AMAZING TESTIMONY.

In order to understand how it is that Rev. Dr. Simpson can raise \$40,000 in a day for the work of the Christian Alliance, it is necessary to know something of the state of mind of those to whom his appeals are made. If we may rely on the reports, the members of this alliance include some of the most credulous souls that any sort of religion has yet produced. It has not hitherto been claimed that prayer would cure broken bones in the twinkling of an eye, but we are now asked to accept the statement as one of fact. The following amazing testimony is gleaned from the Portland Press report of the meeting at Old Orchard last Sunday:—

Albert S. Weaver, a young and rather good looking man, who lives in Chiope, Mass., said that a year ago he fell on the ice and broke both bones of his leg. He was taken home and attended and immediately recovered. A man in the audience spoke up and said he knew this story to be true. Mrs. Grant, of Nova Scotia, told about a boy who lived near her who was attacked with appendicitis. The doctors operated when the father said he would trust his boy with Jesus. They prayed for the boy and within the doctors went to look at him he had recovered.

W. C. Crocker, of Wakefield, Mass., told about falling down and breaking a knee cap. It took him weeks to get out of bed when under a doctor's care. He fell down again and the knee cap was fractured in five places. The doctors told him he would always have a stiff knee. He was prayed for and he was healed in a few days and to prove it he hopped about beneath the trees.

Mrs. A. S. Weaver, of Chiope, had been cured of nervous prostration and told of a boy who had been cured of appendicitis. Elizabeth Lyman of Montreal had been partially deaf but was now recovered. She was now praying for better health.

Eugene Knight, of Gloucester, Mass., had broken his shoulder which was healed by prayer. Dr. Wilson called upon all those who had been cured by prayer of various diseases to rise. There had been cured of cancer, six of spinal disease, five of consumption, six of lung trouble, twelve of throat disease, three of appendicitis, five of tumors, 23 of heart disease and eight of broken bones and 23 of nervous prostration.

Rev. E. M. Fuller, who is a missionary in India and has only recently returned home, told about what divine faith has done in India. He said that small-pox and cholera had often been cured there by simple prayer. Mrs. Gentry, a returned missionary from South China, had several times been cured of malarial fevers. She had battled with the powers of darkness several times and won out by her prayers. On one occasion, which she vividly related, she had a terrible fever but some good brother came in and anointed her and she at once recovered. Another time she was unconscious from a fever and not expected to live but her brother and sister missionaries would gather about her and pray her back into consciousness. She wanted to come home but the day the steamer was to sail she was simply unable to go out of doors. She was healed almost in a minute and took the steamer home. She said that divine healing had cured many Chinese.

Mrs. Benjamin Cook, of Portland, testified that she had pleurisy so that she couldn't lie on her side. She prayed for help after the doctors had failed to relieve her and God sent Mr. Bailey who anointed her and she recovered. Mrs. G. G. Clark, of New York, said she was given up by five doctors to die but was cured by God. She had heart disease and was cured as quick as lightning after a prayer. She said she was 52 years old and was as lively as a young girl.

Up to the end of last week the export of cheese from Montreal since May 1st was 72,145 boxes, compared with 1,098,778 boxes in the corresponding period last year. Of butter 154,906 packages went forward this year to date, compared with 133,969 in the like period of 1900. Thus, more butter and less cheese has been shipped thus far this year than in this date last year.

The Workingmen's Educational Association, of Montreal, dissents from the view expressed by the Iron works relative to Carnegie's offer of \$150,000 for a library. The association has declared by resolution that a free public library is badly needed and the gift should be accepted.

Says the Portland Press: "The Maine lumbermen seem to be getting possession of considerable timber land in the Province of Quebec. This enterprise in the direction of Canada shows that the home field is getting crowded."

Rev. Dr. Williams, of Montreal, says he found among the common people in Newfoundland a strong feeling in favor of confederation with Canada, but not among government officials and merchants and manufacturers.

The Metropolitan Street Railway Co. is asking a franchise for freight traffic on the streets of Toronto. They are not likely to get it. One alderman remarks that "they want the earth."

W. F. Linton, former editor and owner of the Manitoba Free Press, who has been editor of the St. Paul Globe for nearly three years, has resigned and is returning to Canada.

In the last ten years a hundred persons have been lynched in Alabama, and it is claimed by one authority that more than half of them were not guilty of the crimes charged.

The Manitoba government has appointed a commission to enquire into the question of a provincial agricultural college.

THE DUKE AT DURBAN.

