HUSBAND LAYS DOWN THE LAW BUT WIFE BALKS

Detroit, March 29—Efficiency in an automobile factory may be all right, but when tried in the home it is a flat failure, as Mrs. William Economo, who is suing for divorce here, is prepared to testify.

Soon after her marriage Mrs. Economo says her husband made out a working time-table and told her, as a must, to conduct her household on the schedule laid down therein.

For instance, Mrs. Economo was to arise at 6.45, was to dress in twelve minutes, wash hands and face in two minutes, prepare breakfast and eat same in twenty minutes; then William went to work, but time-table continued throughout the day.

Mrs. Economo was to do sweeping next, five minutes being allowed for each room. Later, her husband found there was a period of twenty minutes in which his wife had nothing to do. He marked this time as "miscellaneous." Mr. Economo was a great believer in economy, his wife said, and he insisted on making all the children's dresses and his wife's nightgowns. He thought he could cut cloth more economically than she could. The last straw came when Economo "revised" his time-table by cutting out the daily wash and substituting "baths" Saturday night only, ten minutes.

Judge Tappan dismissed the bill for divorce, but ordered Economo to pay his wife \$10 a week alimony.

MRS. LELACHEUR SINGS IN HALIFAX

(Halifax Chronicle Saturday.)

The musical entente between St. John and Halifax received a boost yesterday afternoon when Mrs. Louis LeLacheur, contralto, of the New Brunswick metropolitan, was the soloist at the Phinney twilight recital. Mrs. LeLacheur is a leading vocal teacher and concert soloist in St. John, where she has a studio. She is a graduate of Leipzig Conservatory, and is indeed an artist. Possessed of a handsome stage appearance and most engaging personality—the dark beauty that is always associated with the contralto voice—Mrs. LeLacheur instantly won the attention of the audience before she sang a single tone. When she essayed Woodford-Findley's "Allah Be With Us," her very first tones told the audience that they were in the presence of a singer of rare technical training and warm temperament. There is a noble resonance about the rich quality of her voice, and this, added to remarkable range (from low B-flat to upper G-flat in Allah) completed the heartiest appreciation. She responded to her encore in another style, Bohm's lovely "Still As Night." It affected the hearts of the audience with the sense of a tender peace, and subdued the inner turbulence of the soul who enter it from the sordid world.

Mrs. LeLacheur should be heard in Halifax in her own right. And as her husband, Louis LeLacheur, is a concert impresario, and has accompanied her to wherever, if possible, for the bringing here of certain metropolitan artists, it would be easy to have him arrange a recital for Mrs. LeLacheur.

LOCOMOTIVES BUILT FOR RUSSIA SEIZED

Paterson, N. J., March 29—Forty-seven locomotives built by the American Locomotive Works for the Russian government during the war have been seized by Deputy Sheriff Barnes on a writ of attachment for \$181,738.75. The writ was issued in favor of the Marine Transport Service Corporation of New York in its suit against Nicholas Romonoff, ex-Czar of Russia.

Sheriff McCutcheon of Passaic County, has appraised the value of the locomotives at \$170,000. The locomotives are of the narrow-gauge type. They are at the Cook Locomotive Works, Madison and Getty avenues, and are un assembled.

The writ of attachment was issued on a judgment obtained in the Kings County, New York, Supreme Court. The next step in the proceedings will be the application to the court for the appointment of an auditor. After this four months must elapse to await a reply by the defendant to the writ, after which the locomotives may be sold to satisfy the judgment.

TENANTS ADVISED NOT TO PAY INCREASES OF RENT ON THREAT

Albany, March 29—Pending the passage of the renting and housing bills, the joint legislative committee on housing has this advice to offer tenants: "Don't let a landlord frighten you into paying an increased rent by threat."

The invocation of the powers of the legislature in what it deems "a public emergency" will dispose altogether of any claims that any of the laws may be declared unconstitutional, the members of the committee believe.

The "FLORENTINE" No. 1112
It is made of Simmons Seamless Square and Rectangular Tubing throughout. Arcuate center effects—decorations in relief. Easy running casters. Your choice of Double Width and Twin Pair—and especially pleasing in Twin Pair.
Has the Simmons Patented Pressed Steel Noiseless Corner Locks.
Enameled in Ivory, the Decorative Colors, and Mahogany, Oak and Circassian Walnut effects.

Your Choice of a Dozen Charming and Really Good Designs in Metal Beds—

The New Achievement of Simmons Limited

LOOKING at these beautiful new Simmons Bed designs in her accustomed store—a woman might perhaps be justified in wondering why no one has ever thought before to follow the accepted design principles in metal beds.

There is a very good reason—and it explains, too, why even today only Simmons Limited is able to produce designs along these lines.

The trouble lies in the limitations imposed by the old-style tubing. It has a seam running the full length of the tube. It cannot be worked into the shapes. It is apt to be rough—does not take the enamel smoothly.

