few days.

DISCUSS MAYORALTY HONORS.

Mayoralty honors for 1917 are already being discussed and many names of possible and impossible candidates are in the air. Acting-Mayor Morris, who has held civic positions for the past several years, has announced himself as a candidate to handle the affairs of this city for 1917. Ald. J. H. Plunkett is also said to be on the war path for the mayor's chair, tho he has not as yet made any definite statement as to whether he will run. Among other names which are being mentioned are those of H. L. Frost, and Walde Parke.