DURBAN, Aug. 13.—The Duke and Duchess landed at 11 o'clock by the tender Panther. The Duke, the Duke's yacht, and a Portuguese cruiser lying in the harbor had their flags at half-mast in memory of the Duke's late father, the Duke of Devonshire. The immense crowd on the block at the end of the harbor, included Zulus and Indians as well as whites, and all cheered enthusiastically. The Duke and Duchess were welcomed on the pier by the governor of Natal, Sir Henry McCallum, the members of the colonial cabinet, a committee of the municipality of Durban and a large number of naval and military officers. The governor of Mozambique, representing Portugal, was presented to the Duke and Duchess. The Duke and Duchess then drove to the city park, where a great reception was held. Loyal addresses were presented by various societies, and the Duke of Cornwall and York, who were admirals' uniform, responded.

During the afternoon the Duke and Duchess entertained the Duke of Devonshire at the Royal Hotel, the guests including all the high colonial officials. Immediately after the luncheon, the Duke and Duchess took train for Pietermaritzburg.

GRAND ENCAMPMENT OF ODD-FELLOWS IN SESSION.

MONCTON, N. B., Aug. 13.—The grand encampment of Odd Fellowship of the maritime provinces met here today. The reports of Melville McKean, grand scribe, shows the membership increased to 575,022. The receipts of subordinate lodges were \$1,208.54, current expenses \$683.13, and the balance in the treasury \$525.41. The report of Grand Patriarch, J. R. McDonald, Sherbrooke, N. S., high priest, J. H. Brown, Lunenburg, secretary, T. M. Grant, Westville, grand scribe, Melville McKean, Moncton; grand treasurer, J. E. Smith, St. John; grand junior warden, E. S. Sweet, St. John; grand marshal, A. McGowan; grand sentinel, A. G. Houle, Charlottetown; deputy grand sentinel, A. A. Tuttle, Moncton; deputy grand patriarchs, Geo. W. McDonald, St. John, and J. C. Fraser, A. J. Houle, W. W. Shaw, J. A. Bayne, J. R. Trask, A. G. Fields, J. A. Arnold, T. M. Grant, Thos. Urquhart, Jas. H. Brown, E. A. Sutherland, Alfred Birchell, E. S. Sweet, Jas. Torrance.

LORD MILLNER'S ROMANCE.

TORONTO, Aug. 13.—The Evening Star's special from London says: Lord Milner is engaged to be married. Before sailing for South Africa Saturday, while somewhat overcome by the emotion at the cordiality of his "second wife," he said to his friends: "I am going to surprise you. You know have always been opposed to the marriage of a man who had his career to make, and have even gone to the extent of declaring I would never marry. Well I have succumbed this time. I proposed marriage to my future wife while being entertained in a houseboat on the Thames at Henley last Sunday."

AFTER NICKEL PROPERTY.

TORONTO, Aug. 13.—The Ontario government was today advised of the presence at Sudbury of Thomas Edison, the celebrated inventor. His visit there is a direct result of an inspection of the mines building at the Pan-American exposition, where he saw an exhibit of minerals from Ontario. It is understood Edison will endeavor to acquire some nickel lands with an object to securing nickel for his industries.

K. OF P. CONVENTION.

CHARLOTTETOWN, P. E. I., Aug. 13.—The fifteenth annual convention of the Grand Lodge of the Knights of Pythias of the maritime provinces began this morning in Pythian hall. There was a full attendance of grand officers and a large representation of delegates from various lodges. The report of the grand keeper of records and the cash shows progress in the order during the year. Four new lodges were instituted during the year, namely, at Summerside, St. John's, and at Charlottetown. The total assets at the end of the term amounted to \$28,451, an increase of \$2,555. There was paid out for relief \$2,618. The widows and orphans fund on the 30th of June last was \$6,719. The cash balance on August 13th was \$1,684. The increase in membership during the year was 197, divided among 25 lodges. There are 19 lodges in New Brunswick with 560 members. Nova Scotia has 13 lodges with 670 members. Prince Edward Island has two lodges, with a membership of 71. The total assets of the grand lodge amount to \$1,111. The cash balance on August 13th was \$385. This afternoon the Uniform Rank of Knights of Pythias passed from the Hotel Davies to Victoria Park, where the competition was held. There were two companies in the procession, making about 75 men, and made a splendid appearance. St. Stephen was the first place in the competition for \$5 and a silver vase. St. John's, Fredericton, Moncton was second with \$15. At a meeting in Pythian hall this evening an address of welcome was given by Mayor Warburton.

HALIFAX.

HALIFAX, N. S., Aug. 13.—J. Walter Allison of Dartmouth, and M. T. Foster and A. B. Crosby of this city were tonight nominated by the liberal conservative convention as candidates for the house of assembly for Halifax city and county.

To cure Headache in ten minutes use KUMPORT Headache Powders.

IN OTTAWA TODAY.

The Meeting of the Dominion Educational Association.

The Dominion Educational Association will meet in Ottawa today, tomorrow and Friday. Dr. Geo. U. Hay and Dr. Bridges have gone up from this province.