For years, Simmons Limited has been working on this problem of bettering metal bed design.

To accomplish what it was after—such charming models as the "Florentine," illus-

trated above in Twin Pair—it had to invent a tubing that is truly seamless.

All these new designs are made with the Simmons Seamless Steel Tubing—a new invention of the greatest practical importance.

Square and trim—free from joint, seam and roughness? Beautifully smooth, so that the enamel lies tight and evenly all over—does not scratch, check or chip.

YOU will find these fine new Simmons designs in Beds Built for Sleep in the leading stores. Quiet beds, with the Simmons Pressed Steel Corner Locks—free from squeak or rattle.

Your choice of many different patterns—and of Twin Pairs and Double Width in each pattern. Enameled in the accepted Decorative Colors, and in Mahogany, Oak and Circassian Walnut.

Simmons Springs, too—
"Waldorf" Box Springs—Composed of finest oil-tempered double-cone spirals, mounted on a frame of seasoned hardwood and upholstered with heavy layers of white cotton felt. Covered with attractive ticking. Finished with roll edge. A spring that really does give freely to all the contours of the body, yet supports the spine in any sleeping position.

And some very charming Brass Beds and Children's Cribs, together with Simmons Mattresses and Pillows—all built for sleep by Simmons Limited.

Simmons Beds, Springs, Mattresses and Pillows cost little if any more than the ordinary merchandise of the average store.

A post card to us will bring you the names of Simmons merchants near your home.

THE DADDY OF THEM ALL

The question often arises: Whether it is best to stick to the old, or venture on the side of the new.

Dr. Wilson's Syrup of Tar and Cod Liver Oil

is an old, established preparation. So the dependability of the article is assured. However, our chemists are continually at work, and anything, which deserves recognition, receives it. Thus we offer the old and the new—the daddy of them all.

THE THINGS HE FOUGHT FOR

When Hiram Dud, M. P., came home, His neighbors pressed him sore. They charged him with a lot of swank And laid some graft around his door; But Hiram is a cunning man, And wise in his meanders, He belted: "Would ye bring to naught The things for which our kinsmen fought Upon the fields of Flanders?"

When Wheedle Jones went selling stocks To the people of his town, He found, despite his line of talk, They very often turned him down; But Wheedle, too, was up-to-date— A prince of order landers— He whispered, "Would you bring to naught The things for which our soldiers fought Upon the fields of Flanders?"

Miss Sady Shrick took up a "cause"— "Twas dearer than her life— She traveled through the countryside And rattled up a lot of strife, Her message to the yeoman was, To change his breed of ganders; They mocked her till, oh happy thought, She shrieked, "and would you bring to naught The things for which our kinsmen fought Upon the fields of Flanders?"

Now every day the veteran wakes (New wonders greet his ears; He often smiles, he often swears At many things he hears; But daily grows that artful crew. Of guileful slobber handers, Who echo, "would ye bring to naught The things for which our kinsmen fought Upon the fields of Flanders?"

—Wm. D. Gough, Montreal, March 22.

GROWING DEAF WITH HEAD NOISES? TRY THIS

If you are growing hard of hearing and hear Catarrhal Deafness or if you have roaring, rumbling, hissing noises in your ears go to your druggist and get 1 ounce of Farnim (liquid streptomycin), and add to it ¼ pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Closed nostrils should open, breathing become easy and mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who is threatened with Catarrhal Deafness or who has head noises should give this prescription a trial.

JAZZ LINED FACE IRONED OUT BY BEAUTY DOCTORS

London, March 29—In Paris they call it the "tired tango face," but in London it is the "jazz lined face." During the war the beauty doctors were rushed by attending to many tired women workers. Long hours in the canteens gave their eyes and faces a weary look. Now many of the clients of the beauty doctors come to have massaged out fatigue-lines caused by dancing into the early hours of the morning. Even young girls have lines around the eyes and mouth from too many hours spent in dance clubs.

AFTER 29 YEARS.

London, March 29—A woman who had not seen her husband for twenty-nine years was astounded when he walked into the house and asked if she had found he was living with another woman. She refused. He walked out husband to court, and he was ordered again. She did not see him again until to pay his wife \$750 a week.

Don't Fawk, Blow, Sneeze, or Cough Use "Catarrhazone"

When germs attack the lining of the nose, make you sneeze and cough—when later on they infect the bronchial tubes—how can you follow them with a cough syrup? You can't do it—that's all. Cough syrups go to the stomach—that's why they fail.

But Catarrhazone goes everywhere—gets right after the germs—kills them—halts the soreness—cures the inflammation—makes Catarrh disappear. Not difficult for Catarrhazone to cure, because it contains the essence of pine balsam and other antiseptics that simply mean death to catarrh. Large size costs \$1 and equates two months' treatment; smaller sizes 25c. and 50c., all druggists and stockholders.
