UMANIA SEES NO  
ASON TO CHANGE  
LINE OF CONDUCT

inet Decides Troops Will  
Remain Along National  
Frontier — Mobilization of  
Bulgaria and Greece Discus-  
sed

Bucharest, Roumania, Sept. 27, via  
London.—The Roumanian cabinet, at a  
meeting today in which the mobiliza-  
tion of Bulgaria and Greece was dis-  
cussed, decided that Roumania should  
maintain the course she has been fol-  
lowing.

These new developments, it was de-  
cided, were not of a nature to  
lead Roumania to modify in any way  
its line of conduct. Consequently  
Rouman troops will remain concen-  
tered along the national frontiers.  
The cabinet did not consider the  
question of establishing martial law.

## ALLIED AIR FLEET BOMBARDS BRUGES

ORGANIZING  
SIGNAL CORPS  
IN THE 64TH

Camp Sussex a Busy Place  
And New Recruits Ar-  
riving Daily.

MEN ARE RAPIDLY  
GETTING STRIDE

The few cases of sickness  
indicate sanitary sur-  
roundings — Men are all  
hard workers.

Camp Sussex, N. B., Sept. 24.—The  
past few days saw a large number of  
recruits enrolled on the strength of  
the 64th Overseas Battalion, there be-  
ing about 150 men from those places  
enlisted.

There are at present on the camp  
grounds in the vicinity of 2,000 men,  
of which about 1,800 of these are un-  
formed.

There are about two companies of  
the men A and B, that have been in-  
oculated for the first, and today the  
residential M. O., Capt. J. S. Carruthers,  
is inoculating C and D, and he  
will finish them in the evening.

All men, after they have been in-  
oculated are allowed forty-eight hours off  
duty to roam around the grounds at  
will. Thursday a fatigue squad of  
about twenty men erected two mar-  
quees to be used by the men as mes-  
sents in inclement weather, and they  
also erected a new post office on the  
grounds where the men can register  
and receive registered mail without  
having to go to the post office in the  
town for such purposes.

The people of Sussex are using the  
men in a first class manner, and the  
different churches are giving social  
for the men, which they more than  
enjoy as they are able to get a  
pleasant little "feed," which is most  
acceptable, and breaks the monotony  
of the camp food, which, while very  
good, considering the number of men  
that are to be fed, is not passed  
around like it would be if the men  
were at home, as every one has to fall  
in to what is called "the bread line,"  
that is, form a line in front of their  
company cookhouse and await their  
turn for their rations.

Indeed, the food that is served the  
men on the grounds is very good, as  
will be noticed from the following  
menu, which was the bill of fare for  
today:  
Breakfast—Baked beans, bread, but-  
ter and coffee.  
Dinner—Fried halibut and roast  
beef, gravy, bread, butter, coffee and  
soup.

Supper—Jam, cheese, bread butter  
and coffee.  
Who would want better rations?  
It was remarked on the grounds by  
an old soldier who had served in the  
South African war, in the relief of  
Lucknow, and who went across the  
water with the contingent, but who  
was turned down there on account of  
suffering an accident at Salisbury  
Plains.

A Healthy Lot of Men.  
There is very little sickness in the  
camp, which speaks well for the sanita-  
ry conditions here, and most of the  
men that report to the hospital at  
"sick parade" have suffered blisters  
and sore feet from the unsuited to the  
military boots, and they turn out for  
parade in the afternoon on which they  
report to the M. O.

The camp is noted for many things,  
as everyone knows, but never in its  
history has there been on the grounds  
at least a ram fight. The government  
loans part of the grounds to a farmer  
in the vicinity of the town for the  
purpose of pasturing sheep on, and  
it was while he was unloading a new  
consignment of sheep that the fight  
took place. Immediately he had opened  
the door to one of the cars which  
contained the sheep, one ram, which  
apparently had a grudge against a  
much smaller animal, attacked him  
with his head down, and before they  
had "rammed" many "rams" they both  
met rather forcibly and both fell over  
dead, and it was found that both of  
them had broken their necks when they  
collided.

The men of the battalion are having  
the usual squad and platoon drill, and  
are taking up very good, and as one  
of the officers said the other day, that  
"the 64th points to be the finest yet."  
The Y. M. C. A. tents still continue  
to be the favorite "hang-out" for the  
men, and many are the pleasant even-  
ings that are spent there in singing,  
and music of about every description,  
with the exception of the pipes, which  
instrument the battalion lacks.

The signalling corps of the battalion  
is in course of formation, and the sig-  
nallers promise to be a very fine lot  
of men, as the most intelligent men  
in the regiment are applying for pos-  
itions in the corps. Capt. McArthur  
will be in command of the section.

## AUSTRO-GERMANS BOMBARD SERVIAN FRONTIER ACROSS DANUBE.

BOMBARDMENT of the whole Serbian frontier across the Danube and the Save from the Roumanian headquarters. Belgrade and Semendria are particularly attacked. From these two cities railways lead to the Morava valley, where they unite and cross the river near Nish, going on through Bulgaria to Adrianople and Constantinople. If the Germans could obtain possession of these railways and if Bulgaria allows them passage they could send troops and ammunition to aid the Turks in Gallipoli.