"The Dominion Educational Association," owes its inception to the convention of the National Association of the United States which was held in Toronto in July 1901. A number of Canadian teachers in attendance at this convention held a meeting in Toronto Normal school on the 18th of July, of that year to organize an Educational Association for the Dominion of Canada. At this meeting the Rev. Dr. Burwash, of Victoria College, moved, seconded by Dr. Bryce, of Manitoba College, that in the opinion of the representatives of the different provinces of the Dominion present, it is desirable that an association for the teachers of Canada should be formed to be called the Educational Association of the Dominion of Canada. The resolution was carried unanimously. The Hon. G. W. Ross, of the Department of the Interior, was elected president of the association. The convention met in the High school building, Montreal, July 5th, 1902, the second in Toronto in 1895; the third in Halifax in 1900.

For this week's meeting a fine programme has been prepared. On the first evening addresses of welcome and replies thereto will be delivered. On the second evening an address will be delivered by Mrs. Clarke Murray, of Montreal, on the subject of "The Teacher in Schools," and Professor Robinson of the Department of Agriculture will also give one of his interesting addresses. On the third evening Dr. Harper, of Quebec, will take up the important subject of a Dominion Educational Bureau, and Dr. S. B. Sinclair will give an address on the "Educational Exhibit at Paris." In the various departments of the association, papers will be read before the convention by many of the best known educators in Canada.

The president, Dr. J. A. McCab, principal of Ottawa Normal school, was in the Truro Normal school from 1889 to 1893, when he went to Ottawa. He is an Irishman and a prominent member of various Roman Catholic societies in Ottawa.

MILITARY REVIEWS.

The Corps That Will Go to Halifax—2nd Goes to Quebec.

OTTAWA, Aug. 13.—Most of the details of the military reviews to be held at Halifax, Quebec and Toronto, in honor of the Duke of York, have been completed by the military department. Gen. O'Grady-Hill will be in supreme command at all the reviews. Col. Flettler will command the review at Quebec. Lieut. Col. Wilson will have charge of the artillery brigade at Quebec and Major Turner will command the cavalry. Lieut. Col. Campbell, of Sussex, in charge of the cavalry, and commanding officer of the Halifax Field Battery in charge of the artillery.

The following will likely be the corps to take part in the review at Halifax: 8th Hussars, N. B.; King's Hussars, N. B.; 10th Field Battery, Woodstock, N. B.; 12th Field Battery, Newcastle; 1st Regiment Garrison Artillery, Halifax; 2nd Regiment Garrison Artillery, St. John; 4th Regiment Garrison Artillery, Charlottetown; Brighton Engineer Company, 3rd Royal Canadian Regiment, Halifax; 71st Regiment, Fredericton; 74th Regiment, Sussex, N. B.; 63rd Regiment and 66th Regiment, Halifax; 78th Regiment, Truro, and 68th Regiment, Kentville.

BOARD OF WORKS.

At the meeting of the Board of Works yesterday, it was decided to let Mr. Jameson, the hay shipper, have the use of one half of No. 3 warehouse for a fortnight. The chairman, Mr. J. W. Hamm for damages for injury to a pair of horses and a wagon on Douglas avenue was referred to the recorder. The question of the storage of goods in the city's warehouses for long periods was discussed, and a report of the quantity of goods stored, length of time and rent paid, was called for. A committee was appointed to confer with Mr. McLeod, to find out at what price the McLeod wharf could be purchased. The offer of the wharf to lend the city street making machinery was accepted. The offer of the Portland Rolling Mills of \$10 a month for the use of a city scow or \$300 was refused. New tenders were asked for soft coal. The sub-committee to inquire into the question of steamers paying wharfage at the I. C. R. pier, reported and were continued with directions to arrange, if possible, that the city should get all the wharfage paid in by vessels loading at this pier from barges.

WILL YIELD \$5 MILLION.

Advices have been received from Manitoba and the Northwest which state that the wheat yield in the west will not be less than \$5 million. In a number of sections the yield is so heavy that it would be hardly possible for more grain to grow on the land. In the west from 35 to 40 bushels per acre. The report declares that the average yield will be nearer 25 than 30 bushels. Harvesting operations are now general all over Manitoba.

MASTERS PAINTERS' DRIVE.

The annual drive and picnic of the master painters was held yesterday at the Loyalist house, Ben Lomond road. Driving out in the morning, members partook of a bountiful dinner and the afternoon a programme of sports was held, resulting as follows: Quot competitor (1) Joseph Craig, Palmer's Building, Princess street. (2) H. L. McGowan. (3) John Johnson. (4) William Kennedy. (5) J. B. Bell. (6) B. T. Logan. (7) John Leah. (8) John Richardson. One-quarter mile race—(1) John Johnson. (2) Thomas Richardson. Fat men's race—(1) John Leah. (3) H. L. McGowan.

In the one-half mile race, F. S. Murdoch finished first, but was placed second on account of a foul. H. L. McGowan being awarded first place.
