Vessels from the Seven Seas Carry Cargoes to Big Ports and Aid Upbuilding of Economic Germany.

Berlin, April 17.—The rivalry between the great German ports of Hamburg and Bremen, so keen before the war but non-existent for two years following the armistice, owing to general trade stagnation, has once more become acute. The figures of Hamburg shipping movements for the month of February indicate that although the pre-war volume of traffic has not yet been reached, the port is well on the way to recover its old-time prosperity. During the month the following vessels reached Hamburg: 421 steamers and 41 sailing boats, in all 661 vessels with 71,000 tons. Of these boats 180 were German, 1 Danish, 9 Swedish, 15 Norwegian, 5 Danish, 143 British, 52 Dutch, 22 American, 5 Belgian, 15 French, 3 Spanish, 3 Italian, 1 Portuguese, 2 Brazilian and 9 Japanese.

During February 509 vessels left Hamburg, their nationality being: 214 German, 147 British, 17 American, 3 Danish, 9 Swedish, 28 Norwegian, 6 Danish, 45 Dutch, 15 French, 5 Belgian, 1 Italian, 1 Portuguese, 3 Brazilian, 6 Japanese, 3 Russian and 1 Finnish. Hamburg shipowners and business houses, however, are not in the least satisfied with the figures quoted and complain that inadequate harbor accommodation is driving foreign shipping away from the port. Naturally the Hamburg Senate admits the need for extensive harbor improvements but hesitates to authorize the new work until the amount of the government subsidy for the purpose is known. The suggestion that the rival port of Bremen in the meantime is capturing

### PIONEER FEMINIST LEADER IN BRAZIL ARRIVES IN U. S.

Will be Second Annual Observance in New Brunswick—Endorsed by Lieutenant-Governor.

Dona Bertina Lutz, pioneer feminist leader of Brazil, arrived in St. John, N. B., last evening.

Having accepted the chairmanship for National Hospital Day May 12th I will co-operate with the National Hospital Day Committee, Chicago, in the second annual observance of National Hospital Day in the Province of New Brunswick. The National Hospital Day movement is for the purpose of acquainting the people of the country with hospitals and hospital services and it has been highly endorsed by Hon. William Papeley, Lieutenant Governor of N. B., and many other leaders in public life. We hope that all the hospitals of New Brunswick will co-operate with the thousands of other institutions throughout North America in a uniform programme on May 12th. In most cases the hospitals will hold "Open House" and arrange exhibitions to give the people some idea of how really important is the service rendered by the hospitals. It is expected that 4,000 hospitals will arrange a programme for National Hospital Day and that one million people will visit their local hospitals then. Hospitals are necessities in the community and as all other necessities must be well known to the public and the establishment of hospitals must be supported then morally and financially. Following is the answer of the Lt. Governor to my letter asking for his kind endorsement: "I have much pleasure in extending to the National Hospital Day movement my most hearty endorsement, recognizing as I do the great benefit to the community of the habit of visiting hospitals upon the public and the desirability of giving to them all possible encouragement and support. I am yours sincerely, (Signed) William Papeley, Lieutenant Governor.

### COMPULSORY POWERS DENIED WHEAT BOARD

Opinion of Department of Justice Checks Furtherance of Progressives' Desires. Ottawa, April 19.—Re-constitution of the Canadian Wheat Board, with compulsory powers as requested in the memorandum of the Canadian Council of Agriculture and pressed for by Progressive members of the House of Commons, is ultra vires of the Parliament of Canada, according to an opinion by the Deputy Minister of Justice, R. L. Newcombe, and tabled in the Commons this afternoon by the Prime Minister, Hon. W. L. Mackenzie King. Mr. Newcombe, whose opinion is concurred in by Sir Lomer Gouin, Minister of Justice and by D. D. McKenna, Solicitor-General, holds that the appointment of a Wheat Board, with compulsory powers interferes with the rights of the Provinces and of individuals and is, therefore, against the provisions of the British North America Act, 1867. Parliament, however, has an undoubted right to create a board with voluntary powers.

They ask the following questions in connection with the mystery: Why was there not a more thorough excavation of the Rosedale dump where he was reported, recently, that four parties were seen on the night Small disappeared and whose actions aroused suspicion? Why has Detective Austin Mitchell full charge of the case? Have the detectives followed up the statement of the maid at the Small residence regarding a missing dress? What do the detectives know regarding letters missing from Ambrose Small's private office? Why was a hunting case watch found under Ambrose Small's pillow, and how is it that this and another watch owned by Small are now at the residence of the missing theatre magnate?

### Do You Envy English Woman's Complexion?

Mrs. Asquith, famous diarist, in a recent interview took occasion to remark that the Englishwoman's complexion is far more beautiful than that of the average American woman. The truth of this assertion is admitted, and is reluctantly, by all who have been in England. But Margot did not mention the fact that the ladies of her mention are much given to the use of what is commercially known as mercerized wax, remarkable as a facial rejuvenator. This wax has the peculiar property of absorbing the soiled and lifeless particles of scarf skin as they appear, the fresh new skin underneath, with its bloom of youth and health, then being in evidence. The process is quite harmless, causing no inconvenience. Mercerized wax can be had at drug stores here, as well as abroad, and it will procure about an ounce of it and apply a little at bedtime, like cold cream, washing it off mornings, you soon will behold in your glowing cheeks a close resemblance to the wonderful transparent beauty of the Englishwoman's complexion.

Best Long Distance Runner Eleven Years Ago Makes Wonderful Comeback. Boston, April 19.—The best long distance runner in the country eleven years ago proved himself the best today when Clarence H. DeMar, of Melrose, made a wonderful comeback to the second time in the Boston Athletic Association's annual American marathon road race. Not only did he defeat a field of the fastest hitters in the United States and Canada, including five other winners of this event, but he set a new record for the distance. DeMar's time of 3 hours, 18 minutes, 10 seconds for the 26 miles of rolling roads was 47 3/4 seconds better than the record made by Frank T. Zona, of New York (who was eighth today) in winning last year. It was three and one-half minutes faster than the time DeMar made as champion in 1911, which was itself a record. Second to DeMar was Willie Ritola, of New York, a newcomer to the American marathon, but always with in the first five today. He finished three minutes and a half behind DeMar in 2 hours, 21 minutes, 44 1/2 seconds. The next three men were: Albert Smoke, of Peterboro, Ont., the Indian, who is champion of Canada at long distances, time 2 hours, 21 minutes, 49 1/2 seconds; Victor McAuley, of Windsor, N. S., Maritime Provincial star, who finished in 2 hours, 24 minutes, 2 3/4 seconds; and Willie Kyronen, of New York, in 2 hours, 24 minutes, 4 1/2 seconds; Edouard Fabre, of Montreal, was tenth, his time being 2:28:35. DeMar is the second runner in the history of the American marathon to win the event twice. It was back in 1909 that J. J. Callroy, of Hamilton, Ont., gained his double success as mentioned annually since by previous winners. The winner lost four pounds on the trail. He weighed 123 pounds when he started. In 1911 when he won the marathon he lost 6 1/2 pounds, starting at 126 pounds.
