When this day of glory and of buildings. death dawned, a handful of our soldiers were in peaceful charge of army affairs at a farm on the Natal side by brick walls into a number of small of the Buffalo river, across which rooms, each barricaded, there were Lord Chelmsford had led his army ten days earlier to crush the rebel Zulus. No day ever opened more gracefully, and no sun ever set over the soldiers at Rorke's Drift were picturing the victorious march of their comrades through the enemy's land, and chafing at the fate which kept them from sharing the glory of the campaign, 800 of their fellows were lying dead on the fatal field of Isandula, and the triumphant Zulus, mad with the lust of blood,

And now look! Away across the their steeds in a mad gallop toward the ford. "The heralds of victory," jubilantly thought the onlookers, as with loud hurrahs they greeted the riders as they neared the river; and in a few moments they were clustering horses with their worn and anxious riders to learn the news.

Their Thirst for Blood.

A few broken words told the tragic story. An overwhelming army of Zulus had swept down on the depleted camp at Isandula, had slaughtered its occupants almost to a man, and at that very moment were rushing, thousands of them, intoxicated by victory and thirsty for more blood, to Rorke's Drift, the only obstacle which lay between them and a devastating
