# WANT 'PHONES

There were several important matters up

before a well attended meeting of the resolution of 1906, endorsed by the asso-board of trade last night, chiefly, however clated Boards at Greenwood in Match last, connected with the visit of the British journalists, arrangements for whose recepb'on were authorized. The question of the press service western Canada .its nature and its pres-

ant pressure upon the publication of daily newspapers then came up. The members of the board considered the matter a sericus one and one that merited the utmost help of the board for in furthering its elioration they were helping the deve

opment of the country. A startling development was the introduction and passage of a resolution, which was endorsed by Mayor Gallet, that the present telephone service be ng inadequate the needs of the outlying portions of the city, a committee be appointed with SAD DROWNING FATALITY the end in view of considering public bwneiship of telephones of the private com-pany, and operating the lines would not meet the desires of the citizens.

There were present F. Starkey, presidnt, P. G. Ebbutt, scretary, D. C. MicMorrs, L. B. DeVeber, W. W. Beer, H. G. Good eve, P. Lamont, C. W. Busk, H. Byers, W. G. Gélett, J. M. Lay, E. B. McDermid, J. Johnson, A. W. Dyer, I. G. Nelson, S Brydges, Lezlie Hill, H. E. Douglas, J. A. Irving.

After the reading and adoption of the minutes of the previous meeting the question of the audit of the accounts was gone into. A trifling error having been cor-rected, the point was raised that whereas in December last the furniture of the club was valued at \$100 in the auditor's ac-count this was represented by a sale or \$11.25. On Mr. Brydges being called upon for an explanation he replied that he had sold a part of the furn'ture for \$11.25 but did not stay what had become of the remainder-a part had gone to the 20,000 club. Mr. Brydges could not remember what part of the furniture had been included in the \$11.25. Mr. Brydges was then instructed to hand in a detailed statement las to the disposal of the assets a motion that the audit by F. W. Swannel be adopted, being lost. The question of the entertainment of

the first party of British journalists visiting Nelson tomorrow then came up.

It was moved by A. W. Dyer and seconded by Jas. Johnstone that the recommen-dation of the council of the board as to the reception of the journalists be adoptand that the president nominate ommittee to arrange for their reception This, was unanimously adopted and the following committee was nominated: Messrs. Gillett, Busk, Byers, Hill, Beer, Johnson, Laly, Nelson, flamont, Princter, Deane, Joleman and Campbell. The same committee will act if the se-

cond party dec'de to accept the invia-tion extended to them. James Johnstone brought up the question

of telephonic communication between Nei-son and the nearby distitors. He had ap-proached the B. C. Telephone company for an extension but had been rebuffed and told that a telephone was not needed. He would, therefore, appeal to the government and to the citizens of Nelson with a wlew of getting a charter for the munici palization of the teephones. This, Mr. Johnstone thought, would result in a better and a cheaper service and wou'd certainly bring more trade to the c ity. C. W. Busk said that the La Plata Mining company and h'mself had put up for a line to the Molly Gibson landing which was being worked by the B. C. Te ephone company. That company offfered to rent telephones for 50 cents a month to people on the line but declared they would neither put up more lines nor become responsible for the upkeep of the present line. There were already eight people on the line, far too many. If the ranchers on the north side were to form a company to operate a regular telephone system then the B.C. hone company would refuse to con-25 people up to 13-Mile on the north shore all of whom would take telephones and ther up would also come in. Altogether at least 50 people would become subscribens.