KAISER WILL GO  
TO WESTERN  
FIRING LINE

German Emperor's head-  
quarters to be removed to  
the Duchy of Luxemburg  
next month.

London, Sept. 27.—Emperor William  
intends to remove his headquarters  
to Luxemburg in October, it is de-  
clared in a despatch from Amsterdam  
to the Exchange Telegraph Company.  
Instructions already have been issued  
regarding the transfer, according to  
advices from Berlin, the despatch  
adds.

The Grand Duchy of Luxemburg  
which German troops passed through  
on their attack on the French coinci-  
dent with the outbreak of the war, is  
close to the fighting line at a crucial  
point on the western front. The city  
of Luxemburg, the capital of the  
Grand Duchy is hardly fifty miles in  
direct line from Verdun, where the  
army of the German Crown Prince  
have been driving at intervals for  
more than four months.

## POPE PLEADS FOR PEACE

Cologne, Sept. 27, via London.—The  
Prussian Catholic bishops attending a  
conference at Felda have received the  
following message from Pope Bene-  
dict:

"In the same measure in which the  
need grows worse through the contin-  
uation of the war, the desire for peace  
increases. We hope that this univer-  
sal yearning may open up with every  
one the royal road which in patient  
human love leads to peace."  
The Pope's message concludes with  
a plea for a peace which shall com-  
bine "the demands of justice with the  
dignity of peoples."

DR. DRUMMONDS WORKS  
POPULAR IN LONDON

London, Sept. 27.—There is an en-  
couraging demand here for the second  
edition of the complete poetical works  
of the late Dr. William Henry Drum-  
mond, the Canadian poet of the habi-  
tant.

Note Your Increase  
In Weight

By making the  
blood rich and red  
Dr. Chase's Nerve  
Food forms new  
cells and tissues and  
nourishes the starved  
nerves back to health

PREMIER BORDEN'S  
WORDS INCENTIVE  
TO GREAT BRITAIN

London, Sept. 27, (Montreal Ga-  
zette Cable).—The Westminster  
Gazette says: "It is decidedly en-  
couraging to note the persistent  
way in which the Canadian Prime  
Minister, now that he is back in  
his own dominion, goes on paying  
tribute to Britain's contribution to  
the cause of the Allies. We take  
his words as a real encouragement  
to persevere in the completion of  
our task."

SYNOD OFFERS  
THANKSGIVING FOR  
ALLIED VICTORY

One of most important  
meetings of Church of  
England Synod brought  
to close yesterday.

Toronto, Sept. 27.—Following the  
prayer of thanksgiving after victory  
the Primates of all Canada pronounced  
the benediction and the seventh ses-  
sion of the Central Synod of the  
Church of England in Canada passed  
into history. This morning's session  
was a brief quarter hour one, and con-  
sisted merely of the reading of the  
list of acts which have occupied this  
sitting. At the conclusion of this for-  
mal business, Chancellor Davidson of  
Montreal, the veteran assessor of the  
synod, one of the few delegates who  
stayed faithfully to the last minutes  
called the attention of the Primates to  
the news of victory and the synod  
knelt in prayer.

In the closing hours a deputation  
consisting of Chancellor Harris, of  
Halifax, and Chancellor Davidson, of  
Montreal, was appointed to wait on  
the diocese of Newfoundland, since  
1839 a separated diocese, with a cor-  
dial invitation to join in such steps  
as may be possible to bring about a  
close union with the dioceses of the  
Church of England in Canada. This in-  
vitation renews negotiations which  
were entered upon at the time of the  
bicentenary of the church in 1910.

The session just concluded has been  
an important one, not only on account  
of the approval of the report of the  
Prayer Book Revision Committee, as  
amended but also on account of the  
steps taken for the formation of a  
Social Service Council which will be  
able to present the views of the  
church throughout Canada on moral  
reform work.

The personnel and organization of  
the council has not yet been deter-  
mined, as the members will be elected  
by the various dioceses, or appointed by  
the bishops. It is probable that Canon  
Tucker, of London, will have a prom-  
inent office in the council.

Another important act of the synod  
was the provision for a council of the  
bishops of the Upper House and of  
one clerical and lay delegates from  
each diocese. This new body will re-  
present the General Synod in the  
three year intervals between sessions,  
and will carry out the decisions of  
the Synod in unprovided cases. It will  
also act in digesting matters for pre-  
sentation to the synod. It is to meet  
twice a year. At the close of the ses-  
sion the Primates expressed his de-

HEADLESS  
BODY OF MAN  
BLOWN ASHORE

Sea gives up unidentified  
body believed to be that  
of Yarmouth man.

## Special to The Standard.

Yarmouth, Sept. 27.—Yarmouth has  
been in the grip of a severe wind  
storm for the past forty-eight hours,  
the wind sometimes blowing with hur-  
ricane force. A large number of shade  
and fruit trees have suffered damage,  
and a large plate glass window in A.  
H. Miller's bicycle store was demol-  
ished while the fancy railing surround-  
ing Hon. E. H. Armstrong's house  
here was blown off.

