OPERATIONS IN

STOCKS ARE

SMALL

New York, Nov. 15.—Operations in

stocks were curtailed today and during

most of the trading, prices of the lead-

ing issues changed but little. A brisk

selling movement imparted some life

to the market in the last hour, and

quotations were scaled down, though

issues were not severe. The movement

as a whole was inconsequential and

speculative interest seemed to

be at low ebb.

In the early dealings specialties

were more than ordinarily prominent,

with substantial gains in some of the

tobacco issues, fertilizers, equipments

and American Beet Sugar. Preferred

shares of the latter company were

under pressure, and later there was some

selling at concessions of International

Paper issues. Union Bag and Paper

Common and preferred, and several of

the minor railways. The decline in

bag and paper issues was most pre-

cipitate, the common falling three

points and the preferred seven.

Call money ranged between 5 1/2 and

6 per cent, with moderate demands.

No change was shown in the time

rates, but the undertone was strong

and further offerings of commercial

paper at rates recently prevailing

were announced. Interior banks were

again made purchasers of business

paper. Forecasts point to a cash loss

of \$2,000,000 to \$4,000,000 on the

weekly movement. The loan account

is again an unknown quantity, but

the week's dullness in the stock mar-

ket indicates a contraction in that

item.

Prices of Americans in London were

generally higher, with especial activ-

ity in copper and Canadian Pacific.

The local market at no time made

more than slight response to the high-

er general average of our stocks

abroad.

The bond market was irregular.

Total sales, value, were \$1,530,000.

United States bonds were unchanged

on call.