J. M. Lay thought the B. C. Telephone company could not well be asked to extend inclined.

to get Central for the last six weeks. J. Johnstone moved that a committee all along the river and keeping a sharp

tained that steps be taken to formulate scheme of municipal ownership. Mayor Gillett thought a pole 1 ine could be built and the city supply telephonic ation and also light. He

The motion ,was carried unandmously and Messrs Johnstone, Busk and Irving were

appointed a committee. It was then moved by Alfred W. Dyer and seconded by James Johnstone, that: Whereas, the telegraphic news service of

western Canada is wholly within the power of the Canadian Paoific telegraphs, and Whereas, this service does not include mportant news from either the capital of the dominion or of the p rowince, which has to be paid for by newspapers as an extra, the extras often amounting to more than the amount formerly charged for the Associated Press service, \$175, and Whereas, the Canadian Pacific has now put up its rates for its Associated Press service to \$450 a month, an increase of \$275 a month, or over \$3000 a year, and Whereas, th's is a serious tax upon all

papers, especially the raily papers of the upper country, published in a country. arsely settled Be it therefore resolved, that this board petition the Canadian Pacific telegraphs at some relaxation be made in the sudnly onerous terms demanded so that it possible to adequately continue the cation of daily papers in the Kootnay, without which publication the Kootnay will suffer a serious drawback in its ndeavors to build up the country.. Further, that a copy of this resolution sent to the railway commission with a their good offices as inter ediaries in the matter.

W. Beer thought the matter very its daily papers would be shorn of much verting works of the British Columbia

Affter some further discussion the reso lution was passed unanimously. The following additional resolution was then moved and unan mously adopted. Moved by Alfred W. Dyer and seconded by W. W. Beer: Resolved that the board reaffirm its

of its importance and influence

with regard to the better support and naintenance of a press service especially n regard to the relations with the old country, and that copies of this resolution together with that passed at the Seenwood convention, be again forward-the cars have actually been shipped and ad to the dominion government, to the will reach the Boundary some time in ed to the dominion government, to the Canadian Pacific Telegraphs and to each nember of the party or panties of Bilish journalists now about to visit this city. W. W. Beer moved that a treat

appointed as distinct from the secretary. This was seconded by L. B. DeVeber and passed unanimously. The meeting then adjourned.

HAZARDOUS ATTEMPT TO SHOOT THE KOOTENAY RAPIDS

D. NOBLE OF TRAIL LOSES HIS LIFE

One of the most tragis of incidents connected with the Kootenay river is that fo the drowning of D. Noble of the Trail smelter, as related by W. J. Devitt of Trail, recently appointed here to fill the place of the chief of provincial police, but who is still resident in Trai'.

It seems that D. Noble and J. F. Miller of Trail, assayer and refinery superintend-ent respectively, had been in the habit for some time past of coming up the Columbla river from Trail and f shing at the mouth of the Kootenay and for the first mile or two up the river. Two miles above the mouth of the Kootenay is the rapid water just above Thrums. In this there is very good fishing. Time and again the couple have fished all day and then gone down by night to Trail, 30 miles away, the rapid river soon bearing them down the long miles. Occasionally they had fished the rapids between Thrums and the pool below Slocan Junction, but never had they shot the whole river from Slocan Junction down the Kootenay to its confluence with the Columbia and thence on to Trail down the bigger river. Indeed, the trip was co sidered extremely hazardous. However on Saturday last the two young men dedown from Slocan Junction, the water having fallen sufficiently in their opinion to make the trip feasible. Both men were good swimmers, Noble being one of the best athletes in Trail and Miller, though a smaller man, being powerfully built. They borrowed from manager LaBarthe of the smelter his collapsible canvas canoe, and to make assurance doubly safe, got from J. D. Anderson of Trail, two air cushions which it was their intent on to fasten into the boat so as to make it un-

