### THE CITY'S HEALTH

The health authorities of the city are to be congratulated on the progress made during the past two years in the enforcement of sanitary regulations, especially in relation to plumbing. There is still much to be done, however, and there are some tenements which no amount of plumbing could make healthy and habitable. Unfortunately there are also some people who would not keep the most sanitary premises in a clean and healthy condition. There is therefore need of continued vigilance on the part of the inspectors and the medical health officer, and public sentiment will heartily endorse measures they regard as necessary to improve conditions affecting the public health. St. John is beginning to forge ahead at what will soon develop into a rapid rate of progress, and we should be in a position to advertise it as one of the healthiest cities in Canada. It is very gratifying to learn that the health statistics show an improvement. When the home for advanced cases of tuberculosis has been provided, and more careful measures adopted in dealing with cases of that disease, there should be a notable reduction in the death rate.

### CITY GOVERNMENT

The city council of Ottawa has before it the following resolution:—"That in the opinion of this council the question of doing away with the aldermanic system and substituting therefor an adequate paid commission of five, including the mayor, with the initiative and referendum and recall vested in the people, would be submitted to the electors at the next municipal election, and if carried, that legislation should be at once applied for to make the vote effective." Along with this resolution is a proposal to have Ottawa declared a federal district, in somewhat the same sense as Washington. The discussion has been adjourned for a few days in order that some needed information may be secured. The city council and board of control system has broken down in Ottawa. In the discussion this week on the resolution we have quoted, the example of St. John and Vancouver was cited, as an argument in favor of the adoption of the commission plan. As stated in the Times yesterday, there is a Civic Improvement League in Ottawa, which is taking a lively interest in city affairs.

### SIR EDWARD GREY

The rumor that Sir Edward Grey may resign the office of foreign secretary, as a result of the criticism of his conduct in the Anglo-German affair is probably not well founded. Why should a man who is admitted to have handled a delicate situation with great skill and success be troubled by some ranting radicals? It is absurd to contend that diplomatic negotiations of extreme delicacy should be shouldered from the household. If Sir Edward Grey had subjected England to humiliation, he would be open to censure, but the outcry in Germany proves that he guarded British interests to the fullest extent. The foreign secretary is one of the great statesmen of his time and British interests could not be in safer hands. Not only does he possess the confidence of all the moderate and reasonable members of the ruling party, but of the able members of the Unionist party. His retirement from office would be a misfortune, for he brings to the performance of duties ability and courage, wide knowledge and experience, and the most sincere devotion to the welfare of the Empire. The future will doubtless show that in this affair with Germany his discretion and firmness saved the situation for England. There is no use in winking at what is called the "German peril." It is there, for all the thinking world to see; and it involves situations which call for the exercise of the very highest qualities of statesmanship and diplomacy. Sir Edward Grey, as foreign secretary, is the right man in the right place.

A French correspondent with the Turkish forces outside of Tripoli tells quite a different story from that which comes from Italian sources. He declares that the Italians in Tripoli are virtually besieged by the Turks, who are under good discipline and in good fighting trim.

### WASHES AWAY PIMPLES

Yes—Over Night

No remedy that we ever sold for Eczema, Pimples and all other diseases of the skin has given more thorough satisfaction than the D. D. D. Prescription for Eczema. But our patrons find that D. D. D. not only gives instant relief to the itching, burning skin, quickly driving out all the disease germs, but it is the best and most delightful wash for the complexion they ever used. Absolutely harmless and pleasant to use, D. D. D. cleanses the skin of all minor impurities such as rashes and pimples, over night, and used with the wonderful D. D. D. Soap, it leaves the skin as clear and smooth as that of a child. It is now generally known that there is nothing that can equal D. D. D. as a household remedy for all skin troubles, no matter what they are. We ourselves are fully convinced of the merits of this wonderful remedy. If you have a minor skin trouble don't let it develop into a chronic skin disease. Better drop in and talk it over with us, or write at once to the D. D. D. Laboratories, Dept. S. J. T., 20 Colborne St., Toronto, for a free trial bottle. We know D. D. D. will bring relief. E. Clinton Brown, druggist, corner of Waterloo and Union streets, agent.

Victoria, B. C., is considering a by-law to provide the city with recreation grounds. The Colonist says:—"The point which the ratepayers have to bear in mind in considering the by-law, is a two fold one. One branch of it is whether such grounds are likely now or are likely soon to be needed, and upon this there can be hardly any question. All progressive cities recognize recreation grounds as an absolute necessity. The second point is whether the necessary grounds can ever be secured more cheaply than at the present. No one will pretend to say that they can be. Therefore it seems to follow that if we are to have such grounds, now is the time to get them."

