dergo the danger of being hit with a pig as well as expose themselves to the dangers which hitherto have been regarded as inseparable from well-digging.

"WEEPIN FOR THE PEOPLE."

We have heard of politicians who, when seeking votes, wept for the farmers and the farmers rights; but the weeping politician is more than exceeded by the new street railway association formed the day before yesterday in Montreal, headed by Mr. Moore of the Toronto Street Railway, and Mr. Ross

of the Montreal Street Railway. This association, it would appear, was form ed to weep for the passengers and the public, and to provide them better accommodation, Mr. Billy Moore "weep in" for the strapholders! This cam-260 paign of "weepin' for the people" happens to begin just about the time when the public are entering on their greatest and strongest fight against the stree railway companies. What the associa tion was formed for, The World hasn't any doubt, was to fight the public in Canada, their efforts to municipalize their systhat the association's first duty will be gation ensued, the company not being now afforded and almost within our to make a big assessment on every street railway company in the country the company consented to the appoint.

are the most dangerous cuemies of man. The mosquito with its bite injects into our veins malaria, yellow fever, and other fatal troubles. The fly, with spongy feet, collects the invisible germs of diseases, spreads them over our food and poisons us with trabeid ecolers and other plagues of the

uman race.
Dr. Pierce, the eminent physician of Bufmained for Anthony Oldfield of Downie Township to introduce something of a novelty into the list of perils that lurk in the unfinished well.

While working twenty feet beneath the surface of the earth, despatches tell us. Mr. Oldfield was hit by a pig. Mr. Oldfield was hit by a pig. Mr. Oldfield is now in the hospital. How the pig found its way into twenty feet blood from the same of issease. Every healthy man has five million red blood corpuscles to every square millimeter of blood. The best tonic for increasing the red blood corpuscles and building up healthy tissue is no doubt Dr. Pierce, the eminent physician of Buf-falo, N. V.; says, "If each person will consider his system as an army of men which he controls as a general, and will see to its proper provisioning and that it has plenty of ammunition in the shape of good red blood. he will be able to overcome the enemy in these germs of disease." Every healthy man has five million red blood corpuscles and building up healthy tissue is no doubt Dr. Pierce, the eminent physician of Buf-falo, N. V.; says, "If each person will consider his system as an army of men which he controls as a general, and will see to its proper provisioning and that it has plenty of ammunition in the shape of good red blood, he will be able to overcome the enemy in these germs of disease." Every healthy man has five million red blood corpuscles to every square millimeter of blood. The best tonic for increasing the red blood corpuscles and building up healthy tissue is no doubt Dr. Pierce, the eminent physician of Buf-falo, N. V.; says, "If each person will consider his system as an army of men which he controls as a general, and will see to its proper provisioning and that it has plenty of ammunition in the shape of good red blood, he will be able to overcome the enemy in these germs of disease." Every healthy man has five million red blood corpuscles to every square millimeter of blood. The best tonic for increasing the red blood corpuscles and building up healthy to a provision and only know that at a critical stage in the digging of the well it projected itself into, the interior and landed the well-digger into unconsciousness. We have heard from time to time how well-diggers have been overcome with gas or how they have been victims of a cawe in. To these perils have been added the danger of a pig falling on the well-digger. The danger is novel as well as new; Well-diggers must henceforth undergo the danger of being hit with a ferror to the danger of being hit with a ferror to the danger of being hit with a ferror to the danger of being hit with a ferror to the danger of being hit with a ferror to the danger of being hit with a ferror to the danger of being hit with a ferror to the danger of being hit with a ferror to the danger of being hit with a ferror to the danger of being hit with a ferror to the danger of the dang
