## Arrival of the Bohemian.

Father Point, Nov. 12. The steamship Bohemian arrived off here at 10 o'clock this evening. She left Liverpool at noon on the 29th and Londonderry n the 30th. The City of London reached Liverpool at 10 o'clock on the night of the

West India mail advices say the rebel privateer Georgia passed Falmouth and Ja-maica on the 13th. She left under full steam, and the same evening is believed to have captured a steamer.

There had been some little commotion in naval circles in England, owing to a rumor that the steam rams in the Mersey would be attempted to be taken to sea by force. Orders were received at Plymouth to send a

vessel round to Liverpool, and it is stated that after some indecision and countermands, the iron plated frigate Prince Concert had started for Liverpool. In the meancert had started for Liverpool. In the mean-time another gunboat reached the Mersey on the 28th, and was moved opposite Laird's yard, ready to start at a moments notice. The Morning star announces the French

Government has informed Mr. Dayton that authorization for the construction of several vessels of war now proved to be building in France for the Confederates, for certain cannon and munition for their armament has been withdrawn, and parties engaged in the business have been warned of the danger of prosecuting the work.

The Times publishes a letter from M Spence, of Liverpool. He is jubilant of the existing State of affairs for the South, and asks what more practical proof is needed of the absurdity of the scheme of conquest than that of cotton being quoted at 92c. in New York eighteen months after the occupation of New Orleans. France.-Rumors are current that the

French army will soon evacuate Rom leaving only a garrison at Civita Vecciah. and that Spain will send ten thousand troops to Rome. It was stated that the journey of the Empress Eugenie to Madrid vas not unconnected with this matter.

The Nation asserts that the French fir ances do not at present necessitate the loan f four million francs.

The Bourse continued heavy. Bullion continued to flow from the Bank of France Poland .- An order was issued that a persons having had passports vized at Wa saw are to quit Poland in one day. The citizens of Warsaw were ordered

carry lanterns in the evening, and no one was allowed out after nine o'clock.

A Saint Petersburg journal mentions that an American, named Perry Collins, has presented to the authorities a petition for the construction of a telegraph from Nicolaevsky, on the Amoor, to San Francisco. It will cross Behring's Straits, and pass through Sitka in Russian America. Since then we learn the petition has been granted, and we may hope soon to hear of the union of two continents, otherwise than by the sub-Atlantic cable.
