American Investors Turning Their Eyes to Canada.

The Sackville Murderer - Rece Deaths of Former Provincialists Adopting Church of England Ritual -The Markets.

BOSTON, May 12.—The attention of

the Boston public during the past few days has been pretty evenly divided between the numerous murder hearings now before the courts of New England and the pyrotechnics in the tock market. As a result of Thursspeculative panic thousands of persons in this locality, to use a homely phrase, have "gone broke." The Boston stock brokers, while suffering osses, came out of the battle practic ally whole. Only one firm in this city went to the wall. It was the dear public that had to foot the bills.

American investors are more generally turning to Canada as an invest-

ent field, now that most of the indus tries in the republic have tallen into the hands of trusts and syndicates. During the coming years it looks as if in Canada invaded by capitalists. Attempts will doubtless be made to gain control in many lines, such as steel, iron, copper, coal, pulp and railroads. Attempts may even be made to influence legislation at Ottawa, if indeed they have not already been made. Provincial governments other than that of Nova Scotia may be called on that of Nova Scotia may be called on to surrender valuable rights and franchises, and it will require strong men at the head of affairs to prevent into purely mercenary hands. The American press far and wide, especiinterests, is publishing columns of in-formation about Canada. That counby proper development, but the danger to be feared is the attempts which may be made by great syndicates and unscrupulous men to gobble up every-thing in sight and even control provincial governments as they now con-

The Canadian Club of Boston and vicinity held its quarterly meeting at the Copley square here Wednesday evening. President Robert H. Upham, M. They occupied 56 typewritten pages of foolscap, and exceptions were taken to questions put to nearly all the witnesses and their replies, particularly those in relation to Bailey's wagon on its alleged journey to and from the pond where Bailey's body was found, and to the testimony of William H. Proctor, a gun expert, as to the bullets which he fired through the gun to show the marks made by rust in the barrel. The exceptions will be heard by Judges Sherman and Fox on some date in the near future yet to be announced. Best is still in Salem jail, where he exhibits the same calm demeanor that he

It is expected that the Dominion Coal Co. of Boston and Cape Breton will be absorbed by the Dominion Iron & Steel Co. Dominion Coal common stock has been disappointing to holders having hopes of a dividend. The stock is quoted on the Boston exchange around 36.

The Episcopallans of Massachusetts have voted to divide the diocese, the territory west of Worcester to form the new division. Most of the low churchmen in this vicinity opposed a division, while the high and many of the broad churchmen voted for it. The question of ritual, however, had no direct bearing on the matter and harmony prevailed throughout the discussion. The principal advocate for division was Rev. Fr. Frisby, rector of the Church of the Advent, Boston. It is not known yet who the new bishop will be, as an election will hardly be held before next winter. He will probably be a moderate churchman.

Among the deaths of provincialists in this vicinity of late occurred the following: In Borchester, May 10, Elizabeth Hunter, formerly of St. John; in Lawrence, May 2, John S.

Rowe, aged 71 years, formerly of St. John; in Cambridge, Mrs. Mary Bland, wife of Robert Bland, aged 54 years, native of Wallace, N. S.; in Melrose, May 8, Edward Sutherland Coombs, native of Halifax; in East Billerica, May 4, John L. French, formerly of

Halifax.

In a religious article yesterday the Boston Evening Transcript said:
"The tendency toward greater dignity in public religious worship, which has been marked during the past ten years, has attained new heights within the past few months. Central Congregational church, Brooklyn, has a service which takes up exactly one hour before the sermon is reached. Much before the sermon is reached. Much of it is borrowed from the old litur-gles. A Baptist church in Pittsburg confines its music wholly to English Presbyterian congrega tions in all parts of the country are elaborating their forms, and the number of vested choirs among the Lutherans is now so great as to excite no comment. In New York the third vested dist churches. The last one is in Calvary, the largest Methodist congregabership, and one of the largest in Ame rica. The vestments worn are a actly like those worn by choristers in Episcopal churches, and there are the same processional and recessional areas of the presbyterian hymns. The Fourth Presbyterian church, New York, Rev. Dr. J. Wilbur Chapman, the well-known evangelist its auditorium during the coming summer, in order to admit a boy's choir, and there is talk of putting vestments upon them. Some favor it, including, it is said, Rev. Dr. Chapman, but as yet the vestments have not been consented to by the session." The Massachusetts Diocesan convention has approved the transfer of Rev. Andrew Gray, D. D., formerly of Sus-sex, N. B., from this state to an Epis-

copal church in the diocese of Spring-field, Illinois.