Commenting on the opening of parliament and the fact that Sir Wilfrid Laurier threw down the gauntlet of war at the very first opportunity, the Canadian Courier says:—"The old leader still disputes with the new, Sir Wilfrid Laurier and the forces behind him believe that Mr. Borden is to Conservatives what Alexander Mackenzie was to Liberals—a one-term leader. They cannot believe that the change is permanent. They refuse to recognize that a new party has permanently seized the reins of government. This is but a repetition of 1873, not of 1898. They are neither discouraged nor disorganized. They will fight as men to whom victory has only been delayed."

In its review of the recent great horticultural show in Toronto the Globe of that city says:—"The department of agriculture of the province of New Brunswick has a display of 55 boxes quite near. We are attracted by the unusually dark red coloring of the fruit. Many of the varieties are the same as grown in Ontario, but a few are different. King, Fameuse, Wolf River, King McIntosh, Dudley, Bethel and Baxter varieties make up the exhibit. The gentleman in charge hands us a pamphlet, on which we find the interlocking in big type. Why pay \$1.00 for an acre elsewhere when the best of apple lands, with buildings included, can be had for from \$10 to \$25 an acre in New Brunswick, which is but five days from European markets."

### FAT WOMEN LINGER OVER NELL BRINKLEY PICTURES

Nell Brinkley, wonderful line artist, draws solid fleshed girls, who also are purely aristocratic in line. In so doing she is the despair of all artists and faddish ladies. The point she illustrates is that aristocracy of figure is not founded on skinniness, but on proportion. In this there is hope for "dumpy" fat folk. Under your fat is a fine, firm-flesh figure. It is you; the fat is an overgrowth. Uncover that firm flesh and your lines will be pure and fine-compelling, as Brinkley's girls are. Prove this by melting off that foolish garment of fat. The process is simple. Take only one Marmola Prescription Tablet after each meal and at bedtime. This will do you good, as well as drop off the fat a half to a pound a day. It will touch the eye with the sparkle of fascination, point your wit, etherealize your movements. Be yourself—elevate your self-esteem. Marmola Tablets (made from the famous fashionable formula, 12 oz. Marmola, 24 oz. T. T. T. Cawara Aromatic, 4 3/4 oz. Peppermint Water) are safe to use—absolutely non-poisonous. They are the most reasonable prices, a large variety of the makers direct, the Marmola Co., 1179 Farther Bldg., Detroit, Mich. Or of any druggist, costing only seventy-five cents.

### MORNING NEWS OVER THE WIRES

Arthur J. Gaudet, of Memramcook, has been appointed assistant auditor-general, the post vacated by H. G. Blair. John F. Dryden, former U. S. senator, died last night in Newark, N. J. He established the Prudential Insurance Co. in 1875. Henry Clay Battle, jr., before going to the electric chair in Richmond, Va., made a confession that he had killed his wife. He said the circumstances as published were for the most part incorrect, but the fact in itself was true. A despatch to the Paris Temps yesterday was to the effect that the Turks had regained possession of a large portion of the oasis of Tripoli, and were preventing the Italians extending their front further. It also told of a sortie made upon a detachment of 200 Italians, all of whom were killed. Mrs. Francis O'Shaughnessy in New York yesterday confessed to having shot her husband, but said she had done so to keep his soul pure, to keep him from another woman. She told a pathetic tale of suffering caused by neglect. The defence in the case is insanity. At a meeting of the Montreal board of trade yesterday a petition was prepared asking the government that the I. C. R. be made subject to the railways act. Montreal, Nov. 24—McGill University's five-day whitewash campaign, which opened Monday morning, closed this evening with \$1,529,965 collected, and the highest standing of the institution for a time at least secured. Lincoln Center, Kansas, Nov. 24—Only two of the defendants in the "Tar Party" case, John Schmidt and Sherrill Clark, were found guilty by a jury reported at 4:30 p. m. this afternoon. The third defendant, A. N. Simms, was found not guilty. The jury had been out since Thursday morning at 11:30 o'clock. London, Nov. 24—Sir Gilbert Parker left today for Canada via New York. He is a passenger on the Cunarder Camilla.

### TO TENNYSON

In a tribute to the great English poet of his time the American, Thomas Bailey Aldrich, has this to say to Tennyson: Shakespeare and Milton—what third blazoned name Shall lips of after ages link to these? His who beside the wild encircling sea Was England's voice, her voice with one acclaim, For threescore years; whose word of praise was fame. Whose scorn gave pause to men's iniquities. Others shall have their little space of time. Their proper niche and bust, then fade away Into the darkness, poets of a day: But thou, O builder of enduring rhyme, Thou shalt not pass! Thy fame in every clime On earth shall live where Raxon speech has sway.
