By contributing to the funds of this Home of the Orphan, they not only aid in feeding and clothing the destitute, but also assist in the pious work of bringing up these young orphans "in the nurture and admonition of the Lord," teaching them to "Remember their Creator in the days of their youth," and thereby fitting them to discharge with credit to themselves and with benefit to the community, the various duties to which the Providence of Almighty God may hereafter call them. May the blessing of God our Father, descend in abundant streams of mercy upon the families of those who have instituted and still maintain this comfortable Home for the destitute orphans."

HENRY PATTON.

On the 22nd of last month, the Rev. Thomas Rowe, Chaplain of Prisons, Barbadoes, visited the Home and recorded his approbation in the following terms:—

May 22nd.

"Visited the Home. The neatness and order and the healthy appearance of the children, reflect the greatest credit on all connected with the management of the establishment. The happy faces of the children, and the fact of their being trained in the ways of religion, when contrasted with the vice and misery and want in which many of these interesting children might be exposed but for this valuable institution, cannot but evoke from the Christian's heart the prayer, that God may bless and prosper it, and reward with all spiritual blessings its originators and supporters."

And after repeated visits the Hon. and Rev. T. P. Hodge, late British Chaplain at Sante Cruz, accords his meed of recommendation :