The Boston lumber market continues firm under a good demand, and none too large supply to draw from. Quotations are well sustained at \$18 to 19.50 for dimensions; \$17 to 18 for boards; \$17 to 18 for matched boards, and \$12.50 for out spruce boards. Laths are in fair demand at \$2.90 to 3 for 1 5-8-in. and \$2.65 to 2.75 for 1 1-2in. Cedar shingles are easy, with of-ferings more liberal, the New Brunswick mills having resumed sawing. For extra, \$2.90 to 2.95 is asked; clears, \$2.50 to 2.65; second clear, \$2.10 to 2.20; clear white, \$2, and extra No. 1, \$1.90. Hemlock is steady, with small offerings. Eastern boards are worth \$15 to

DEATH OF DR. P. R. MOORE,

A Native of Albert Co., N. B., in Los Angeles, California.

The Sun's Hopewell Hill correspondent whites under date of 17th inst.: Intelligance has been received here of the death at Butte, Montana, of Dr. Paul R. Moore of Los Angeles, Cal., formerly of this place. The deceased had been in Butte for the past few months assisting his son, Dr. T. B. Moore, and succumbed to an attack of pneumonia, after a short illness. Dr. Moore, who was about 68 years of age, was a sen of the late Thos, B. Moore, barrister, and for a number of years was one of the most prominent physiclans of this province. He was a graduate of Bellevue, New York, and afterwards took a post graduate course in Great Britain. After practising for several years in Hopewell he re-moved to Sackville, and about thirteen moved to Sackville, and about thirteen years ago went to Los Angeles, where has since had his residence. In addition to his professional attainments the deceased was possessed of literary abilities of an exceptionally high order. He leaves a wife, formerly Miss Weldon of Sackville, one son, above mentioned, and five daugnters living at home. Two brothers and three sisters also survive—Geo. W. Moore of Los Angeles, Capt. Charles Moore of Vancouver, Mrs. Dr. McDonald of Petitcodiac, Mrs. Alice Miller of St. John, and Mrs. Smith living in the John, and Mrs. Smith living in the western states. The doctor's old friends and associates here learned of his death with sincere regret.

WAR ON OBSCENITY.

Government Determined to Stop

Jones, Gets After the Dealers-John \$50 or Three Months in Goal on Two Charges.

John Fernandez pleaded guilty before Judge Desnoyers this morning to a charge of importing into Canada prohibited publications, and to a sec-ond charge of keeping them for sale. noon, when he was sentenced to a fine of \$50, including costs, or two months in jail, on each of the two charges against him. The judge in giving sentence read Fernandez a severe lecture, and said he was determined to put a stop to the importation and sale of prohibited literature.

of prohibited literature.

The prosecution is the commencement of a war on all publications, which, by a section of the customs act, are prohibited from coming into Canada, and from being sold or exposed for sale in this country. For many months any number of forbidden publications have filled the window. cations have filled the windows of ertain stores in Montreal and other ties. The recent letter of Archbishop Brushesi, in which he refers to the evil, is merely coincident with the work now being done under the direction of Chief Customs Preventive Officer Fred Jones. The work was started two weeks ago, and evidence has been secured which will gain convictions in many cases.

FORBIDDEN PUBLICATIONS. Among the publications which ar forbidden to come into the country or be offered for sale are the following: to 19.50 for dimensions; \$17 to 18 for 10 s.im. and under; \$17.50 to 18.50 for 10 and 12-in. random lengths, 10 feet and up; \$15 to 16 for 2x3, 2x4, 2x5, 2x7, and 3x4, 10 feet and up; \$15.50 to 17 for all other randoms, 9 inches and under; \$15 to 16 for merchantable boards; \$17 to 18 for matched boards, boards; \$17 to 18 for matched boards, boards; \$18 to 18 for can Nation, Boston; Advance, Pas-sumpsic, Vt.; Breeze, Augusta, Me.; Chicago Dispatch or the Chicago Chicago Dispatch or the Chicago Democrat, Chicago; Chimax, Chicago; Chicago Mascot, Chicago; Cheerful Dean, Minn.; Detroit Sunday Sun, Detroit; Detroit Sunday World, Detroit; Fox's Weekly, New York; Gil Blas (Illustre), Paris; Household Companion, New York; Home, Boston; Hearth-York; Home and Fireside, New York; Hours at Home, New York; House and Home, New York; Illustrated Monthly Fireside Gem, Waterville, Me.; Illustrated New York News, New ternational Y. Young America, Washington, D. C.

