

PRES. HARDING REPEATS STAND AGAINST LEAGUE

In Opening His First Congress He Advocates a Nation Association.

LYNCHING NEGROES NATIONAL DISGRACE

Emergency Tariff Bill to be One of Chief Matters Before the Members.

Washington, April 12.—Following a session inaugurated by Geo. Washington, abandoned by Thomas Jefferson, and revived by Woodrow Wilson, President Harding delivered his first message to congress today in person.

"In the existing League of Nations, world governing with its super-power," said the president, "this republic will have no part."

"There can be no misinterpretation and there will be no betrayal of the solemn expression of the American people in the recent election. And, until in our decision for ourselves, it is only fair today to the world in general and to our associates in war in particular, that the league covenant can have no sanction by us. Manifestly the highest purpose of the League of Nations was defeated in linking it with the treaty of peace and making it the enforcing agency of the victors of the war.

"In rejecting the league covenant and uttering the rejection to our own people and to the world, we make no surrender of our hope and aim for an association to promote peace in which we would most heartily join.

"The matter revision of our tariff laws should be based on the policy of protection, resisting the selfishness which turns to greed, but over-competes with the productivity at home which is the source of all abundance.

WOMEN IMMURED FOR YEARS IN HOBOKEN HOTEL

File of Cans on Fire Escape Causes Hotel Man to Call Police.

SPENT THREE YEARS CLOSELY CONFINED

Taken to Hospital Where One Found to Have Tuberculosis—Refused Explanation.

New York, April 12.—The police and the health authorities of Hoboken, N. J., will be grateful to anyone who will put them in touch with relatives or friends of Miss Carrie Sunderland, 60 years old, and her niece, Mrs. Frankie Miller, who were taken to a hospital yesterday from two hotel rooms in which they had remained as voluntary prisoners for more than three years.

None of the officials who had anything to do with the case was able to learn from the women what their purposes had been in withdrawing so completely from the world. They are well educated and had paid their bills at the hotel regularly. They would say only that they had "their own reasons" for being as they did.

Since then, she stated, neither of them had been out of their rooms and what food they had had they had ordered and received by mail. Every month they received checks from a source which she would not disclose, and after sending them to a bank drew other checks against them. They paid their hotel bills with checks which they slipped under the door.

Miss Sunderland was found to be suffering from tuberculosis after both women had been taken to St. Mary's Hospital. She will be kept there until her case has been investigated fully. Mrs. Miller was allowed to leave the hospital after she had been there a few hours.

BORN. McEACHERN—On April 13th, 1921, to Mr. and Mrs. Henry McEachern, 63 High street—a son.

DIED. HEATHFIELD—At her home, 123 Main street, on the night of April 12, Elizabeth K. Heathfield, leaving her husband and two daughters to mourn their loss.

Cambridge, April 12.—The funeral of Mrs. E. A. Black was held on Saturday, April 3. Services were conducted by Rev. D. Hutchinson and interment made in the Baptist cemetery.

Ottawa, April 12.—Rev. Henry Grant, of the Baptist Church, Helena, Mont., is dead at his daughter's residence. Born in Ottawa 65 years ago, the Rev. Mr. Grant had resided here up to 15 years ago, when he went to Montana.

New York, April 12.—David Belasco, playwright and theatrical manager, is ill with pneumonia at a hotel here, it became known yesterday, when he was reported improving rapidly.

COST \$1,000 FOR NON-RESIDENTS TO GET A MOOSE

Open Season This Year for Big Game from Sept. 13 to Nov. 30.

GRAND MANAN TO HAVE SHORT SEASON

Sharp Discussion Over Depreciations Caused by the Wild Animals.

Fredericton, April 12.—Upon resuming at 8.30 o'clock, the House went into committee with Mr. Hayes in the chair and took up further consideration of the Game Act. Hon. Mr. Robinson said it had been decided to fix the open season for big game from September 15 to November 30 for the present year only.

Mr. Estabrook said that he was opposed to shortening the open season for big game. He thought the guides were capable of looking after the game, and it would be a hardship to them to have fifteen days out from the season. The last season 500 non-resident sportsmen took out licenses and they killed one moose for every two licenses. As it cost each visiting sportsman about \$500, it meant that the province received the benefit of an expenditure of \$1,000 for every moose killed by them.

