Diamond Sparkles. By trimming St. Louis Wednesday Joe Boehling of Washington pitched his tenth consecutive victory and retained his position as leading pitcher of the American League.

Detroit made it four in six from Philadelphia in their recent series. Brooklyn broke its long losing streak on Wednesday, Curtis allowing Chicago only three hits.

A Washington fan was telling a few friends the other day that when an opposing team makes a hit off Joe Boehling, the Senators' sensational young pitcher star or the youngster gives a base on balls the entire Washington team stalls for time.

Connie Mack has taken over Bob Shawkey from Baltimore. About this time last year Mack crippled Dunn's team by demanding a pair of star outfielders, and now he comes along and takes Dunn's high bower again.

Mathewson pitched only seventy balls in defeating the Chicago Cubs on Tuesday, tying his own world's record.

Bill Carrigan. The Boston Globe says that Bill Carrigan is the natural choice for manager of the Red Sox team. He is one of the oldest players with the club, and ever

since he came to the team has been an indefatigable worker, full of fight, and always showing a rare quality of baseball brains. He joined the team not as a great catcher, but as most promising material, and he has made good in his own department of the game.

Carrigan not only has been a great catcher, but he has been one of the most aggressive players on the club. He always has been figuring the fine points of the game and when he has been in the catcher's points he always has been awake to take advantage of the other man's mistakes and to be ready to head off the inside "stuff" of the other fellow.

Carrigan never has been a phenomenal thrower to the bases, but he has spoiled many a happy afternoon for a visiting club by heading off base runners when chances against him have been taken.

At the plate there is no catcher in either league who compares with Carrigan, who has saved many a game by his courageous guardianship of the home plate.

Carrigan's hitting has been steady, and for many seasons he was one of the longest drivers on the club. He is still a dangerous man, and the great news is that he is a life-saver for the bottom of the Red Sox batting list.

He has played the game continuously since he entered his High School in Lewiston, Me. and save for a brief season with Toronto has spent nearly 12 years on the Holy Cross and Red Sox diamonds.

The St. Croix Team. The St. Croix Courier says:—After careful enquiry into its financial affairs, the St. Croix ball team has decided to "stay the route" and play to the close of the season.

THE RIFLE. In the sweepstakes at Blaisy on Wednesday night, H. B. Parker of the 66th Princess Louise Fusiliers, Halifax, scored 84 at 800 yards and at 500 yards Private A. Denholm of the 79th Highlanders, Winnipeg and Sgt. A. G. Bullock of the 2nd Queens Own Rifles, Toronto made 84 at 200.

ATLETIC. Sports at St. Stephen. The celebration of July 1 at St. Stephen which was postponed on account of rain took place yesterday. Excellent weather helped to make the day an enjoyable one.

THE TURF. The St. John Driving Club will conduct matinee races on Moosepath Park every Saturday commencing tomorrow. Two races are scheduled for tomorrow's meet which opens at 2:30 o'clock.

FOOTBALL. St. John Winners. The St. John Association team defeated the Caledonians on the Barracks square last evening, by the score of 1 to 0. The St. John footers outkicked the Caledonians, and were aggressive at all times, and only hard work on the part of the losers kept the points from piling up.

THE RING. Bouts Tonight. Frankie Burns of New Jersey vs. Phil McGovern and K. O. Eggars vs. Young Drummie, Rockaway Beach.

HARRINGTON AND DALY SALES MAY START OTHERS

In spite of rumored changes in the New England League the organization seems to be plugging along at the same old gait, and will probably continue to do so in face of the reported rumors of losing ventures.

One of the most important points in minor leagues' existence is the prospect of selling ball players, as well as actual sales, and judging from the news that has been printed concerning ball players on the New England League circuit there is every indication that several more will find their way into major league ranks along with the number already sold.

A couple of weeks ago it was found that Tom Daly, the Lowell pitcher, a St. John boy, was a good prospect and soon afterward several papers were angling for this player's services. After a spirited contention the fight narrowed down to two teams, the Red Sox and Comiskey's Chicago aggregation.

Following a doubtful sale it was finally decided that the Lowell backstop should go to the White Sox, according to Sec. Cooper of the New England League.

Lyinn was also fortunate in selling Pitcher Harrington to Cincinnati. Not that Harrington is not of sufficient class to go higher, but it gives the team an opportunity to develop other players already in its ranks who are capable of higher class ball.

Among the most prominently mentioned is young Joe Burns, the star center-fielder of the Portland club. Burns at present is having a layoff, owing to an injured foot, but it is figured the pitcher will do him good, and when he turns to the game his work should be better than ever.

THINGS WORTH KNOWING TO THOSE INTERESTED IN THE DRINK CURE

One year ago we opened a Neel Institute treating the drink habit at 46 Crown street, St. John (N. B.), to demonstrate to the public that we had a treatment that would cure all desires and craving for alcohol in three days time.

Some few call it a "fake" while others tried it with the remarkable result we cured several score of men and women. St. John was only one of our sixty branches that we have established throughout Canada, U. S. A., and foreign countries.