sinkable in case of an upset. The pair went up to Slocan Junction on Saturday last and after fishing during Sunday morning at the pool below, pre-pared their boat and essayed the attempt. From appearances it is surmised that with the air cushions they had either om the to borrow or had forgotten to bring the air pump accompanying, for it is fairly evident fom the story that the air cushions could not have been used. With or without them they started and rowing down the quiet water before reaching Siccan cross-ing in the middle of Sunday afternoon they were launched on the first rapid water, just below the junction of Slooan river with the Kootenay. There was little trouble here with expert boat handlers and indeed the most dangerous of all the rapids were successful shot until the long reach of bad water just above Thrums was reached. Here the water rushes athwart the bed of the stream and the edddles are very powerful. Exactly what happened perhaps never will be known but the boat upset and sank, showing the air cushions either to have been displaced or unused. Each man struck out for himself, Miller making for the nearest land and after a nect with the city. There were at least hard struggle got to the south bank of the 55 people up to 13-Mile on the north shore river. He could see n o trace of his comrade and so far no trace has been found. also light. Dr. LaBau said ten more fur- Miller shouted himself hoarse in trying to raise his voice above the noise of the rapids but was neither seen nor heard unt'l yesterday morning.

its lines beyond the city if it did not feel of the house overlooking the river. lookned. Busk said he had not been able Central for the last s'x weeks. Ing vainly for her husband. In the morn-ing W. J. Devitt started up the river in the train for Nelson, making enquiries be appointed to interview the telepinene lack out on the river. No news was to be company and if no redress could be obincoming conductor said he had been flagged and told the story. All yesterder some 30 or 40 men searched the banks of the river, but so far the missing body of Noble has not been recovered. The deceased was a bachelor and known to be perfctly fearless in taking chances for his life, and though there is little surprise expressed at the outcome of so dangerout a hazard, yet his death will be keenly regretted.

A Rossland despatch gives a diffferent

version of the disaster, viz: Rossland, Aug. 5 - David Noble wat drown in Kootenay river at a point about two miles above Cast'egar on Sunday afternoon at about 3:25. He was fishing down the river with J. F. Miller from Slocan Junction. Noble was taking the canoe, which was of canvas, through the rapids at that point, while Miller ws fshing along the bank. The cance overturned and the last Miller seen of his companion he was clinging to it and being swept down the river. It was impossible for any swimmer to live in the boiling water in this portion of the river. Miller was unable to get to the north shore of the rive till the tain came along this morning.

### NEW CONVERTER PLANT.

## To Be Installed at Dominion Copper

Company's Smelter. Phoenix, August 4.-W. G. Thomas, manager of the Dominion Copper company, states that he has had plans drawn for a two-stand converting plant, to be installed at the company's smelter at Boundary Falls, which will be installed in the course of a few months. The matte from the Dominion Copper company's smelter has heretofore nt indeed and that Nelson without blown up to blister copper by the conTHE WEEKLY NEWS, NELSON, B. C. SATURDAY, AUGUST 10, 1907

thousand miles. In order to see this vigorous policy fully inaugurated, president Hayes and vice-president Morse will visit the Pacific coast early in September. A month will be spent in the north.

N.W. corner," situated at the N.E. corner S. Y. WOOTTON, (L. S.) Registrar of Joint Companies. The objects for which the Company

the point at issue before the council of the board of trade last night. There were present F. Statkey, in the

tertaining them there as guests of Mr. Busk and the citizens of Nelson, giving them an opportunity of fishing, and bring them back to Nelson, giving them dinner on board the lake steamer. This program was unanimously adopted and will be pre-In the meantime Mrs. Miller at Trail had was unanimously adopted and will be pre-sented to the board of trade th's even-ing for ratification.

Then came up the question of the se cond party of newspaper men, that of the provincial journalists. Unless some action were taken, M. Deane pointed out, these men would not be allowed to visit Nelson. The desirability of their visit in Font of view of best interests of the city was sicknowledged and pressed by all present. Hence a motion made by Ald. McMorris and seconded by P. Lamont, that they be invited here was unanimously endorsed and a telegram was immediately authorized to e sent to W. Whyte, who has charge o the party, spending last night on the road between Brandon and Regna, pressing the inclusion in their it nerary of Nelson, as the center of Kootenay life and indus try, on their return from the coast. This telegram has been sent and it hoped that a favorable reply will be re-