Grand Manan Deer. Hon. Mr. Robinson submitted an amendment authorizing an open season for big game on the island of Grand Manan from September 15 to November 30 for the present year only.

Mr. Young said that there was a similar provision in the act of 1918, and it was as absurd that in short time there were claims for damages amounting to \$30,000, which the then minister had refused to recognize.

Hon. Mr. Veniot said he was opposed to the section. So long as municipalities were without a general law to prohibit the running at large of cattle on the highway roads, it would be difficult to tell whether damage to crops was caused by cattle or wild animals.

Farmers Need Protection. Mr. Fawcett said that while the law might be open to abuse he thought the farmers were entitled to some protection. The ordinary man could protect himself from the ravages of game animals, but the law did not permit it.

Hon. Mr. Robinson moved that the section be struck out.

Mr. Robichaud wanted to know if a person who shot a grouse illegally could be prosecuted under the Game Birds Act.

Hon. Mr. Robinson said that the only game bird mentioned in the bill was the partridge.

LEGISLATURE SAT UNTIL ONE-THIRTY

Special to The Standard.

LEGISLATURE SAT UNTIL ONE-THIRTY

Fredericton, April 12.—The Legislature did not adjourn until one-thirty this morning. The last hours were spent in a discussion of the funding of the interest of the Quebec and St. John Railway with the Premier, Hon. Mr. Veniot and the Hon. Mr. Baxter, the leaders in the fight.

Mr. Wetmore, on the section empowering the minister of lands and mines to compensate farmers for damage to crops caused by game animals, said he knew of cases in his district where serious losses had been incurred.

Mr. Young said that there was a similar provision in the act of 1918, and it was as absurd that in short time there were claims for damages amounting to \$30,000, which the then minister had refused to recognize.

Hon. Mr. Veniot said he was opposed to the section. So long as municipalities were without a general law to prohibit the running at large of cattle on the highway roads, it would be difficult to tell whether damage to crops was caused by cattle or wild animals.

Farmers Need Protection. Mr. Fawcett said that while the law might be open to abuse he thought the farmers were entitled to some protection. The ordinary man could protect himself from the ravages of game animals, but the law did not permit it.

Hon. Mr. Robinson moved that the section be struck out.

Mr. Robichaud wanted to know if a person who shot a grouse illegally could be prosecuted under the Game Birds Act.

Hon. Mr. Robinson said that the only game bird mentioned in the bill was the partridge.

Mr. Scott said it also applied to Campbellville and Deer Island.

Mr. Guppi said it could not apply to Deer Island, the people of which had applied for a closed season.

St. John-Quebec Ratio. Hon. Mr. Foster said in committee that he had explained the situation of the St. John and Quebec Railway, The Valley Railway matter was serious and demanded solution. The Leader of the Opposition had referred to the over-expenditure. He agreed with him. When a vote was passed a government should keep within it. But governments had not adhered to that principle. Let his Hon. friend name one single item which could be cut down to pay the interest on the St. John and Quebec Railway. He could not point out where \$500,000 could be procured for this interest. It was not good business to fund the interest, but it was impossible to meet this out of current revenue.

Mr. Baxter suggested that this year the interest could be met out of current revenue. Conditions were exceptional. Last year the estimates for public works had been \$483,000. The over-expenditure in the Department had been \$476,577. It was out of that over-expenditure that he would have paid the Valley Railway interest.

Hon. Mr. Veniot said his hon. friend had referred to special warrants, but let him remember that in the fall of 1916, the government of the day had obtained \$187,000 at one fall swoop.

Hon. Mr. Veniot said that it was an order just the same. There also had been the sum of \$78,000 charged to current expenditure.

why wait?

Dr. Wilson's HERBINE BITTERS

A tonic made from the curative principles of Dandelion, Mandrake, Burdock and other purifying herbs. Perfectly harmless, but very invigorating. It purifies the blood—clears the complexion and removes all those nasty pimples and blotches.

Try a bottle—At most stores. 50c. small size. Family size, four times as large, \$1.00. The Braxley Drug Co., Limited, St. John, N.B.

Public Utilities. The committee took up a bill to regulate shares and securities by law.

Mr. Baxter said a gentleman written to him with reference to telephone companies, and it were necessary to amend the act to provide for the issue of stock. He would amend the bill accordingly.

Hon. Mr. Foster said that he had immediately after the construction of the highway had made provisions for the issue of stock. He would amend the bill accordingly.
