## Canada's War Parliament

Ottawa, April 23.—With the exception of the war appropriation, measures of minor interest occupied the house today. The war appropriation went through rapidly. In five minutes the commons had completed committee stage on a war vote of \$500,000,000. The bill now stands for third reading. Thence it goes to the senate.

In the course of discussion on the bill to "encourage the organization and co-ordination of employment office" there was passing reference to the resignation of Mr. W. F. O'Connor as cost of living commissioner. In reply to a question by Mr. Devlin, Mr. Crothers announced that arrangements had already been made for a successor to Mr. O'Connor.

### National Registration.

The detailed regulations governing the men and woman power registration, to be taken on a day before the end of June, to be fixed, make provision for the places of registration being open from 7 o'clock in the morning until 10 p.m. Owing to the number of questions which each individual will have to answer, the process of registration will be considerably slower than that of voting at an election. As the number of persons to register will greatly exceed the number of voters, a large staff of deputy registrars and clerks will have to be provided to complete the registration in one day. As already explained, however, provision is made for the subsequent registration of people who, on account of sickness or for other reason are unable to register on the regular day. These people will be able to obtain registration cards from postmasters and to send them to the central registrar who will be located at Ottawa.

The registration in the Yukon will not take place on the same date as the rest of Canada, but a subsequent date, to be fixed by the government.

Ottawa, April 23.—Edward Proulx, Prescott, asked the minister of militia, when the house met today, if the order-in-council passed in December empowering him to release men from military service for work on the farms still stood.

Major-General Newburn said: "It is still operative so far as it applies to

## DOCTOR TO BE CALLED FOR PRISONER WHEN ONE IS ASKED FOR

Conclusion of Commissioner's Inquiry in Vanwart Case—Decision in Near Future

The inquiry held by Commissioner McLellan to determine how far any action, or inaction, of the police was responsible for the death of James Vanwart, was conducted in the old municipal chamber in the court house last evening and practically no evidence other than that already given at the inquest was heard. The findings of the investigation will be made public through the press by Commissioner McLellan within a few days. The commissioner stated at the close of the inquiry last evening that a new rule would be put in force at the police station that if any prisoner ask for a doctor one shall be immediately procured for him. He said that it was better to be deceived by the "faker" who ask for a doctor than it is for one man who is ill to lose his life. This was greeted with much applause by the audience.

Sergeant Detective Lucas of the Dominion police was called to the stand, but as he was not present, Officer Coughlin was summoned instead. When questioned by Commissioner McLellan the officer replied that he remembered Duncan Wright stating at the former session of the inquiry that he had been arrested for playing truant. The witness stated last night, however, that he had arrested Wright on the charge of theft.

Detective William Duncan, of the city police force, stated to Commissioner McLellan that he had served a warrant to Lucas and that he had said that he would be present. The witness said that Lucas told him that his name was written incorrectly on the summons.

Detective Lucas then arrived and was immediately called to the stand. The evidence given by him was practically the same as given at the inquest, although parts last evening, were slightly more detailed. The witness said that when Vanwart was arrested at his sister's house in Britain street he called the witness into the front room and told him that he had trouble with his head. The witness also stated that the next morning when he called at the police station Officer McLeese informed him that Vanwart was ill in his cell. Questioned as to the appearance of Vanwart in the morning Lucas stated that he did not appear to him to look any worse than a man who has spent a night in one of the police cells. Lucas went on to say that when he was taking Vanwart out of the cell the prisoner told him that he wanted a doctor, and Lucas said that he told him that he would get him one. The witness said that he took Vanwart from the police station to the office of the Dominion police, Prince William street, and from there he was taken to the office of the assistant provost marshal in German street by Constable Sparrow.

Questioned by Commissioner McLellan Detective Lucas replied that he thought that he told Constable Sparrow that Vanwart said that he was ill, but that he (Lucas) did not think that Vanwart was half as ill as he pretended to be. Lucas also stated that he did not send any word to the assistant provost marshal that Vanwart claimed that he was ill. The witness stated that he did not think that he told Vanwart that he would get a military doctor for him.

When questioned as to why he had taken a member of the city police force with him to arrest Vanwart Lucas replied that application had been made to Police Clerk Henderson for a search warrant for the house of Vanwart's sister and that Mr. Henderson had advised that a member of the civil police be sent down with Lucas. This advice was apparently taken.

Questioned by Lieutenant G. Earle Logan, who appeared on behalf of the military authorities, the witness replied that Vanwart seemed to "brace up" when he was taken out of his cell into the open air.

Pollsmen McLeese was recalled to the stand and the evidence that he gave on Friday night last was checked over by Commissioner McLellan. This completed the evidence, Commissioner McLellan then stated that when he procured authority to conduct this inquiry to find if any action or inaction of the police was responsible for the death of James Vanwart, he intended to hear evidence bearing on matters up to the time of the death of Vanwart, but that he had been advised legally by his solicitor that he only had authority to conduct the inquiry only so far as the police were concerned to the point to the Irish people.