Vancouver, Aug. 9.-The Grand Trunk Pacific, after many delays, appears to have decided to rush construction or the Pacific coast section. In addition to building the hundred and eighty mile branch from Kitamaat to Hazelton, the ontract for which, as recently annound ed in The Daily News, was awarded to Messrs, Foley Bros., Lasen & Co., work main line section from tide water at Prince Rupert to Kitsalas can von on the Skeena river, comprising ndred miles, will be undertaken this fall. The contract for the last mention d section will be awarded within a fortnight. The company also intends to have work started this fall on a two hundred mile prairie section extending The gap intervening between Hazelmiles. Contracts for that portion of the main line will be awarded early next spring, and next summer will see con struction in progress for the entire dis-tance between Prince Rupert and Edmonton, a distance of approximately a

wory almost steadily for three years, has again been resumed at the Granby mines, this company having done more diamond drilling than all the other Boundary mining concerns combined. It is learned thta D. C. Coleman Kootenay-Boundary superintendent of the C. P. R., has given assurances once more that 100 steel ore dumps are now enroute from the Montreal shops, to be used in the Boundary ore traffic. Mine

Copper Co. at Greenwood.

Diamond drilling by Boyles brothers the contractors who have been at this

managers are in hopes that this time will reach the boundary some time this century, and so tend to relieve the shortage , which is so keenly felt by every shipping mine in this section. This week the first machine drill was started in operation at the mines of the Phoenix Amalgamated, recently purchased by the Consolidated Mining and Smelting Co. of Canada, Ltd. Work is being done on the War Eagle claim, and the property will be throughly prospected by the new own-ers, wro are also operating and ship-ping steadily from the Snowshoe mine

in this camp.

# THE VISITING JOURNALISTS

#### BOTH PARTIES HAVE BEEN INVITED TO COME TO NELSON

MEETING OF COUNCIL OF BOARD OF TRADE LAST EVENING

At a meeting of the council of the board of trade held yesterday afternoon at o'clock in the 20,000 club, the question of the visting parties of British journ lists was taken up and the council decided to

strongly recommend their entertainment here. It was felt that there could be no better advitising of the capibilities of the Kootenay than the interesting of the newspape men of the old county in the subject. To interest them all that was felt necessary to do was to show them the country intelligently and to treat them well while sojourning here. There are two parties of journalists both

which are touring through Canada unler the auspices of the C.P.R. and of the dominion government. In neither 'nstand were the visitors to be brought into the Kootenay despite the fact that this is the most interesting part of the west, whose mines have contributed so largely to the revenue and the fruit of which has chal-denged competison. They we've to be taken down to the coast over the main line of the C.P.R. and taken back in ez-denty the same way. cutting out the alteractly the same way, cutting out the alter-native return trip via Kootenay lake. The parties are, first, that of a number of London newspaper men, who are in touch with all parts of the empire and touch with all parts of the emplie and who are therefore men of influence, writ-ing daily for papers which have their taouch on the pulse of the affairs of the vast empire, called by air Charles Dilke "Greater Britain." Such men can be of infinite service in a general and indirect way, to the Kootenay. Let them but know the place and the conclusions at which they will arrive will be assued. The se-cond paty is also a puty of B tish news-nance men, but there men are not London paper men, but there men are not London men. They belong to the principal pro-vincial towns. They are in touch with the class of men who emigrate to C.nada from the old country, m n who are fmi-nently desirable settlers and the men who

not alone the Kootenay. With regard to the irst party a telegram has been sent inviting their presence in the city. The invitation was ac-cepted and the question then came up of how they were to be entertained. This was

are wanted by all parts o the dominion,

chair, Ald. McMonris, mayor Gil ett, F. Deane, P. Lamont and H. E. Duglas. After some discussion it was moved by F. J. Deane and seconded by mayor G lett that the party be entertained, if the day were fine, by taking them up in the steamer to the ranch of C. W. Busk, en-

ceived in time for tonight's board of trade.