The crusade at present being made against forbidden literature is aimed chiefly at that which comes under the heading of obscene or indecent works, but there are but there are a great many in the above list which are not so considered. They are, however, looked upon by the authorities as commercially immoral, and the methods of business by which they are carried on have have already been denounced in press and parliament.

In the case of Fernandez, an im-nense collection of Police Gazettes, Standards and Famous Pictures were seized. These were piled up on the table in front of Judge Desnoyers, and he ordered that they should all be destroyed. Mr. O'Halloran, for the crown, remarked that there is an mendment to the law which gives the minister of customs the right to decide vhat shall be done with the confiscated literature.

Several of the men who have bee dealing heavily in the publications under discussion have notified the authorities of the willingness to drop the sale altogether if they are not prosecuted for the misdeeds of the past.

Talked About.

A medicine that is talked about---that is frequently the theme of general conversation --- is a medicine that cures. That is why it is talked about. Commonplace medicines are not discussed; it is merit that compels attention

No other medicine in the world has been so much much talked about as Dr. Williams' Pink Pills. Neighbors discuss it at their friendly gatherings. The person who has been benefitted by the use of this medicine recommends it to ailing friends.

You may not have thought of it before, but, if you will recall the fact now, you have doubtless heard "Pink Pills" talked about on scores of occasions --- and always in terms of the warmest praise. This is because Dr. Williams' Pink Pills cure.

There is not a nook or corner in the whole civilized world where some sufferer has not been benefitted by the use of this medicine. There is scarcely a place of importance where Dr. Williams' Pink Pills have not effected remarkable cures. When doctors have said "we can do no more;" frequently after the best hospital treatment has failed, Dr. Williams' Pink Pills have restored sufferers to healthy, happy activity.

READ THE PROOF.

Mr. John McDonald, a well known merchant at Cape North, N.S., was for many years a sufferer from spinal trouble, which eventually resulted in paralysis. Mr. McDonald's story is given as follows in his own words:—"Almost thirteen years I caught a bad cold which lodged in my back, producing a terrible pain. Liniments were at first resorted to, but they had no effect, and the trouble became so bad that I could hardly walk. Medical treatment did me no good. I tried six different doctors, but the result was always the same. I spent \$30 for an electric belt, but it was simply money wasted. Years went on and I was continually getting worse, until in the spring of 1895 my lower limbs would scarcely support me. In June of that year I went to the Victoria General Hospital, Halifax, where I remained for two months under the treatment of the best specialists, but when I returned home I was actually worse than when I entered the hospital. This strongly discouraged me, and I gave up all hope of ever getting better. I continued to grow worse until about the first of January, 1896, when I had become so bad that I could not stand alone, as my legs were tike sticks under me. My only means of locomotion was crutches, and my legs dragged after me like useless pieces of timber. I could not raise them one inch from the floor. About the first of the following April, Rew Mr. McLeod strongly urged me to try Dr. Williams' Pink Pills. I had tried so many things without benefit that I did not think the pills could help me, but nevertheless I decided to give them a trial. After using six boxes I could see that there was a slight improvement, and I continued using the pills until I had taken thirty boxes, and by that time new hife and vigor had returned to my legs, and I have since been able to attend to my business behind the counter without the aid of crutches or even a stick. Under God's blessing Dr. Williams' Pink Pills have restored me to a new measure of health and energy I never expected to again eajoy in this world.

My restoration

But remember you must get the genuine, with the full name "Dr. Williams" Pink Pills for Pale People" on the wrapper around every box. If in doubt, send direct to the Dr. Williams' Medicine Co., Brockville, Ont., and the pills will be mailed, post paid, at 50 cents a box or six boxes for \$2.50.

A member of G. Company R. C. R. has received a letter dated April 8th, from a friend who is attached to the army Postal Corps at Elandsfontein, Transvaal. Among other things the letter says:

"The war is still running along in its own sweet way, while troops are continually coming up country, which continually coming up country, which makes Elandsfontein, although formerly a hustling little spot, take on a much brisker appearance.
