HATTERS AND FURRIERS

Men's Working Clothes That Wear

It's the easiest thing we know to get good working clothes. No trouble to us to find them. There are brands that every dealer with house sense is acquainted with, manufacturers whom everybody knows by name. Their guarantee is as good as the Bank of England and their goods as reliable as the Rock of Gibraltar.

We flatter ourselves that we know what working men of the North End want, and when it's no more trouble to get it than it is to get the other kind, that's all there is to it. We may not make so high a percentage profit but we'll do better in gross returns. Besides, we do pretty much all of it, hereabouts. What more can we expect?

There were indignant passengers on the C. P. R. suburban line in the city this morning at five minutes to eight o'clock. The train reached Fairville on time, but when it got there it was held for nearly twenty minutes, until the train bearing the members of the "Prentice Boys' Association" could be allowed to pass. This delay was not appreciated by those who were due in their places of business at 8 o'clock.

MANY TO TORRYBURN FOR ST. PETER'S PICNIC
Rev. Martin Maloney Here From Toronto and is Attending

Three hundred or more of the children of St. Peter's church marched in procession this morning to the train, which took them to the picnic grounds at Torryburn. Glorious weather greeted them and everything pointed to a most successful picnic. A large crowd went out in the early train, and hundreds of others left on the 12:40 train.

The Sunday school children assembled at the church and headed by the City Cornet Band, and each carrying a flag, paraded to the depot. The Rev. Father Walsh, C. S. S. R., and Rev. Father Grogan, C. S. S. R., and Rev. Father Maloney of the Mission church, Toronto, arrived in the noon train and left for the picnic grounds on the noon train.

A feature of the picnic will be the presentation of prize awards to the Sunday school children by Branch 482 of the C. M. B. A. The children have successfully passed tests in the Sunday school work, and the C. M. B. A. has offered the prizes for the most efficient in the work.

UMBRELLA IS BROUGHT UP FROM RIVER DEPTHS
Grappling For The Body of Ernest Earle Off Cedar Point

A party of men who have been grappling at Cedar Point for the body of Ernest Earle returned to the city about eleven o'clock this morning in Joseph Paul's motor boat. They reported that in some places where they have to drag the water is as much as thirty feet deep, and that the bottom is very rough and the grappling irons are continually catching on large boulders. The only success they met with this morning was to find the umbrella the boy had with him at the time of the accident.

POLICE COURT
You're the worst looking specimen I've seen in the twenty-four years I've been in the police court," said Magistrate Ritchie to George Brown, who was arrested yesterday on charge of being drunk and resisting the police. Brown presented a sorry spectacle. His face was badly cut and his clothes looked as though he had been rolling in the street. He was remanded until tomorrow morning to allow the police to find out who gave him liquor.

William Diamond, who was arrested on charge of assaulting his wife, secured his freedom last night by leaving a deposit of \$20. His wife was to have appeared against him in court this morning but Diamond said she had been drinking in Union Alley last night and would not likely be on hand. Police Officer Crawford was sent after her, but came back to report that she had disappeared. The case was stood over until Friday morning.

A man who was arrested in Sydney street yesterday on charge of being drunk was remanded until tomorrow morning, as the magistrate did not think him in a settled enough state of mind this morning to plead.

BODY OF MATTHEW CRANE IS PICKED UP IN THE HARBOR

Probably Fell Off Wharf at Low Tide and Was Killed

ADRIET IN EARLY MORN

Seen by Messrs. Leonard's Men and Brought to Wharf—He Belonged to Grand Bay and Had Been Employed at Coal Handling

As Kenneth Outhouse, a fisherman in Leonard Bros.' employ was walking along the wharf about seven o'clock this morning he noticed a dark object floating about in the water just inside the C. P. R. trestle. He thought nothing of it at the time until his attention was attracted later by two white objects a little above the water and glistening in the sunshine. He called to Guilford Hayes, who was also on the wharf at the time, and together they investigated and they were startled to find that it was the body of a man. Although several fishermen and laborers had been on the wharf for some time previous to that, no one had thought it was anything more than a log that had drifted up to within about twenty feet from the wharf.

The body was placed in a boat and Coroner Berryman was notified. John Leary, who was in the crowd which had collected by that time was able to identify the body as that of Matthew Crane of Grand Bay, who had come to the city lately and was employed about the coal sheds.

It is believed that the unfortunate man was seen by Charles McCarthy at the corner of Union and Sydney streets about nine o'clock last evening. It is supposed that he walked towards Rev's Point after that and that he fell over one of the wharves at low tide and was killed in the fall, otherwise the body would not have floated so soon. But there were no marks or bruises to be seen.

The deceased was a brother of John Crane of Grand Bay, who was at one time on the local police force. He was about forty years of age and single.

Coroner Berryman ordered the body to be removed to the morgue. He said this afternoon he did not think an inquest would be necessary.

WHEN THE ACTORS TRY TO PLAY THE SCRIBES

Only One Real Attraction For The Sport Loving Here on Thursday Afternoon

The Marathon grounds will be the scene of mighty conflict on Thursday afternoon at 2:30 o'clock when the team of handsome stalwarts from the east of "The Pink Lady" company will clash with the aggregation of ball artists made up from amongst the four local newspaper writing staffs. Various dire things are predicted about the game. The names of those in the opposing line-ups have not yet been disclosed for there are said to be scouts here from a league in Labrador looking for likely men to work in the woods in the winter, and the broad tanned shoulders of some of those players might strike them so as to offer inducements which might cause them to quit either before play.

BOARD OF HEALTH TO TALK TYPHOID TODAY

Also Matter of Regulations Affecting the Plumbers

At a meeting of the board of health this afternoon it is expected that representatives of the master plumbers' union will be present to ask for changes in the regulations affecting the plumbers. Among other things that will be up for discussion will be the typhoid fever situation. Restrictions have been placed on the milk dealers forbidding the use of glass bottles in distributing milk to patrons. Several other temporary regulations have been made to check the typhoid, and they will be discussed.
