Position.**

say that the pernicious legislation of last session was the worst that had ever been brought before any legislative assembly in the world, and taking a very pessimistic view of the future of the country, said, there was no hope, no prospect, no future, nothing ahead of us but desolation and destruction. He gave credit to the Premier for the energy and ability displayed at the many meetings he had held throughout the province, but he added, "that where the danger comes in is that you are spending no effort and leave no stone unturned to prevent the overthrow of our political adversary." He was glad to see Mr. Fraser at the meeting. They had spent many pleasant hours together and hoped to do so again.

**POLITICAL NOTES.**

The Premier is spending to-day North Victoria in the interests of J. White, the government candidate in the riding. He will speak at three points on the riding.

The Premier is spending to-day North Victoria in the interests of J. White, the government candidate in the riding. He will speak at three points the riding.

Last night Messrs. Pooley, Hayward and Higgins addressed meetings in Sooke, and to-night they will speak at Methuen.

A special to the Times from Nanaimo says: "F. Carter-Cotton spoke at a meeting held in Northfield last evening the interests of John Dixon, the Lab candidate in North Nanaimo. The opposing candidates were at Parksville, where a Bryden meeting was held and addressed by Messrs. Bryden, McInnes, Turner and Lugrin. Messrs. Dunsmuir and McPhillips held meetings on Gabriola Island last evening. A meeting in the interests of the Conservative candidate will be held here this evening, in which some of the Victoria orators will speak."

## A Busy Week for the Politicians —Mr. Neill Squarely Anti-Martin.

"If the audience expected to hear anything from Mr. Turner—and it certainly did—in regard to Mr. McInnes seeking to enter his cabinet they were disappointed, for the question was not even referred to. It was before practically the same audience that this matter was discussed two weeks ago, and Mr. Turner dealt with it at Spring Ridge on the Monday evening following. The greater part of Mr. Turner's address was devoted to the railway policy of the Turner government as compared with railway legislation proposed by the Premier.

Mr. Eberts was well received. His address was along the lines of that at Sanicville.

"Mr. Laurin spoke for a short time as responsible government."

On Wednesday evening, Mr. Eberts speaks at Talmie school house, and Hon. Mr. Yates speaks at Nanaimo. Thursday night the government party hold a rally in the theatre.

HOW TO CURE A SPRAIN.

Last fall I sprained my left hip while handling some heavy boxes. The doctor called on said at first it was a slight strain and would soon be well, but it grew worse and the doctor then said I had rheumatism. It continued to grow worse and could hardly get around to work. I went to a drug store and the druggist recommended me to try Chamberlain's Pain-Balm. I used it and one-half of a 30-cent bottle cured me entirely. I can now recommend it to all my friends. F. A. Balcomb, Erie, Pa. It is for sale by Henderson Bros., Wholesale Agents, Victoria, B. C., Vancouver.

I awoke last night with severe pains in my stomach. I never felt so badly in all my life. When I came down to work this morning I felt so weak I could not do any work. I went to Miller & McCurdy's drug store and they recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It worked like magic, and one dose fixed me all right. It certainly is the finest thing I have ever felt so weak in my life. I shall not be without it in my home hereafter, or I should not care to endure the sufferings of last night again, for fifty times its price.—G. H. Wilson, Liverman, Burlington, Washington Co., Pa. This remedy is sold by all druggists. —Anderson Bros., Wholesale Agents, Victoria and Vancouver.

The jury sitting on the case of the Hogan Minstrels vs. the Canadian Pacific Steamship Co. has returned a verdict awarding the plaintiffs \$2,500 damages. The case of Hogan, the leader of the minstrels, is already pretty well known. The minstrels went from Vancouver to Australia on a vessel of the Canadian-Australian line. On their way back to Vancouver they stopped off at Honolulu, intending to resume their tour of the Pacific. The vessel was delayed and when they finally sailed for passage on the Milwaukee they were denied. The minstrels, by their attorneys, alleged they had been discriminated against. They said that the Milwaukee's captain and purser, though passengers on the first ship asked for damages in the sum of \$20,000 each, or an aggregate of \$588,000.

60 SPECIALISTS ON THE CASE.—In the ordinary run of medical practice, a greater number than this have treated cases of chronic dyspepsia and have failed to cure—but Dr. Von Stan's Pineapple Tablets (60 in a box at 35 cents cost)—have made the cure and put to rout the mistaken notion that proprietary remedies are trash, and may help but never heal. These little "specialists" have proven their real merit. Sold by Dean & Hiscocks and Hall & Co.
