SUNDAY LIQUOR CASES; FINES IN POLICE COURT

On Saturday afternoon Detectives Barrett and Briggs, visited all the saloons in the North End in an attempt to do away with so much Sunday drinking by picking out the "hangers-on." It could not be ascertained for certain just what their report was, but it is understood that they saw some things which will, in the course of time, call for action from the police. Sunday drinking and the number of Sunday arrests are becoming too noticeable and it is declared that, in no small measure, to pocket peddling. This is the root of the Sunday evil and the detectives and the entire police department are bent upon finding out the guilty ones and bring them to justice.

As a result of the activities of the detectives they arrested three drunks on Sunday and arrested Henry McDonald in charge of selling liquor without a license. He was found in the act of selling a bottle for \$1.50 to another person at the foot of St. David street. McDonald was fined the full penalty of \$100 for selling liquor without a license. He pleaded guilty.

Frank Gallagher, for supplying liquor to a soldier in uniform pleaded guilty and was fined \$50 or three months in jail.

Six drunks were fined \$8 or two months in jail.

The magistrate said that he would call the attention of the license inspector and detectives to the fact that only sober men were to be sold liquor and in the case of any one else being supplied the one who supplied the spirits was liable to a big penalty.

Double Downing At Salmon River

Charles Carroll and Moses' Brown Lose Lives

A double drowning accident occurred at Brown's Landing, Salmon River, on Saturday, when Charles Carroll, aged twenty-two, of Scotchtown, and Moses B. Brown, of Coal Mines, aged fifty, were drowned in the waters of Salmon River under very sad circumstances.

From what is known of the accident it seems that Carroll had boarded the steamer May Queen at Scotchtown and was on his way to visit the Brown home in Coal Mines. As the boat did not pull into the wharf at Brown's Landing, Mr. Brown came out in a small boat to take Carroll ashore. One story is that Carroll, in stepping into the small boat from the steamer, stumbled and fell into the water. Mr. Brown made an attempt to save him and he reached out his hand upon the row boat he was occupying. Carroll came up only once and was not seen again. Mr. Brown being thrown into the water also went down before help could reach him from the steamer or wharf.

There also has arisen the matter of the starting signal on the steamer, with report that the vessel hit the row boat. An inquest is being held.

It was understood that young Carroll was to be married to one of Mr. Brown's daughters in the near future. Mr. Brown leaves a wife and a large family. He was well known in the North End, where he did business with the merchants for years.

The May Queen is expected at Indian-town this evening, and with her coming the full particulars of the occurrence will be available.

Immediately after the accident grappling began, but it was not until about 9 o'clock on Saturday night that the two bodies were recovered. The sad tidings spread a gloom over the entire community about the Grand Lake. It is understood that Carroll has relatives in St. John.

The funeral of Mr. Brown took place this afternoon at 2:30 o'clock.

TWO CHILDREN DIE AT ROCKLAND, MAINE

Infantile Paralysis Fatal in Two Cases; Three Other Children Stricken.

Rockland, Aug. 14.—The dread scourge of infantile paralysis has made its appearance in Rockland. The deaths of Beverly Clayton, child of Mr. and Mrs. Donald L. Karl, Granite street, and a child of Mr. and Mrs. George H. Shute of Willow street, are attributed to that cause.

The local health officers are responsible for the statement that there are three other cases, two in the family of Roy Sartelle in Rockland street, and another in the Shute family.

The Karl child was in its third year. The disease worked rapidly, and although there were five physicians on the case it was apparent almost from the start that the little one was doomed.

Dr. A. C. Young, secretary of the State Board of Health, after pronouncing the suspected cases infantile paralysis, ordered the local board to establish quarantine.
