CUT EXHIBITION ADMISSION FEES

Matter Decided at Directors' Meeting Last Night—Big Attendance Expected as No Shows at Chatham and Fredericton Scheduled.

The directors of the St. John Exhibition Association, at a meeting held last evening, decided to reduce the price of admission at the main gates during the show planned for this fall. The fee for adults will be dropped from fifty cents to thirty-five and that of children from twenty-five to twenty cents. Encouraging reports of progress in the plans for the 1922 fair were presented. The show will be held as usual in the week starting on Labor Day, and it is anticipated that the attractions will be even better than they were last year. The fact that neither Fredericton nor Chatham are scheduled to hold a fair this season is expected to bring a record attendance to the St. John exhibition. The finance committee submitted a budget and the hope was expressed that this year no deficit would result. It was pointed out that 1921 was the first year the St. John association attempted to hold a fair without a grant and was also the first time a second exhibition followed the year immediately after the previous show. While the association was subjected to some very unusual expenditures last year, due to the large live stock exhibit, it is expected that this year there will be no need for a repetition of this excess expenditure. Reports received so far seemed to indicate an increased attendance, and at least as good a poultry show as last year. The plan of purchasing specially designed advertising envelopes from some of the big lithographing houses was abandoned by the association, and it was announced that this year the printing would be done by a local firm. The design of the envelope was approved by the meeting and has been placed in the hands of the printer. They are expected to be available for local merchants soon.

PLANNING FOR BEAUTIFYING OF OPEN PLACES

With the first touch of spring, there appears in the minds of the average run of citizens pleasant day dreams of soft, green and lawns and sweetly-blooming and fragrant flowers. With Commissioner Frink, however, and his staff in the public works department, this imaginary picture is painted long before the warm March suns begin to send the winter's accumulation of sand in long murky rivulets into the catch basins.

For today the commissioner was able to lean over the glass-covered hot-beds in his improvised conservatory which is slanted to the city asphalt plant in lower cove, and note with satisfaction the small green shoots, tender and frail, reaching out through the damp earth towards the light. Thousands of them; yes, tens of thousands of them are now on their way to the surface and as soon as the frost has disappeared, they will grace the beds which will soon be prepared for them in the public squares. These are all annuals, grown for the seed every season. The perennials, which last year flourished without bloom in the squares, are due this year to blossom and will add materially to the appearance of the open places. They are still under their winter blanket of straw and manure in the beds where they were planted. The commissioners also expect to introduce some novelties in flowering plants or shrubs this year.

The street flusher, which was recently fixed up to carry a line of hose will be used for watering the flower beds, obviating the necessity, which was experienced during the drought last year, of carrying great quantities of water.

THIEVES MAKE A HAUL IN UNION STREET

Business Premises of Robinson's Ltd., and Miss A. M. Jenkins Entered and a Lot of Stock Taken.

A break resulting in the theft of about \$100 worth of merchandise occurred sometime between Saturday night and Monday morning into a store at 173 Union street, occupied by Robinson's Ltd., as a bakery shop and by Miss A. M. Jenkins, a confectionery shop. Most of the goods taken were chocolates and candy from Miss Jenkins' part of the store and included fancy boxes and frepound boxes of chocolates. There was no money loose and what was in the safe escaped the thieves.

Entrance is said to have been effected through a storeroom, rented by Alexander Demerson, which adjoins the store on the back. This is said to have been broken into by the fire in Mr. Demerson's place of business recently. After the first break, when some articles are said to have been taken, it is understood, a watchman was placed on the building and this later break must have occurred after he left at 2 o'clock on Monday morning. The thieves are supposed to have entered this storeroom and broken through the wall into the flat above the candy store and bakery. A hole large enough for a person to pass through was made in the wall. From this flat they secured entrance by prying open the hatch doors leading to the bakery. Here they helped themselves to the stock of one of Miss Jenkins' showcases and to some special brands of chocolates from a shelf as well as to some cakes from Robinson's part of the shop. Nothing was missed from the storeroom.

It is thought that they made their getaway through the front door, which was secured with a Yale latch opening from the inside. An automobile was heard to stop near the shop by a man living across the street who happened to be awake early on Monday morning. Several packing cases were missing when the shop was searched, so it is thought the burglars filled them with goods and put them in the waiting car, thus getting out of danger with them as soon as possible.

THE STEAMSHIPS.

REMANDED IN DRUG CASE.

Achie MacNeill and Walter Sproul are charged with selling a quantity of morphine sulphate, a drug as defined under the opium and drug act, and were remanded today until Saturday morning at eleven o'clock at the request of the dominion policeman who was instrumental in their arrest. The request was made on the grounds that the prosecution were not ready to go on with their case and that the material in the case was being analyzed. W. M. Ryan, for MacNeill, and J. Starr Tait, for Sproul, asked bail for their clients. This was agreed to, and the amount will be decided upon this afternoon.

LIQUOR CASE.

Charles Campbell, charged with having liquor in his beer shop in Prince Edward street, pleaded guilty before the magistrate this morning and was given the alternative of a \$200 fine or six months with hard labor. He said he could not pay the fine and was sent to jail. This case arose out of a raid made by the inspectors last Saturday in which it was found that a bottle of whiskey on the premises of the defendant.

FEET SCALDED.

Mike Lotsepp, an employee of the Atlantic Sugar Refineries, Ltd., was painfully hurt this morning when some hot sugar liquor spilled on his feet from one of the filters. He was taken to the hospital where the injured parts were dressed and he is reported as resting as well as can be expected, although suffering considerably.
