DAILY MEMORANDA.

ECLIPSES IN THE YEAR 1849.

There will be two Eclipses of the Sun, and two of the Moon, this year.

I. There will be an Eclipse of the Sun on the 22d of February, at the time of New Moon in the Evening, invisible. It will be visible in the Eastern part of Asia, in the North Pacific Ocean, and in Russian America. It will be central and annular on the meridian, in longitude 153° 9 east from Greenwich, and latitude 41° 22 north.