In a very pleasing address Mr. E. Agar replied to the toast to the Irish people. He touched briefly upon the splendid effect that the prohibitory law had had in this country and of the efforts that had been made leading up to its being placed upon the statute books. Of the present situation in Ireland he said that it was to be deplored and was as difficult to understand in this country as it was deplorable. That the Irish race in the province of New Brunswick had measured up to a very high standard in the present struggle he also said and that every man who had gone overseas of Irish extraction has acquitted himself honorably on the field of action.

He expressed the hope that when the assemblage next met it would be possible to celebrate lustily a complete victory over the unspeakable Hun, and until that happy event was ripe for celebration he was sure that the English, Scotch and Irish would fight shoulder to shoulder as brothers true.

Colonel E. T. Sturdee delivered a short address dealing with the intimate history of the society throughout the empire and particularly referring to the St. John society. His address showed long and careful study of this question and was highly illuminating.

Colonel Powell a Speaker.

Replying to the toast to the army and navy Lieutenant-Colonel A. H. H. Powell, of the district staff, made glad the hearts of the members of the society when he briefly traced the work of the Englishman in this war. England who had maintained an army on thirty-seven fronts, England who had her soldiers forming seventy per cent of the casualties, England who had put her back to the wall and was fighting to the last ditch. Professional soldier as he is, Colonel Powell's brief address displayed qualities that few knew he possessed and he was heartily applauded. Several other toasts were responded to briefly but fittingly.

deavor in the great war the local society's telegram to New York was as follows: "Celebrating our natal day during the fourth year of the great war, we have confidence in our splendid armies fighting side by side under the Cross of St. George, the Tricolor and the Stars and Stripes. Right must prevail. God Save the Kings. Loyal greetings."

Replying to the Royal Society of St. George in London the St. John's society telegram was brief and to the point: "Celebrating with confidence in our splendid army."

To the societies in Halifax, Quebec, Montreal, Ottawa, Toronto, Hamilton, Winnipeg, Barrie, and London (Ont.), the St. John's society read: "Celebrating our natal day during the fourth year of the great war, we renew with confidence in our splendid army animated by the courage and valor of our patron saint, the great St. George, whose cross outstanding on our glorious flag will lead to victory."

H. A. Powell, K. C.

Full of rhetoric and touching on the great problems of the English race at the present time the oration by A. H. Powell, K. C., was indeed a masterpiece. He traced the history of the society up to the present time and pointed out that throughout the past centuries the blood of English blood and brawn had always been in the forefront fighting for their king and country.

## IN HONOR OF ST. GEORGE'S DAY

The members of St. George's Society and friends met last evening in the Knights of Pythias hall to celebrate the anniversary of England's patron saint. The tag day for the navy, it was announced, resulted in about \$2,500 net being raised, as compared with \$1,900 last year.

The local society received telegrams of congratulations last night from the following sister lodges: New York, Halifax, London, Toronto, Quebec, Cranbrook (B. C.), and London, England. The message from the Royal Society of St. George in London was as follows:

"Commemorating England's Day, Mansion House. Be strong, fear not. The devil and all his angels cannot prevail against a righteous cause. Breathing the spirit of patriotic en-

## Much Depressed In Spirits

On Account of the Exhausted Condition of the Nerves—Though Several Doctors Were Consulted Results Were Disappointing

Albert, N. B., Apr. 23.—All energy and ambition seem to disappear when the nerves become exhausted. Hope and confidence fall and you feel blue and get to looking on the dark side of things.

Such was the experience of Mrs. Angley, but she soon got to seeing things differently when Dr. Chase's Nerve Food was used to form new rich blood and build up the exhausted nerves.

Mrs. Geo. T. Tingley, Albert, N. B., writes: "Will you please allow me the privilege of giving my experiences with Dr. Chase's Nerve Food? I was for a long time in a very nervous, rundown condition, and much depressed in spirits. I suffered a great deal times, and at times I felt as though I certainly would go crazy. I took various medicines recommended me, and consulted different doctors, but to no effect. A friend advised me to begin the use of Dr. Chase's Nerve Food at once. I complied with the request by procuring the medicine at the earliest convenience, and can truly testify to the great benefits I received therefrom. I was able to see a marked change in my condition before I had finished the use of two boxes. I kept up the treatment, however, until I had taken about a dozen boxes, and now feel safe in saying that I am cured of nervousness. I am entirely relieved of those terrible feelings I used to have, and cannot too highly speak of Dr. Chase's Nerve Food, which has done so much for me. I shall ever be ready to testify to the merits of this wonderful remedy, and gladly recommend it to all who suffer as I did, feeling sure it will give them quick and permanent relief."

This letter was endorsed by George C. Anderson, J. P.