A Gloucester schooner, the Fran-  
ces P. Mesquita, Capt. Freeman Crow-  
ell, which was lying in the sound,  
dragged ashore but was pulled off by  
the steamer Coast Guard.

This morning the badly decomposed  
trunk of a man was blown ashore at  
Pembroke. The head was gone and  
the body was entirely naked. No iden-  
tification marks are left but it is  
thought to be the body of Maise or  
Smith, the men who were lost some  
time ago while out fishing.

HEAD OF SUN LIFE  
ASSURANCE COMPANY  
DIED YESTERDAY

Robertson MacAuley, fre-  
quently called father of  
insurance in Canada, suc-  
cumbs to pneumonia.

Montreal, Sept. 27.—Robertson Mac-  
Auley, president of the Sun Life As-  
surance Company, died at his home  
in Montreal this afternoon from pneu-  
monia. He was in his 83rd year.

The deceased was one of the best  
known insurance men in America, and  
was frequently referred to as the  
"Father of Insurance in Canada."

Mr. MacAuley was born at Fraser-  
burg, Scotland, in January, 1833. He  
was educated at Stenoway.

He believed that the Primates' office should  
be separated from diocesan work, to  
enable him to give his attention to the  
church throughout Canada. It was  
unanimously decided to meet next in  
Winnipeg, the seat of the Primates.

BRUGES IN  
DARKNESS AFTER  
AIR ATTACK

Allied Aviators Put Gas  
Works Out of Com-  
mission.

GERMAN OFFENSIVE  
CHECKED BY FRENCH

Enemy's Losses heavy in  
feeble attempt to regain  
some of ground captured  
in Allied Drive.

Amsterdam, Sept. 27.—Airmen of  
the Entente Allies have again bom-  
barded Bruges, Belgium. The sudden  
cessation of the flow of gas at Sluis  
(in Zealand on the Belgian frontier),  
which is supplied from Bruges, leads  
to the suspicion here that bombs from  
the aircraft struck the gas works.

A message received later from  
Bruges confirmed the belief that the  
gas works had been struck by the  
bombs of the allied airmen. The  
whole city has been thrown into dark-  
ness, the despatch said.

Feeble Attempts to  
Recover Lost Ground.

Paris, Sept. 27 (11.10 p. m.).—The  
French official statement made public  
tonight says that the situation to the  
north of Arras remains unmodified,  
and that the fighting in the Cham-  
pagne continues.

The statement adds that the Ger-  
mans today began another offensive  
movement in the Argonne, but that it  
was completely checked and that the  
German losses were heavy. The text  
of the communication follows:  
"To the north of Arras the situation  
is without modification. The enemy  
has reacted only feebly against the  
new positions occupied by our troops.  
The number of prisoners taken in  
that region exceeds fifteen hundred."  
"In Champagne the battle continues  
without cessation, our troops are at  
present on a front taken before the  
second position of the German de-  
fense, marked by Hill No. 185 to the  
west of Navarin Farm, the Souain  
Hillcock, the tree of Hill No. 193, and  
the village and Hillcock of Tahure."

"The number of cannon captured  
from the enemy has not yet been com-  
puted, but exceeds seventy field guns  
and heavy pieces, of which twenty-  
three were captured by the British  
army."

The Germans undertook today, in  
the Argonne, an offensive movement,  
which was completely stopped. On  
four occasions they attempted an in-  
fantry assault on our positions at La  
Fille Morte, after having violently  
bombed them with projectiles of  
heavy calibre and suffocating shells.  
The enemy was able to reach only a  
few points of our trench along the  
whole of the first line. He was stop-  
ped there by the fire from our sup-  
porting trenches, and has been re-  
pulsed elsewhere with very heavy  
losses.

"There is nothing of importance to  
report on the rest of the front."

SAY SURVIVORS OF  
ROYAL EDWARD NOT  
GETTING FAIR DEAL

London, Sept. 27.—London Truth,  
the Globe and other journals, denounce  
the Admiralty for parsimony in deal-  
ing with the surviving officers and  
men of the former C. N. R., the Royal  
Edward, sunk while being employed  
as a transport. The survivors have  
only received their wages to the date  
when the ship was torpedoed. Each  
officer received only seventy shillings,  
and each man only fifty shillings, to  
replace lost clothing and other effects.  
It is pointed out that months ago the  
Admiralty promised to grade the  
transport service employees with cor-  
responding naval ratings as regards  
pension claims.

A splendid contribution.  
A splendid donation to the Patriotic  
Fund was acknowledged yesterday in  
the receipt from the Hampton Tennis  
Club of \$533.51. The money is the  
proceeds of the Labor Day fair held  
by the club.

Does more cooking with less fuel because  
it's built with a coal-saving firebox.

McClary's  
Pandora  
Range firebox is extra wide but not  
too deep. Ask the McClary  
dealer to demonstrate this point for you.
