NEW YORK, June 28—Stock prices headed upward as trading was resumed today, but initial gains were only fractional. BACK TO American Anthracite AGAIN!

Since our stock of Welsh Coal is about exhausted, due to the miners' strike now in progress in Great Britain, we are obliged to turn back to where we were years ago, to the United States for Anthracite.

It will be remembered by thousands of Saint John people, the very high class of Coal we handled during the years 1913 to 1922, known as Radio Coal. Radio Coal is the choicest Anthracite we have located anywhere in Pennsylvania and was, until we imported Welsh Coal in 1922, the first preferred coal.

The steamer cargo of Radio Egg and Chestnut which we received a few days ago, is, with exception of a 600 ton cargo in 1913, the very finest lot of American Coal we have ever seen. We invite your inspection at our yards, 331 Charlotte Street. It is free from stone, of even size, and reasonable in price.

Place your order with us now.

VOTE HERE TIE FOR CHAIRMAN OF PRESBYTERY

Rev. H. A. Goodwin Chosen on Presiding Officer's Word

MEETING HELD IN CENTENARY CHURCH

Standing Committees Selected—Business Topics for This Afternoon

Rev. H. A. Goodwin of this city was elected chairman of the Saint John Presbytery of the United Church of Canada at the forenoon meeting of the annual session held in the hall of Centenary church today. Rev. W. McN. Mathews, of West Saint John, was re-elected secretary and J. Hunter White of this city was chosen treasurer.

VOTE IS TIE

There were two nominations for the office of chairman, the names of Rev. Mr. Goodwin and Rev. Hugh Miller, minister of St. David's church here, being balloted. There was considerable merit in the scrutinizing clerk announced that each had received 14 votes. Rev. Mr. Miller was not present, but friends said that he already had a great amount of work on his hands he was not willing to accept the chairmanship if elected. The temporary chairman, Rev. Mr. Wightman, of Milltown, thereupon announced that he would give the casting vote in favor of Rev. Mr. Goodwin.

On assuming the chair Rev. Mr. Goodwin thanked the Presbytery for the honor conferred, which he accepted with hesitancy inasmuch as he was not particularly familiar with the duties of the office. The secretary and treasurer also expressed gratitude for the honors conferred on them.

SELECTING LAY MEMBERS.

The morning session was mainly occupied in organizing. After the devotional exercises, Rev. William Malcom of Connecticut was welcomed as a visitor. The roll call led to a somewhat lengthy discussion as to the method of selecting lay members of the Presbytery, several speakers pointing out that the old list was being used, and that the names of several recently elected delegates had not been called. By motions several names of recently elected delegates were substituted for those on the old list.

THIS AFTERNOON.

After the election of officers, committees were named to select standing committees to introduce new business at the afternoon session. Among the subjects on the agenda, as announced by Secretary Mathews, were the following: Report of congregational statistics; committee on the rearrangement of congregational boundaries in Kings county; report of commissioners to the general council, proposed religious education conference; home missions, maintenance and sustentation fund.

STATION FLOOR IS COVERED BY MONEY

Police Assist to Dry \$200 in Bills Rescued From Charles River

NEWTON, Mass., June 29.—The Riverside station of the Metropolitan district police looked like a branch office of the United States Treasury yesterday when one dollar bills, carefully arranged to get the effect of dry air currents, occupied the floor space in the drying room, all because of a single canoe tipover. There was more than \$200 in bills at the station with the owner, Patsy Imbrogna, a Boston barber, stepping gingerly around and keeping a watchful eye on them.

Patsy and his friend, John Lentz of East Boston, were canoeing on the Charles River near Riverside. The canoe capsized and both were tossed into the water. They clung to the canoe and sent the air with cries for help. Metropolitan Officer John Austin set out in his boat and pulled them on board and took them to the Riverside station, where they were placed in the drying room.

Suddenly Patsy remembered his bankers in the pocket of his coat which had not been recovered. Officer Austin again set for and recovered the coat from the canoe, but the bankroll was soaked and it necessitated a special drying period to get the money back in proper shape.