## THE WOMEN'S AUXILIARY, YESTERDAY'S LATE SESSIONS

The opening sessions yesterday of the Fredericton Branch of the Women's Auxiliary yesterday were filled with interest. Morning and afternoon reports and discussions on W. A. A. were heard, while the evening session was devoted entirely to the girls' branch. Sessions of the W. A. will continue today.

The girls' conference proved a pronounced success and intense interest was manifest in the work of that organization. Miss Marion Frink, the secretary, presided. After the opening exercises Miss Frink read her report for the year, which was one of great interest. During the twelve months this branch of the W. A. has extended its work and the membership has been increased. Altogether the year was one to give satisfaction. Miss Frink, however, encouraged the members to even greater effort.

It was decided by the meeting to donate \$50 to the educational fund. Model talks by Fredericton delegates were perhaps the feature of the evening. There were three subjects dealt with: Communion Linen, Drill and Funds and Fees, and W. A. Efficient Tests, each of which provided helpful hints.

A letter was read from Miss Ruby Peters, of Gagetown, who is a missionary in Honan, China. In the letter Miss Peters told in a general way of the work being done in that district. She told also of the suffering of the natives through floods. She estimated that 10,000 square miles were inundated and the land would not be fit for cultivation for at least five or six years.

The letter was discussed briefly and there was a feeling that greater support should be given to missionary endeavor. Afternoon Session.

At the afternoon session, the president, Mrs. Thomas Walker, in the chair, a summary of the Dorcas work for the year was given by the secretary, Mrs. John Hays. The report showed that a great deal of work had been accomplished during the past year, and that the society was on a very favorable footing. The secretary thanked all the members for the splendid support that they had given during the year.

Mrs. W. D. Foster, the corresponding secretary, reported the number of letters that have been written during the year, also that seventeen new life members have been admitted, and that 250 silver membership pins and twenty gold life membership badges had been sold.

The report of Miss Gladys Frink, secretary of the girls' branch, was very encouraging. During the year two new branches have been organized, and splendid Dorcas work has been done by all the girls' branches. Seven boxes were sent to country Sunday schools at Christmas. The cost of the Dorcas work for the year is as follows: Indian schools, \$808.24; Christmas boxes, \$108.18; communion linen, \$11; total, \$927.53. A total of \$547.61 in donations has been made by the girls' branches during the year.

The junior secretary, Miss A. L. Brock also presented her report. Miss Brock has resigned her post as secretary and keen regret is felt, as Miss Brock has done splendid work and filled her office in a most admirable manner. In her report she mentioned that the annual services held in Trinity church in Epiphany were exceptionally well attended, and that also eighteen of the junior branches contributed to the Christmas boxes. The total receipts for the year were reported to be \$820.76. Many new pledges were undertaken and a total of 45 branches were welcomed, giving a total of 45 branches with a membership of 758.

The treasurer, Mrs. Cortland Robinson, gave a most encouraging report for the year. She reported that there was a slight decrease in membership this year, but the receipts for the year ending March 31 were \$4,445.51, an increase of \$747.12 over last year. The total disbursement for the year was \$3,090.51. The balance on hand for the year was reported to be \$1,377.87.

Mrs. Roberts, the recording secretary, also presented her report for the year. The following three new branches were organized during the year: a senior branch at Musquash, and a girls' branch at St. Jude's, West Side, and one at Gagetown. There are now on record sixty senior branches, with a total membership of 1874, and twenty-seven girls' branches with a membership of 498. This was a total membership of 2,372. The general life memberships now number seven, while there are 140 diocesan members, and sixteen of these have been added during the past year.

## TO SUFFER FROM HEADACHES Makes Life Miserable

Headaches seems to be habitual with many people. Some are seldom, if ever, free from it, suffering continually with the dull throbbings, the intense pain sometimes in one part, sometimes in another, and then over the whole head varying in its severity by the cause which brings it on.

The varieties of headache most common are sick or bilious headache, nervous headache, headache from constipation, debility or indigestion and periodic and spasmodic headache, and it is doubly the cause must be removed before permanent relief can be had.

Burdock Blood Bitters, that has been on the market for over forty years, removes the cause of the headache, and only does this, but also restores the tire system to healthy action and builds up the system.

Miss Emily Smith, 204 Bellwood Ave., Toronto, Ont., writes: "I cannot speak too highly of Burdock Blood Bitters. For two years I was greatly troubled with violent headaches, particularly in the morning. I tried everything to cure me until a friend recommended B. B. B. I tried it, and now am completely cured."

Local military headquarters were advised yesterday that all applications for extension of leave or furlough to all ranks of overseas military forces of Canada cannot be considered under any consideration and that all ranks under orders to return must do so on the expiration of their leave or furlough. The only exception that has been made to the foregoing information is the case of mar-

ing the past year, and that the society was on a very favorable footing. The secretary thanked all the members for the splendid support that they had given during the year.
